PART I.

REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12*th March* 1888.

READ THE FOLLOWING PAPERS :—

From the Superintendent, Revenue Survey and Settlement, To the Chief Secretary to the Dewan of Mysore, No. 916, dated Bangalore, 2nd February 1888.

I have the honor to submit the following proposals for the revision of the assessment of the Mandya Taluk of the French-Rocks Sub-Division of the Mysore District.

2. I attach a sketch map of the Taluk, as well as the usual report by the Officer who carried out the classification. In the latter, Mr. Butcher, Assistant Settlement Officer, gives a very useful and interesting description of the tract now being dealt with, and it will not be necessary for me to do more than notice, as I proceed, the salient points more immediately affecting the question of assessment.

3. The following is a statement of the maganis or sub-division of the Taluk. This statement is useful in directing attention readily to the various parts of the Taluk, the sub-division being fairly compact and distinctive :—

No.	Name of Magani.	Number of Government Villages.	Sarva Inam Villages.	Jodi Inam Villages.	Kavamgutta Villages.	Total.	Remarks.
1	Mandya	19	1	1	2	23	
2	Basral	45	2	...	...	47	
3	Dudda	36	1	...	...	37	
4	Yeliyur	17	...	...	...	17	
5	Kotatti	26	3	....	...	29	
6	Mudagere	24	...	...	1	25	
7	Maddur	13	...	1	...	14	
8	Atgur	25	1	1	...	26	
9	Ani	16	1	...	...	18	
10	Tippur	19	...	...	5	24	
11	Kudarguodi...	15	2	...	1	18	
12	Koppa	...	...	...	1	1	
		255	11	3	10	279	

The present report deals with the 255 Government villages still unsettled. The Koppa Magani, transferred from the Kunigal Taluk, has already been settled.

4. The Taluk of Mandya, now including the already settled Magani of Koppa, presents a fairly compact and, from a revenue point of view, convenient shape. The Head-quarters might be more central, but as fairly good roads feed the Railway Stations from the northern and more distant villages, the position of the Head-quarter town, Mandya, is less inconvenient than might at first sight be supposed. Besides Mandya, this Taluk possesses the important town of Maddur, situated on the

Shimsha river. Both Mandya and Maddur are Railway Stations on the Bangalore-Mysore line.

5. *Drainage.*—The Shimsha river waters the eastern portion of the Taluk, while the western is occupied by chains of rain-fed tanks, the drainage being always south-easterly towards the Shimsha. The country is gently undulating and on the whole very accessible. It is only moderately wooded with banyan, hippe and other trees, there being no jungle, but only some small scrub on the eastern and north-western boundaries.

6. *General position, Roads, &c.*—The position of the Taluk is decidedly favorable, it being intersected by the Bangalore-Mysore Railway line which runs almost alongside of the old Bangalore-Mysore road which latter as of course also the Railway Stations, are fairly well fed by roads from the more remote parts to the north and north-west. None of the villages to the south of the Railway line are very distant from it.

7. *Climate.*—The rain-fall is inferior to what is enjoyed to the west, and is only about 25 inches, but the climate is said to be healthy.

8. *Irrigation.*—Besides about 200 tanks used for irrigation, there is an important channel called the Maddur Ané, described by Mr. Butcher at para 8, led from the Shimsha and irrigating a large area on the right bank of the river, as well as feeding several large tanks. The area irrigated by this channel, or the tanks it feeds, is very large, there being 2,372 acres of rice and 933 acres of garden.

9. *General Condition.*—All things considered, Mandya must be regarded as a very well situated and prosperous Taluk, the defect, if any, being in the rain-fall which, if we can trust the returns, is less than that of any of the adjoining taluks hitherto settled.

10. *Soils.*—The soil in the dry lands is stated by Mr. Butcher to be on the whole poor and beyond doubt a large proportion of it is of the shallow, sandy and gravelly kind, but I should nevertheless be inclined to consider the soils of this Taluk, although black soil is rarely met with, as running through more gradations of our scale than are generally found in the regular red soil taluks like Bangalore, and the taluks to the north of it, where such remarkable uniformity of soil is the rule. According to the Mysore Gazetteer, cotton is grown in "the rich black soil "which is most abundant in Chamrajnagar, Nanjangud, Talkad and Mandya". This description applies very imperfectly, if at all, to the Mandya Taluk where black soil is very rare, and I observe that Mr. Butcher does not mention cotton as one of the crops met with. The soils in the wet lands are pretty uniform and of fair quality excepting in what Mr. Butcher calls the "reclaimed land" under the Maddur channel and, even here, the soils are gradually improving under careful tillage.

11. *Crops.*—The crops grown in dry lands require no particular mention, nor yet those in wet lands, excepting that in the latter, sugar-cane is not largely raised. The gardens call for some remark, not unfortunately on account of their productiveness, most of the areca trees having, as usual, been lost during the famine, but because they present peculiarities which assume importance in connection with the question of assessment. The gardens which now remain are chiefly stocked with cocoanut trees, plantains, and mulberry, with minor crops of chillies, vegetables, &c. The gardens are not of a superior order, nor are the sources of irrigation, generally speaking, important. Many gardens, especially mulberry, are dependent chiefly on position. In some places mulberry is grown on what is nothing more than good dry land. All these considerations, as will be seen further on, have led to the imposition, under my proposals, of a comparatively low garden assessment. The wells are described by Mr. Butcher as absolutely unimportant.

12. The following is a statistical statement of the resources of the villages under report compiled from the classification papers :—

Villages.	Houses.	Population.	Square miles.	Cattle.	Ploughs.	Carts.	Market Towns.	Remarks.
255	13,917	66,091	363	147,749	11,752	2,412	2	

The above figures denote a comparatively high state of agricultural property as taluks go in the Mysore Province. There is a population of 182 to the square mile, and the large number of carts is a satisfactory indication of progress. The number of cattle is extraordinarily large, and it is difficult to understand how the country can support so many, the grazing although pretty extensive being described by Mr. Butcher, at para 14, as poor in quality.

13. In conjunction with the above statistics, it will be advisable to note the manner in which the lands have been divided up by the Survey.

Description of Land.	Government.		Inam.	Total.		Grand Total, Government and Inam.
	Occupied.	Waste.		Occupied.	Waste.	
Dry Crop	107,784	11,361	6,372	114,156	11,361	125,517
Rice	7,928	395	948	8,871	395	9,206
Garden	2,866	29	87	2,953	29	2,982
Total.....	118,573	11,785	7,407	125,980	11,785	137,765
Unculturable Area including Village sites, &c. ...			...	...	...	94,262
Area of Whole Inam Villages ...			...	...	...	23,753
Total Area of the Taluk, 400 square miles.....						255,780

14. But few lands, it will been seen, have been allowed to lie waste and those chiefly dry crop. There are no kavals or forests. The total area of unculturable land is only 94,262 acres and I am at a loss to understand how so many as close upon 150,000 head of cattle can be supported.

15. *Past Revenue Management.*—As has been found to be the case in all parts of the Province, this taluk has never been surveyed, much less demarcated, while the classification of the land for purposes of assessment has, in the absence of any record of area, been without any useful results. The rates which are *supposed* to be in force, but which I need scarcely say, are purely nominal, range very high indeed, more especially as regards the dry assessment. I cannot do better than refer to the statement given by Mr. Butcher at the close of para 10, and at the same time subjoin the actual results obtained by applying the newly ascertained area, magani by magani, to the old collections under each head. It will be observed that the average rates thus obtained do not very materially differ from those given by Mr. Butcher, while both sets of rates are in absurd contrast to the old nominal rates furnished by the Amildar. Again taking the actual average rates in the following

statement, very uncalled for extremes exist. Generally speaking, however, the rate may be said to be far too low especially on dry land.

Number.	Magani.	Dry Crop.						Rice.						Garden.					
		Acres by Survey.	Old Collections.	Average Rate.				Acres by Survey.	Old Collections.	Average Rate.				Acres by Survey.	Old Collections.	Average Rate.			
1	2	3	4	5				6	7	8				9	10	11			
1	Mandya ...	11,966	6,968	0	9	4		1,321	5,586	4	3	8		192	510	2	10	6

7	Maddur ...	3,895	1,420	0	6	8		1,517	10,369	6	13	4		516	1,022	2	15	8	
8	Ané ...	7,744	2,906	0	6	0		1,212	6,179	5	1	7		315	280	0	14	2	
9	Atgur ...	11,830	5,396	0	7	4		449	2,692	5	15	18		460	245	0	8	6	
10	Tippur ...	6,480	3,542	0	8	0		416	3,270	7	13	9		431	238	0	8	10	
11	Kudargundi ...	8,496	9,522	0	6	8		335	2,105	6	4	6		183	96	0	8	5	
		107,781	51,672	0	7	8		7,923	43,594	5	8	0		2,866	3,073	1	6	2	

16. I have not, in the above statement, included wet and garden under the same head as I wish to show how faulty has been the division in the old accounts of these two descriptions of land.

17. Next, as regards the suppression, or at any rate erroneous record, of area in the old accounts, the following figures will speak for themselves :—

Description of Land.	By old Accounts, Acres.	By Survey Acres.
Dry	54,646	107,784
Wet, including Garden	8,589	10,789

The above figures are for the occupied area. The very great difference in the area of dry crop land is startling, but it is only what exists pretty well all over the Province in unsettled taluks, and bears out the remarks which I have to make in almost every Settlement Report regarding the uselessness, for any purposes of comparison, of the old nominal rates applied to a fictitious area. Too much importance need not be attached to the extraordinary discrepancy above shown, but it is only fair to let it explain some of the inevitably heavy increases under the Survey settlement, let the rates of the latter be in themselves ever so moderate. Wet lands, it will be seen, must have been more carefully measured on being given out for cultivation as the excess of area brought to light, although very considerable and important where such valuable lands are concerned, is relatively much less than in the case of dry lands.

18. I now come to the more immediate object of this report and will first show the collections during the last 25 years, the prices current during the same years being shown side by side with the realizations, for ragi and rice which may be taken as the staple crops.

Year.	Bijavari.	Total demand.	Remisison. On account of Alvi.	Remisison. On account of Poverty.	Balance collected.	Seers per Rupee. Paddy.	Seers per Rupee. Ragi.	Remarks.

19. The above figures denote very clearly that, whether owing to its naturally good resources or to its favorable position with reference to means of communication, or to both causes combined, the Taluk has come through the famine, in a very remarkable and satisfactory manner. We see the collections rising steadily from the very commencement of the period the figures cover, up to the last year of the famine, the first two years of that trying period producing but little effect on the collections. The end of the famine, however, was not to be denied its natural effect, high prices being no inducement to take up lands once loss of labor and of agricultural stock set in, and the collections fell off rapidly, but only to recover with equal celerity, until last year they reached the highest point ever known. I do not ascribe such results to the lightness of the assessment, but to the favorable

position of the tract with reference to the natural line of traffic, combined with the healthiness of the climate. The Railway has been of enormous benefit to the villages now under report more so indeed, relatively, than at places like Bangalore and Mysore which enjoyed many other advantages before the Railway came. The fertility of the soil I do not regard as at all exceptional and, as I stated before, the rain-fall is insufficient, consequently the satisfactory results indicated by the figures showing the past revenue history of this Taluk point clearly to the powerful influence of good means of communication, reading a lesson which might be taken to heart with reference to other parts of the Province where new roads are required or existing roads are in bad order. No extension of irrigation or increased production of food grains will bear their full fruit till the means of carrying them to the best market are provided.

20. The lump sum taken from the Taluk as revenue has, I think, sat very lightly upon it, and moreover, although much inequality of incidence is to be found, there are fewer extremes, notwithstanding the high nominal rates quoted, than in most unsettled Taluks. The old assessment has, on the whole, been decidedly moderate, the proof which is found in the small extent of land left unoccupied. There was nothing like the prohibitive rate on waste land so general in the Kolar District and when the presence of the Railway and a general good out-look gave a stimulus to cultivation, there was very fair facility afforded to capitalists for taking up land on favorable terms.

21. I have very carefully considered what would be a fair amount to take from the tract under report as revenue. That amount is limited by the necessity of adopting rates which must, as a matter of course, be in themselves reasonable and which shall moreover fit in fairly with rates already working well in adjoining settled Taluks. As a matter of fact, I believe the revenue would stand a very large increase, but as even the most moderate rates will have the effect of adding very largely to the existing revenue, I am inclined to take a line suggested by the settlements already sanctioned in the Mysore District, rather than from those of the Bangalore District. In the Mysore Taluk a maximum rate for dry crop of Rs. 2 was adopted. This was intrinsically a very low rate, in my opinion, but it involved a very large increase to the revenue in the Mysore Taluk and Government was well satisfied with the results. The climate of Mandya is inferior to Mysore as regards rain-fall which so much affects dry crops, and I must pitch the maximum dry rate, for the best villages of Mandya a little lower than was done in the best villages of Mysore. As regards wet and garden cultivation which are less affected by climate than dry crop and the produce of which is less bulky and more valuable and thus less affected by the question of carriage, I see no necessity for making any distinction, excepting in the case of the channel lands where I shall keep the maximum rate a little lower than was adopted for the Cauvery channels. I propose, therefore, in the spirit of the above views, to adopt the following grouping of villages and maximum rates :—

Group.	No. of Villages.	Maximum Rates.				Remarks.
		Dry crop.	Ordinary Rice.	Channel Rice.	Garden.	
I	118	1 14 0	8 0 0	9 0 0	10 0 0	
II	137	1 8 0				

The villages of the 1st group are those situated along, and near, the Railway, and the villages of the 2nd group are those further from the Railway and generally less favorably situated with reference to means of communication. Climate has not much room to differ in so limited a tract, nor do the wet and garden lands, the produce of which is less bulky and more valuable, require separate grouping. Means of communication have, therefore, been the sole, or at any rate the chief, factor in the operation of grouping.

22. The adoption of the above rates gives the following results on the occupied area :—

Class.	Number of Villages.	Dry. Acres.	Dry. Assessment.	Dry. Average Rate.	Wet. Acres.	Wet. Assessment.	Wet. Average Rate.	Garden. Acres.	Garden. Assessment.	Garden. Average Rate.	Total. Acres.	Total. Assessment.	Total. Average Rate.	Remarks.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
I	118	58,870	47,610	0 12 11	3,756	16,388	4 5 10	1,980	9,142	4 9 10	66,529	84,518	1 4 4	
				Channel	1,923	11,378	5 14 8							
II	137	48,914	29,609	0 9 8	1,795	7,200	4 0 2	886	3,076	3 7 7	52,044	42,306	0 13 1	
				Channel	449	2,421	5 6 3							
	255	107,781	77,219	0 11 6	5,551	23,588	4 4 0	2,866	12,218	4 4 3	118,573	1,26,824	1 1 1	
					2,372 Channel	13,799	5 13 11							

My remarks, at para 11, on the poor quality of the garden lands will be seen to be borne out by the above figures, the average rate of garden being less than that of rice. There are, however, more extremes in my garden assessment than in the rice assessment, some gardens being assessed as high as, but in no case higher than Rs. 10 and in some cases almost as low as the best dry crop land. All the rates are, I think it will be admitted, intrinsically light. In the statement the detail of rice and garden into ordinary and channel is given and may prove interesting.

23. The extent and assessment of waste assessed lands available for cultivation are shown below :—

Class.	Number of Villages.	Dry. Acres.	Dry. Assessment.	Dry. Average Rate.	Wet. Acres.	Wet. Assessment.	Wet. Average Rate.	Garden. Acres.	Garden. Average Rate.	Garden. Assessment.	Total. Acres.	Total. Assessment.	Total. Average Rate.	Remarks.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
I	118	4,370	3,101	0 11 4	153	693	4 8 6	11	32	2 16 7	4,534	3,826	0 13 6	
II	137	6,991	3,716	0 8 6	242	939	3 14 1	18	32	1 12 5	7,251	4,687	0 10 4	
...	255	11,361	6,817	0 9 7	395	1,632	4 2 1	29	64	3 3 10	11,785	8,513	0 11 7	

It will be seen that the unoccupied lands are a good deal inferior as indicated by the average rate, to the occupied lands under all heads, but still they are of very fair quality.

24. The next statement exhibits the extent and assessment of minor inam lands included in the village under report :—

Class.	Number of Villages.	Dry. Acres.	Dry. Assessment.	Dry. Average Rate.	Wet. Acres.	Wet. Assessment.	Wet. Average Rate.	Garden. Acres.	Garden. Assessment.	Garden. Average Rate.	Total. Acres.	Total. Assessment.	Total. Average Rate.	Remarks.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
I	118	3,212	2,578	0 12 10	576	2,796	4 13 8	67	308	4 9 7	3,855	5,682	1 7 7	
II	137	3,160	1,906	0 9 8	372	1,564	4 3 3	20	79	3 15 2	3,552	3,549	1 0 0	
...	255	6,372	4,484	0 11 3	948	4,360	4 9 7	87	387	4 7 2	7,407	9,231	1 4 0	

25. Finally, I show the result of the proposed settlement on all the arable land of the villages under report, occupied, waste and inam land, and at the same time bring into contrast the old collections and the new assessment in each group.

Class.	Number of Villages.	As per old Accounts.		As per Survey.								Remarks.
				Government Occupied.		Government Waste.		Inam.		Total.		
		Bijawari.	Collections.	Acres.	Assessment.	Acres.	Assessment.	Acres.	Assessment.	Acres.	Assessment.	
1	2	3	4	5	6	7	8	9	10	11	12	13
I	118	5,117	64,317	66,529	84,518	4,534	3,826	3,855	5,682	74,918	94,026	
II	137	3,100	36,092	52,044	42,306	7,251	4,687	3,352	3,549	62,847	50,542	
...	255	8,271	1,00,409	118,573	126,524	11,785	8,513	7,407	9,231	1,37,765	1,44,568	

The increase, relatively, is higher in the villages of the 1st than in those of the 2nd group, a result which no one will find fault with when the changed circumstances of the whole tract, and the now superior advantages of the 1st group are considered. They have been, in a considerably greater degree, more favorably, affected than the villages of the 2nd group, having the Railway and the still much used Mysore and Bangalore road almost at their doors.

26. Grazing, as a source of revenue, has been unduly insignificant and will, I think, beyond doubt yield much more under the new settlement, but any precise estimate I am quite unable to make. Rs. 1,423 were realized under this head in 1886—87.

27. The one anna local cess yielded in 1886—87 Rs. 7,436; under the new settlement the amount will be Rs. 7,926 on the occupied land, and Rs. 577 on the minor inam lands, in all Rs. 8,503.

28. I will now contrast the estimated results of the proposed settlement with the collections of 1885—86 excluding grazing in both instances.

	Rs.
Land revenue of 1886—87	1,00,409
Local fund	7,436
	1,07,845
Survey assessment on occupied lands	1,26,824
Local fund	7,926
	1,34,750

29. Excluding all calculations of separately levied cesses, there is an immediate gain of Rs. 26,415. But from this will have to be deducted pay to be provided for village officers, about Rs. 7,500, and included irrigation cess, in round numbers, Rs. 2,900. These deductions made, the net gain to Government will still, after securing two very useful and important measures, be very fair. I am sanguine that the waste assessed lands will be gradually taken up for cultivation.

30. In concluding this report I would remark that if the settlement I now propose is in error, the fault is certainly on the side of moderation, and that had it not been for the fact that the average rain-fall is, for some reason, not so good as in the taluks to the west or even towards the east, I should have been tempted to pitch

the rates a little higher than I have done. As it is, however, I trust my proposals will meet with the approval of Government. A settlement which involves an addition to the existing revenue of about 26 per cent seems, it must be confessed, to require no apology on the score of its moderation, but those who are acquainted with the hap-hazard character of the old Mysore land settlements will, I have little doubt, agree with me in thinking that the weight of the proposed settlement must not be judged solely from the increase it gives. Until the true area has been ascertained no real knowledge exists regarding the actual weight of the old assessment. A shrewd guess may be made regarding its general pressure and its inequality, but no real information is forthcoming as to whether the amount collected was large or small with reference to the occupied area. Mandya is a remarkable instance of this, as may be judged by the general effects of the settlement if put in the following manner :—

Description of Land.	Acres by Survey.	Old Collections.	Average Rate.	Survey Assessment.	Average Rate.
Dry	107,784	51,672	0 7 8	77,219	0 11 6
Wet and Garden together...	10,789	* 47,567	4 0 7	49,605	4 9 7

* Excluding miscellaneous revenue Rs. 1,170.

An average rate of only Re. 0—7—8 for dry lands like those of Mandya is very low, and taluks with nothing like so good resources may be found paying under the old settlement very much more. In short, the new survey rates are in themselves absolutely low and, as I stated before, the Taluk would bear a much higher assessment very easily. The explanation, therefore, which I have given of my reasons for not pitching my rates higher, is not quite uncalled for, more especially, as the limit of cultivation judging by the small extent of assessed waste land, has been nearly reached. I have perfect confidence in the suitability of the proposed settlement which, even if a little possibly attainable revenue is now foregone, will yield a steady, easily paid, and, as I have already shown, an increased revenue to the State. It is not of course possible to entirely ignore past realizations and when I find that the survey rates, however moderate they may be, will give a very large increase, I have invariably adopted the principle of keeping them as low as I consistently can. The Mysore Taluk was a very remarkable instance of the adoption of this principle, absolutely low rates giving a very large increase.

31. The usual classwar statement is appended. The other appendices are Mr. Butcher's report, sketch map, and list of inam villages, with nature of survey applied.

32. I hope to be able to give out the rates about the 15th March by which the Phut Phani and settlement papers will be ready, and shall, therefore, feel obliged by sanction being accorded to my proposals, as soon as possible, before the time above mentioned.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 1888.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 188.

Report on the Mandya Taluk by the Assistant Settlement Officer, Mysore Revenue Survey.

The Mandya Taluk is situated in the French Rocks (Sub-Division of the Mysore District) being about 60 miles from Bangalore and 25 from Mysore. It is of tolerably regular shape being about 25 miles from north to south and the same from east to west, and has an area roughly of 330 square miles.

2. *Boundaries.*—The Taluk is bounded on the north by Nagamangala and Kunigal Taluks, south by Malvalli and Seringapatam, on the east by Closepet and west by Seringapatam.

3. *General Description.*—Undulating, with no hills of consequence, though a fairly continuous line of hills borders it on the eastern side, with some of the same kind on the north-west ; these are covered with a low scrub jungle. The whole Taluk is moderately wooded with banyan, hippe (the wild olive) and other trees. The undulations are usually at right angles to the main drainage of the country, which in the eastern half of the Taluk is the Shimsha river (locally known as the Maddur Holé) running nearly due north and south, the tributary streams on either side running from east to west, and west to east. The tops of these undulations are in the northern part mostly rocky and stony, towards the south the appearance of the country is fairer and less sterile. The drainage of the western half of the Taluk is from north to south in an easterly direction.

4. *Sub-Divisions.*—The Taluk at present consists of 12 Maganis, of which the Koppa Magani was transferred to it from the Kunigal Taluk in 1882—83. The Arsinkere Magani containing 41 villages was transferred from Mandya to the Malvalli Taluk in 1886—87. The following statement shows the sub-divisions of the Taluk with the number of villages in each :—

No.	Name of Magani.	Sarkari.	Inam.	Kayamgutta.	Total.
1	Kasaba Mandya	19	2	2	23
2	Basral	45	2	...	47
3	Dudda	36	1	...	37
4	Mudagere	24	...	1	25

*Nature of the Inam is under enquiry.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 188.

Report on the Mandya Taluk by the Assistant Settlement Officer, Mysore Revenue Survey.

The Mandya Taluk is situated in the French Rocks (Sub-Division of the Mysore District) being about 60 miles from Bangalore and 25 from Mysore. It is of tolerably regular shape being about 25 miles from north to south and the same from east to west, and has an area roughly of 330 square miles.

2. *Boundaries.*—The Taluk is bounded on the north by Nagamangala and Kunigal Taluks, south by Malvalli and Seringapatam, on the east by Closepet and west by Seringapatam.

3. *General Description.*—Undulating, with no hills of consequence, though a fairly continuous line of hills borders it on the eastern side, with some of the same kind on the north-west ; these are covered with a low scrub jungle. The whole Taluk is moderately wooded with banyan, hippe (the wild olive) and other trees. The undulations are usually at right angles to the main drainage of the country, which in the eastern half of the Taluk is the Shimsha river (locally known as the Maddur Holé) running nearly due north and south, the tributary streams on either side running from east to west, and west to east. The tops of these undulations are in the northern part mostly rocky and stony, towards the south the appearance of the country is fairer and less sterile. The drainage of the western half of the Taluk is from north to south in an easterly direction.

4. *Sub-Divisions.*—The Taluk at present consists of 12 Maganis, of which the Koppa Magani was transferred to it from the Kunigal Taluk in 1882—83. The Arsinkere Magani containing 41 villages was transferred from Mandya to the Malvalli Taluk in 1886—87. The following statement shows the sub-divisions of the Taluk with the number of villages in each :—

No.	Name of Magani.	Sarkari.	Inam.	Kayamgutta.	Total.
1	Kasaba Mandya	19	2	2	23
2	Basral	45	2	...	47
3	Dudda	36	1	...	37
4	Mudagere	24	...	1	25
5	Yeliyur	17	...	...	17
6	Kotatti	26	3	...	29
7	Maddur	14	...	...	14
8	Ane	16	2	...	18
9	Atgur	25	1	...	26
10	Tippur	19	...	5	24
11	Kudargundi	16	2	1	19
12	Koppa	29	...	1	30
12	Total.....	285	13	9	309

This report has reference only to the 11 Maganis, the survey settlement of the Koppa Magani having already been effected.

5. *Population.*—The population of the above 11 Maganis before the late famine by the village accounts or khaneshumari was reckoned at over 99,000 souls according to the figures obtained from the abstract of the Census of 1881, it was only 64,921 showing the large discrepancy of over 30,000. It is difficult to account for this large loss. This Taluk suffered undoubtedly a good deal in the famine.

6. *Rain-fall.*—The subjoined table furnished by the Taluk authorities gives the rain-fall during the past 20 years:—

Year.	Inches.	Cents.	Remarks.
1867—68	16	20	
1868—69	19	10	
1869—70	18	5	
1870—71	22	10	
1871—72	20	35	
1872—73	21	45	
1873—74	11	61	
1874—75	22	59	
1875—76	5	1	Year of Famine.
1876—77	19	61	
1877—78	24	20	
1878—79	26	64	
1879—80	23	27	
1880—81	38	10	
1881—82	30	5	
1882—83	40	66	
1883—84	52	40	
1884—85	37	40	
1885—86	31	92	
1886—87	31	92	
Average	25	37	

This gives an average of over 25 inches, and though the figures cannot be relied on entirely, I do not think that they are far out as I find that the rain-fall at Mysore during the same period was 29 inches. There can be no doubt that Mandya does not get so much rain as Mysore.

7. *Irrigation Tanks.*—The Taluk is fairly well provided with tanks, there being over 200 which are used for irrigation. The tanks have had a good deal of attention paid to them by the Public Works Department. There are some 29 fairly large tanks, 61 are of medium size and 128 small. With the exception of the Maddur tank, there are none of much importance. The Maddur tank is fed by a channel from the Shimsha river taken off by an anicut in the village of Kilgatta, and has besides a large catchment area to the west and north of it. This tank is of the first class, from it there are 3 raj-kalves, the Bairan, Kemman and Hoskalves, the latter being at a higher level than the 2 former, still the water-supply in all may be said to be perennial.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 1888.

8. *Channels.*—There is one channel, the ané channel as mentioned above; taken from the Shimsha and terminating in the Maddur tank, its length in a direct line is about 8 miles, following its sinuosities perhaps 12 miles. This feeds various tanks on its way and irrigates the whole of the country below its level between it and the river to the east. The water-supply from the sluice gates is continuous up to about the end of March, after which usually it is let down for 10 days in the month. The anicut is one of modern construction erected by (I believe) the late Colonel Johnson and seems a very strong and solid work. A great deal of a poor kind of soil has been brought under irrigation by this channel as well as the better kinds lying under the tanks fed by the channel. Such poorer kinds of soil improving each year from the tillage necessary for the production of rice. The remains of another channel from the "Chik Holé" to the Kestur tank are to be seen, but this has been out of repair and use for about 70 years, and at present is of no service either as a supply to the tank or for irrigation below itself.

9. *Wells.*—There is not one of importance that has come to notice in the garden lands here, and there are small gundis and "yata" wells but nothing to call for report.

10. *Soils.—Dry Crop.*—The soils taken as a whole are poor, being of the sandy and gravelly description, shallow and in some places very stony, especially in the northern part of the Taluk in the Mudagere, Basral, Dudda and Atgur Maganis where the high lying lands are very stony and shallow. Good red soil is found in the hollow in the central portion of the Taluk and on the eastern banks of the Shimsha to the south. Black soil is rarely met with.

Wet Crop.—The soil of the wet lands is fairly uniform and of fair quality below the different tanks, good brown loam being met with here and there. Sand is the predominating fault. Some of the wet crop lands under the channel, "reclaimed land" as it might be called, is of a poor description, but generally the wet crop soils may be considered very fair.

11. *Crops.*—The dry crops are those usually met with in any Maidan Taluk in Mysore, ragi, samé, baragu, harka, hutchyellu, avare, togari and castor-oil are grown considerably mixed, with perhaps the exception of hutchyellu which though not extensively grown is always by itself, about half the land is sown with ragi, a quarter with togari and the other crops in the remaining quarter. The javari is sown to a considerable extent during the early or "Mungar" rains. The wet crops are rice, a small amount of sugar-cane and mulberry of which there is a considerable quantity, especially, in the eastern portion of the Taluk.

12. *Garden.*—The gardens of this Taluk suffered greatly in the drought of the year of famine and have lost most of their areca trees, cocoanuts being left standing. The chief garden crops are patches of betel-creepers, plantains and mulberry, besides minor crops of chillies, vegetables, &c. I do not remember to have met with any really good gardens in the portion of the Taluk classed by my establishment.

13. *Manure.*—Manure is deficient. There are few "Honge" trees, the leaves of which in other parts are such an invaluable manure for rice lands. A crop of hutchyellu or other inferior crop is grown in rice lands after the harvest and is then ploughed in to furnish the manure and replenish the rice lands. Silt from tanks is largely used both in wet and dry soils.

14. *Grazing.*—Grazing is generally abundant though poor in the quality of the grass produced.

15. *Forest and Kavals.*—None

16. *Rates of Assessment.*—The nominal rates at present in force in the Taluk are given by the Amildar for dry crop from Rs. 1—9—6 to Rs. 93 per khandi, the highest rates being in the Mandya, Dudda, Maddur and Kudargundi Maganis, but no explanation is forthcoming as to the cause of the highest rates. The rates for tari under tanks run from Rs. 3—14—0 to Rs. 9—4—0 per khandi, and bagayat from Rs. 2—8—0 to Rs. 13—0—0. The following table gives the actual rates per acre as ascertained at test, but the figures cannot altogether be relied on as the

Shanbhogs, though repeatedly ordered to be present at test, failed to put in an appearance and the figures were subsequently taken from their books in conjunction with the entries in the classer's books :—

Magani.	Dry Crop.		Rice.		Garden.	
	Rs.	A.	Rs	A.	Rs.	A.
Tippur	1	0	5	0	4	0
Atgur	0	8	6	0	1	10
Maddur	0	8	5	0	13	0
Kudargundi	0	4	8	0	6	0
Ane	No return.					
Basral	0	11	4	0	...	...
Dudda	0	12	4	4	...	...
Mudagere	0	12	6	8	6	5
Yeliyur	0	10	5	0	...	...
Kotatti	No return.					
Mandya	0	12	6	0	...	...

17. *Imports and Exports.*—The chief imports are salt, piece-goods, brass utensils, kerosine oil, &c.

The exports are ragi, oil-seeds, rice, coarse cotton cloths and cumblis.

18. *Manufactures.*—There are none of importance. Coarse cotton cloths or kadis are made in a good many villages and a better kind of cumbli. Kasaba Mandya, Satanur, Umadahalli and Hoskere of the Ane Hobli and Kasaba Mudagere are the chief places where these cumblis are made.

19. *Looms.*—There are 917 cloth looms in the Taluk and 282 looms for the manufacture of cumblis.

20. *Roads.*—The rail runs from north-east to south-east through the Taluk from Bangalore to Mysore, a station being at Maddur and another at Mandya. There is a railway feeder road from Koppa to the Maddur station recently completed. The old main road from Bangalore to Mysore (which is extensively used notwithstanding the railway) and a branch from that to Malvalli and Sivasamudram, also a branch to Kunigal and Tumkur. These roads are in the eastern half of the Taluk. On the western side there is a fair road running from north to south from Basral to Mandya and from Mandya south to Bannur and Seringapatam. These roads are fairly well kept and the Taluk may be considered well supplied with roads.

21. *Markets.*—The Taluk is singularly deficient in market towns, there being only two for the south, one weekly market being held at Mandya on a Friday and another at Nidagatta on a Thursday; both these are on the old Bangalore-Mysore road. In the extreme north they have a market at Koppa on a Sunday.

22. *Cattle, &c.*—Cattle are fairly numerous though of an inferior kind; some good plough and bandy bullocks are, however, met with in most of the large villages. Sheep also are very numerous.

23. *Condition of the People.*—The people of this Taluk are fairly prosperous and industrious and mostly agricultural A number, both Musalman and Hindus, keep silk worms, the cacoons being sent principally to Channapatna where the silk is wound. The country generally is healthy, though Maddur itself is said to be feverish.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 1888.

From the Sub-Division Officer, French Rocks, To the Superintendent of Survey, Mysore, No. 895, Camp Seringapatam, dated 1st March 1888.

With reference to the official Memo of the Deputy Commissioner of Mysore, No. 2475—707, dated 6th ultimo, forwarding for my opinion your report No. 916 of the 2nd ultimo, containing proposals for the revision of the assessment of the Mandya Taluk, I have the honor to state in reply that I have carefully gone through the report and find the proposed rates to be fair and equitable when they are considered with the rates fixed for the Mysore Taluk which is superior to Mandya in point of rain-fall.

2. The grouping of the 1st class villages has been made with due regard to their relative situation from the railway line. Among these villages, some, though situated very near the railway line, do not possess such an easy means of communication as those that are situated near the railway stations, and have to undergo the same amount of trouble and to bear the same expense to carry their produce to the railway stations as some of the villages grouped under the 2nd class. Therefore I suggest the marginally noted villages may be brought under the 1st class. Some of these villages are traversed by good roads leading to the railway stations and the Bangalore-Mysore road, and the rest are situated very near such roads. They are unequal to none of the 1st class villages in point of population, ploughs, cattle and carts. The result of bringing them under the head of 1st class villages will be a very slight increase of revenue on the past collection, but this increase is nothing more than nominal when the extent of land is taken into consideration.

Basral, Sivhalli, Dudda, Kergod, Maraliga and other villages adjoining these roads—
Mandya-Basral road.
Mandya-Melkote road.
Maddur-Koppa road.

3. I beg to return herewith your report and its enclosures.

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Dewan of Mysore, No. 1008, dated Bangalore, 3rd March 1888.

I have the honor to forward the marginally noted papers connected with the proposed revision of the assessment of the Mandya Taluk of the French-Rocks Sub-Division of the Mysore District.

1. Survey Superintendent's report, No. 916, dated 2nd February 1888 with accompaniments.
2. French-Rocks Sub-Division Officer's letter No. 895, dated 1st March 1888.

2. The Sub-Division Officer, whose opinion on the proposed settlement was asked for through the Deputy Commissioner, expresses himself as satisfied regarding the suitability of the proposed settlement.

3. The only suggestion the Sub-Division Officer makes is that a few villages, 23 in number, as I have ascertained by consulting the map, should be transferred from the 2nd to the 1st class as they are situated on the railway feeding roads specified in para 2 of his letter. I quite admit the force of the suggestion. The transfer of these 23 villages, opposite each of which a note will be found in the classwar statement, as suggested, will increase the proposed assessment of the occupied lands by about Rs. 1,000. Only the dry lands are affected and it is a question whether the condition and permanent character of the roads alluded to will justify the transfer of the villages in question from 2nd to 1st class. I think the transfer is justifiable as undoubtedly the position of the villages is favorable. I had already placed all villages within reasonable distance of the railway-stations in the 1st class, those now under reference being villages somewhat distant but still on the roads alluded to by the Sub-Division Officer and possessing the means of reaching the railway stations with comparative ease. If it is considered worthwhile to make the recommended transfer, I will take immediate steps for altering the rates. On this particular point, I would solicit early instructions as time is an object when the rates have to be recalculated. The Sub-Division Officer's suggestion is a very sound one and fully deserves consideration.

4. I shall feel much obliged by sanction to proceed with giving out the rates being accorded in anticipation of the final and more detailed review of my proposals. I need scarcely repeat that I feel fully assured that the proposed settlement is liberal and will work well.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 1888.

CAMP No. 2843-51, DATED MYSORE, 12th MARCH 1888.

ORDER THEREON.—The papers above read relate to the revision of assessment in the 255 Government villages comprising the unsettled portion of the Mandya Taluk. The Koppa Magani, transferred from the Kunigal Taluk in 1886, having already been settled, is excluded from the present settlement.

2. The Taluk is favorably situated as regards communications. The Mysore-Bangalore Railway intersects the Taluk, and the existence of good roads joining the more remote portions with the Railway stations of Mandya and Maddur affords great facilities for the disposal of produce, and is otherwise an important factor in the general prosperity of the Taluk. The climate is healthy, but the rain-fall, about 25 inches in the year, is smaller than in the surrounding taluks. The soil is generally poor. The whole of the Taluk, especially the Dudda and Basral Maganis, suffered severely during the Famine of 1876—78, but it is evident that the population have already recovered from the effects of the Famine.

3. The population is about 182 to the square mile. Out of a total cultivable area of 137,765 acres, only 11,785 acres or about 8·5 per cent remains unoccupied. There are 2,412 carts and so many as 147,749 head of cattle.

4. The existing rates of assessment are very unequal but are generally very low in the case of lands classed as dry. A possible explanation of the large number of cattle which the Taluk is able to maintain with only a small area of unoccupied land and unculturable waste is to be sought in the fact that a large extent of dry land is held on almost nominal rates, and is used for purposes of pasture. This circumstance as well as the small average rain-fall indicate the necessity for special moderation in the settlement of the dry lands of this Taluk. The maximum dry rates proposed by the Superintendent of Revenue Survey and Settlement are Rs. 1—14—0 for group No 1 and Rs 1—8—0 for group No. 2. These rates are, in the opinion of the Government, extremely moderate, and they compare favorably with those adopted in the neighbouring taluks of the Mysore District as shown below :—

	Maximum dry rate.	
	Group I.	Group II.
Mysore Taluk	2 0 0	1 12 0
Attikuppe „	2 0 0	1 12 0
Yedatore „	2 0 0	1 12 0
Channarayapatna „	2 0 0	1 14 0
Mandya Taluk	1 14 0	1 8 0

5. The Taluk is divided into 2 groups for purposes of assessment, the villages situated along and near the Railway being classed in the first group. The proposed maximum rates as specified in the margin give the following results :—

	Dry Crop.	Ordinary Rice.	Channel Rice.	Garden.
	Rs. A.	Rs.	Rs.	Rs.
Group I.	1 14 0	8 0 0	9 0 0	10 0 0
Group II.	1 8 0			

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 12th March 1888.

Description of Land.	Acres according to Survey.	By Accounts of 1886—87.		By Survey.	
		Assessment.	Average rate.	Assessment.	Average rate.
		Rs.	Rs.	Rs.	Rs.
Dry crop	107,784	51,672	0 7 8	77,219	0 11 6
Rice { Channel	2,372	43,594		13,799	5 13 11
Rice { Ordinary	5,552		5 8 0	23,588	4 4 0
Garden	2,866	3,973	1 6 2	12,218	4 4 3
Total.....	118,573	99,239	...	1,26,824	...

6. Compared with the collection of 1886—87, the increase of revenue expected from the proposed settlement is Rs. 27,585, but this will be reduced to Rs. 17,185 after making provision for the pay of the Village officers Rs. 7,500 and for allotment to the Irrigation Cess Fund Rs. 2,900. It will be noted that nearly the whole of the gross increase is under dry land, and is obtained notwithstanding the specially moderate average rate of Rs. 0—11—6 per acre. The garden classification under the old and the present systems being so totally different, no useful comparison can be instituted between the old and new garden rates, but taking garden and rice lands together, the revenue expected from them is about Rs. 49,600 against an actual collection of Rs. 47,567 in 1886—87: but as the latter figure does not include the Irrigation Cess (about Rs. 2,900) which will cease to be a separate levy on the introduction of the settlement, the proposed revision of garden and rice assessment results in a loss of about Rs. 1,000. His Highness' Government are satisfied that the settlement proposed is in itself essentially fair, and very moderate in its incidence, and they accordingly sanction its introduction into the unsettled portion of the Taluk with the usual guarantee for 30 years.

7. The Sub-Division Officer's recommendation, concurred in by the Survey Superintendent, for the transfer, from the 2nd to the 1st group, of 23 village situated on Railway feeder roads in the Taluk, is approved.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Mysore Revenue Survey and Settlement.
The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts and Heads of Departements for information.

REVENUE

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 9th April 1888.

READ THE FOLLOWING PAPERS :—

The following Minute by the Dewan of Mysore :—

HOT WEATHER SUPPLY OF WATER TO LANDS UNDER RIVER CHANNELS.

References.

1. Paras 21, 22, Revenue Survey Superintendent's letter No. 826.
2. Order thereon Camp No. 5, dated 28th February 1883.
3. Further Order Camp No. 8, dated 12th March 1883.
4. Revenue Survey Superintendent's No. 585, dated 29th November 1883.
5. Order thereon No. 253-63—2, dated 16th April 1884.
6. Letter from Survey Superintendent to Superintending Engineer, No. 139, dated 13th May 1887.
7. Letter from the Deputy Commissioner of the Mysore District, No. 741, dated 18th February 1888.

There exists apparently a misunderstanding in the Ashtagram Channel Division, Public Works Department, as to the effect of the Revenue Survey Settlement, on the right of channel lands to a hot weather supply of water. The Executive Engineer appears to think that the Revenue Survey carried out its classification of channel lands on the basis of only one crop being taken from under the channels, that the assessment on the lands in question did not include the value of water during the hot weather (*i. e.* January to June), and that therefore a hot weather supply could not be given. This conclusion is erroneous. As regards lands under the Hemavati channels in Hole-Narsipur, the classification was upon the basis of a perennial supply of water, and the rates adopted were satisfactory, as sugar-cane cultivation and the use of water in the hot months were established facts. But when we came to classify the channel lands under the Kaveri in parts of the Arkalgud Taluk transferred in December 1882 to Yedatore, it was found that the people had as a general rule no experience of the use of water in the hot weather, and the Government had to decide regarding a proper system of classification for all channel lands, the Arkalgud lands being the first of the kind of any appreciable extent brought under survey operations. The subject was fully discussed and the decision of the Government is given in Proceedings Camp No. 253-63—2, dated 16th April 1884.

2. The effect of this decision is that existing hot weather supply, wherever it exists, should be continued and the Public Works Department will be requested to give effect to this arrangement.

3. The above rule applies not only to sugar-cane cultivation generally but also to garden cultivation, such as that of Tippur reported upon by the Deputy Commissioner of Mysore in his letter No. 741, dated 18th February 1888.

4. The gardens were made on the faith of a hot weather water-supply and have always enjoyed such a supply. It is perhaps only in the hot weather they require water from the channels, as during the rest of the year the moisture in the soil is found sufficient for all practical purposes. Their very existence presumes a hot weather supply.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 9th April 1888.

5. In short, the simplest plan is to give a hot weather supply wherever it has been usual to give it, *i. e.*, in established sugar-cane tracts and garden tracts. The ryots in such cases can claim it as a matter of right as the assessment in their case is based upon the existing supply, including a hot weather supply where such exists. In regard to other tracts, the Government should give a hot weather supply *as far as possible* so as to encourage new sugar-cane and garden cultivation. This will at present be only a matter of concession, and can only be granted consistently with the efficient conservancy of the channels. I believe that extension of sugar-cane or garden cultivation, as the result of such a concession will be very slow indeed, and I am of opinion that it would be extremely undesirable to tax the hot weather water-supply thus newly given. The Government have however the right to do so, but it is not desirable to do so until the capacity of our channels are considerably improved and our ryots generally await themselves of the increased water-supply thereby given. So long as the capacity of our channels remain unaltered, the existing assessment (whether based on one crop or not) should not be disturbed.

6. I have given very careful consideration to Colonel Grant's letter No. 139, dated 13th May 1887. I am of opinion that if, in stray cases, we attempted to put on an additional assessment in consideration of hot weather supply newly given, our action would not only be misunderstood but would have the effect of discouraging a valuable kind of cultivation and thus of retarding local prosperity. The revenue involved would be small and, though lost for the remainder of the settlement, would come in at any general re-classification which the Government may hereafter sanction. The same objections would not apply when Government improve the capacity of the existing channels with the express view of giving a hot weather supply, and when large defined tracts profit by such improvement. To regard the assessment now fixed as including the full value of the maximum water-supply which our present channels are capable of giving is simple and beneficial to the ryot and must accordingly be followed.

7. Wherever it has been usual to give a hot weather supply for the domestic use of neighbouring towns, such supply should be continued. Saligram and Maddur are instances in which the Channel Department has now or till recently cut off such supply. Whenever it is necessary to cut off such supply, due regard must be paid to the convenience of the population dependent upon it for its domestic purposes.

ORDER No. 118—127, DATED CAMP MYSORE, 9TH APRIL 1888.

Ordered that the above Minute be communicated to the Secretary, Public Works Department, to the Deputy Commissioners of Districts and to the Superintendent of Revenue Survey, for information and guidance.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Secretary, Public Works Department.
The Deputy Commissioners of Districts.
The Superintendent, Revenue Survey and Settlement.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 30th April 1888.

READ THE FOLLOWING PAPERS :—

From the Deputy Commissioner, Shimoga District. To the Chief Secretary to the Dewan of Mysore, No. 688—R. 653, dated 24th February 1888.

With reference to Dewan's Proceedings No. 3683-92—Cr. 98, dated 17th September 1887 publishing Rules (Notification No. 121, dated 17th September 1887) for the grant of Government land for garden cultivation, I have the honor to remark as follows :—

2. In rule 3, the minimum area to be granted is put down as 2 acres. This from the context appears to me, to apply only to the Maidan. It was interpreted as applying to the Malnad also and many applications were rejected by the Amildar of Tirthahalli. I have asked the Amildar to send up all applications and told him that I should make special reference to Government on the subject.

3. The gardens in the Malnad, as Government is aware, are very small in many instances, and bits of 20 guntas and even less are not infrequent. I would modify the last sentence of Rule 3 thus—

"The minimum area shall be 2 acres in the Maidan and 10 guntas in the Malnad."

From the Chief Secretary to the Dewan of Mysore. To the Superintendent. Mysore Revenue Survey and Settlement, Camp No. 2800, dated 10th March 1888.

Dewan's Notification No. 121, dated the 17th September 1887, publishing Rules for the grant on favorable terms of Government land for garden cultivation.

Referring to the above, forwards herewith copy of letter No. 688—653, dated 24th February 1888 from the Deputy Commissioner of Shimoga, suggesting that the minimum limit of area prescribed in para 3 of the above Notification be fixed at 2 acres for Maidan and 10 guntas for Malnad Taluks, and enquires whether he has any remarks to make to the proposed amendment.

From the Superintendent, Mysore Revenue Survey and Settlement, To the Chief Secretary to the Dewan of Mysore, No. 1052, dated Mandya, 20th March 1888.

I have the honor to state in reply to your letter No. 2800 of the 10th instant that I consider the minimum of 10 guntas proposed by the Deputy Commissioner to be substituted for 2 acres in Rule 3 under Dewan's Notification No. 121, dated the 17th September 1887, to be too small. If there are small garden holdings in the Malnad, there are also large garden holdings but, apart from individual occupancy, the stretches of garden are in many places very extensive.

2. It appears to me that if an applicant took up 10 guntas now under the kaul he would be almost certain to want to add to it later on and consequently a far larger number of applications would have to be dealt with than appears necessary.

3 The applicants perhaps have an idea that they would save something out of the 4 annas per acre charged till completion of kaul, but as fractions under 4 annas are not allowed in the accounts they would save nothing.

4. I regard a lower minimum than 1 acre as quite unnecessary. There is nothing unreasonable in expecting an applicant under the Rules now in question, to select one acre. The selection of such a small area as 10 guntas appears to me to represent more picking and choosing than is quite fair to Government.

CAMP No. 279—87, DATED 30TH APRIL 1888.

ORDER THEREON.—After consideration of the papers above read, the Government direct that the minimum area specified in Rule 3 of the Rules published with Notification No. 121, dated 17th September 1887, be reduced to one acre in the case of the Malnad Taluks. Such reduction will be at once duly notified.

2. The Deputy Commissioner of Shimoga will however be requested to submit a list of all applications for lands of less than one acre in extent, with reasons, if any, for thinking that they should be granted. On receipt of this report, it will be decided whether a still further alteration is called for. If, in the large majority of cases, the one acre limit, as now fixed, is not productive of hardship, there would be no necessity for any further reduction. If, on the other hand, it can be conclusively shown that the one acre limit will prevent a considerable extension of garden cultivation otherwise possible, then the Government will consider the advisability of a further reduction of the minimum.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Shimoga District.
The Deputy Commissioners of other Districts.
The Survey Superintendent for information.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 10th April 1888.

DEWAN'S NOTIFICATIONS.

Camp No. 141, *dated the* 10*th April* 1888.

In supersession of the order contained in the late Chief Commissioner's Proceedings No. 6092—G. 67, dated 21st November 1874, and No. 6933—Gl. 79, dated 21st December 1874, the following rules are prescribed regarding the appointment of subordinate officials of the establishments of the Deputy Commissioners, Assistant Commissioners, Amildars and Deputy Amildars and of other Revenue and General Departments :—

I. Every Deputy Commissioner and Assistant Commissioner may appoint, suspend, or remove ministerial officers of his establishment; such orders passed by the Assistant Commissioner shall be subject to approval of the Deputy Commissioner; appointments, suspension and removal of officers whose monthly salary exceeds Rs. 40 shall be subject to the confirmation of Government.

II. Every Amildar and Deputy Amildar may, subject to approval of the Deputy Commissioner, appoint, suspend or remove officers of his establishment, whose monthly pay is less than Rs. 15 a month. The appointment, suspension and removal of Taluk Officers other than Amildars, Deputy Amildars and Taluk Sheristadars, whose monthly salary is, or exceeds Rs. 15 per mensem, shall rest with the Deputy Commissioners.

III. Appointments of Taluk Sheristadars and all appointments in other Revenue and General Departments, the monthly salary of which exceeds Rs. 40, shall be made subject to the confirmation of Government.

No. 3. *dated* 12*th April* 1888.

The claims of Candidates for admission to the Superior Government Service in the Revenue and General Departments shall, in the case of appointments for which no special departmental tests are prescribed, be regulated according to the following rules :—

I. Claims of Candidates for admission shall be accorded preference in the following order in filling appointments, of which the salary is Rs. 30 or less per mensem :—

(*a*) Graduates of any Indian University.
(*b*) Candidates who have passed the First Examination in Arts in any Indian University or in Civil Engineering, or the final examination of the Agricultural School at Madras.
(*c*) Candidates who have passed the Matriculation Examination of the Madras University.
(*d*) Candidates who hold a diploma of proficiency in Sanskrit from the Sanskrit College at Mysore, and have also passed the Mysore Local Vernacular Examination or the Middle School Examination taking Kanarese as the only or optional language.
(*e*) Candidates who have passed the Mysore Local Vernacular Examination or the Middle School Examination of Madras.

[*Note.*—1. All Candidates specified above must be able to read Kanarese manuscripts fluently.
2. Candidates specified in clauses (*d*) & (*e*) will not be eligible for appointments for which a knowledge of English is necessary, unless they possess such knowledge.

3. After 1st April 1888, no vacancy the salary of which exceeds Rs. 15 per mensem shall be filled up with men not qualified in one of the ways specified in this Rule, except upon the express ground (to be recorded by the officer making the appointment) that no Candidate so qualified is, after due enquiry, found to be forthcoming.]

II. Notwithstanding anything contained in Rule I, the claims to promotion of competent officials of approved service of not less than 5 years, shall receive every consideration, when vacancies occur of appointments the salary of which does not exceed Rs. 30 a month; as among officials with service not exceeding 5 years, or where no official with longer service is considered sufficiently qualified, the order of preference laid down in Rule I shall be observed —

III. In promotions to appointments the salary of which exceeds Rs. 30 per month; the following order of preference shall be observed :—

(*a*) Graduates or non-graduates who have passed the Criminal and Revenue Tests of the Departmental Examination prescribed in Notification No. 215, dated 29th January 1885, according to the date of passing.

(*b*) Candidates specified in clauses (*a*) and (*b*) of Rule I, who have not passed the Departmental Examination aforesaid, in the order of preference given in that Rule.

(*c*) Others.

Provided that the preferential promotion of the Candidates not qualified by Departmental Examinations and referred to in clause (*b*) of this Rule, means promotion in preference to other Candidates (also not qualified by Departmental Examination) of *similar* standing and not exceptionally rapid promotion of a junior, as of right over the heads of unpassed seniors of long and approved services; and provided further that all preferential claims to promotion are subject to the condition that the claimant has proved himself deserving thereof by efficiency and good conduct in his previous service.

IV. No vacancies shall, as a rule, be permanently filled up by the admission of new men, unless there has been duly published a notice giving at least 15 days' previous notice of their existence.

V. Every Officer, who has the power to nominate or appoint to any office in the public service, shall maintain a register of Candidates qualified under these Rules; all applications entered in such register, and all new applications shall be duly considered when making a nomination or appointment.

R. VIJAYINDRA RAO,
Chief Secretary.

No. 273-81—Cir. 11, dated Bangalore, 18th April 1888.

Order.—The Deputy Commissioners are requested not to assign to the Police Superintendent and Police Assistant Commissioners other than strictly Police duties. Police duties are sufficiently onerous to occupy the whole of their time and energy, and they should therefore not be employed to do Magisterial work or Revenue work such as Jamabandi, &c. On all occasions of public emergency, such as the threatened or actual breach of a tank, an out-break of cholera, a march of troops, &c., they may be employed on general duties not strictly of a police nature.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Inspector General of Police in Mysore.

PART I.

PUBLIC WORKS.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 14th April 1888.

From the Secretary to the Government of Mysore, Public Works Department,
To the Assistant to the Resident in Mysore No. 1548-268, dated
Bangalore 14th April 1888.

Adverting to the recorded correspondence, official, and demi-official, on the subject of the utilization of the water stored annually in the reservior at Upparhalli, I have the honor by desire of His Highness the Maharaja's Government to request you will be good enough to move the Resident to address the Government of India on the subject in view to an early and definite settlement of the relative claims of the Mysore Government on the one hand and of the Military Department of the Madras Government and the Civil and Military Station on the other, to the water impounded in the tank in question.

2. The accompanying Memorandum by the Superintending Engineer to His Highness' Government, explains the points at issue, and I am to say that an early and equitable decision on the case is urgently needed in order that as far as possible wastage of such water as is stored in the Upparhalli Reservoir may be avoided, and to enable the Darbar to determine what works should now be undertaken to afford an efficient water-supply to the inhabitants of the Pettah.

3. I am to invite your special attention to Memorandum on this subject by the Dewan, dated Ootacamund, 28th April 1883, published in Proceedings (General), dated 6th June 1883, in which the question of the rights involved is fully discussed.

4. It will be seen from that Memo that in 1876 and 1877 certain drainage areas were diverted into Sankey's Reservoir (*vide* para 12). As this reservoir did not admittedly answer the purpose for which it was built, the drainage area which had been diverted into it, from Miller's Tanks, was, in June 1883, restored to the last named tanks (*vide* para 16). The Darbar believed that, after such restoration, the Civil and Military Station would have no claim in strict right to the water of Sankey's Reservoir and in this view they did not attempt a similar restoration to the Dharmambudhi Tank on which the City was dependent. In fact Sankey's Reservoir being a failure as a scheme for the supply of water to the Civil and Military Station, it was deemed best to restore the *status quo ante*, as regards Miller's Tanks. When doing this the Darbar however desired that the Resident should record that the Civil and Military Station had thenceforward no claim whatever to the water of Sankey's Reservoir. But Sir James Gordon considered it unnecessary to consider any formal conditions in the matter, as he believed that Miller's Tanks would receive a sufficient supply from its own new catchment and that there would therefore be no occasion for asking the Darbar for more. He was also of opinion that a new scheme of water supply to the Civil and Military Station was required and that the additional land required therefor would be readily granted by the Darbar (*vide* para 8 of Assistant Resident's letter No. 272—15, dated 7th May 1883, to President, Municipal Board, Civil and Military Station).

5. The subject again came under discussion in 1885—86. A joint Committee on behalf of both the Darbar and the British Government was convened to consider and discuss it under the presidency of Mr. Girdlestone, the Officiating Resident, but no practical conclusions were arrived at. And the Officiating Resident merely recorded his opinion that the distribution of the water of Sankey's Reservoir between the City and Civil and Military Station could always be easily determined by the Resident and the "Dewan in consultation."

6. Such an arrangement would lead no practical inconvenience only so long as the Darbar wishes to do nothing to improve the water-supply of the City. But as a matter of fact they are most anxious to undertake immediately a system of water supply to the City and they find that for this purpose they require the exclu-

sive right to all water which may be stored in Sankey's Reservoir. Such a proposal could never emanate from the Darbar, if Sankey's Reservoir as a means of supply to the Civil and Military Station or the British Troops, is or is ever likely to be, a success in any sense of the term. The original scheme was for the supply of the Cantonment of Bangalore, and the intention then was that the cost of the work exclusive of distribution should be borne by the revenues of Mysore, but on the understanding that a moderate charge would be made to the Cantonment Municipality now (Civil and Military Station Municipality) for water supplied to it and a like charge to the British Government for the water which might be given to the British Forces. (*Vide* Government of India letter, Public Works Department, No. 384 C, dated 25th June 1869). Such an arrangement has become impossible because the reservoir never fills to such a level as to command the Civil and Military Station or the barracks. The City which is on a much lower level is however capable of being readily supplied with the probable head of water in the reservoir and the City Municipality are willing to pay for such water as they may get on terms similar to those under which water is supplied by Government works to Cities in British India.

7. Under such circumstances, the Darbar will feel highly obliged to Sir Harry Prendergast if he will be so good as to obtain an early settlement of the whole question. If the reservoir is not required for British purposes, the Darbar will use it for the water supply of the City. If on the other hand the Civil and Military Station wishes to draw upon it, then some arrangement in regard to such use may be definitely concluded in the terms of the order of the Government of India, dated 25th June 1869, the Darbar being left to look elsewhere for the supply of the City.

Memorandum by the Superintending Engineer of Mysore, D. P. W.

The following brief note is an endeavour to summarise the fact and records bearing directly on the question of the relative claims of the Bangalore Civil and Military Station, and of the Bangalore Pettah to the water stored in the new reservoir at Upparhalli, commonly known as Sankey's Tank. The subject has been as far as possible divested of all collateral matter and lengthy correspondence and orders, not affecting the issue now raised.

2. The water supply scheme was designed primarily to afford a pure and sufficient supply of potable water to the Civil and Military Station. The population of the Pettah was not provided for, but as portion of the catchment area of the Dharmambudhi Tank, on which that population mainly depends was to be cut off by the scheme, provision was made for aiding the Dharmambudhi supply by means of scour cocks placed in the proposed delivery mains (Major Sankey's Memorandum of 3rd September 1868, submitting the original project). (See also Colonel Johnson's letter to Government of India No. 820—2764 of 3rd June 1880, para X). The cost of this scheme was to be borne by Mysore revenues, not including the works required for distribution, and *a moderate charge was to be made to the Municipality for water supplied; and a like charge to Government for water given for the British Forces.* (Government of India letter No. 384 C of 25th June 1869).

3. The scheme was abandoned in 1883, after Rs. 5,40,000 had been expended thereon. It was in fact found that the impounding reservoir did not fill in years of good rain-fall, and at the Rendition of the Province to Native Rule and it was not considered necessary to include the reservoir within the limits of the Civil and Military Station. At the time of the abandonment the impounding tank and its catchment contour channels, with a masonry main delivery channel up to Cathcart road, had been practically completed. Subsequent work carried out by Mysore at a cost of

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 14th April 1888.

Rs. 29,112 was confined to maintenance, to some improvements to the contour and delivery channels, to restoring to Miller's Tank that portion of its natural drainage area of which the scheme had deprived it, and to the construction of low level sluice to admit of water being sent down to the Dharmambudhi tank that could not otherwise be utilized.

4. In 1883 the question was raised as to the right and title of the Mysore Government on the one hand, and of the Civil and Military Station on the other to the sole or joint use of the water stored annually in the reservoir. No conclusion on the point was then arrived at, but in October 1885 a Conference was held under the Presidentship of the Resident in view to discussing the then pressing question, trought being anticipated, of the best utilization of the water in the interests of both the Station and the Pettah. Nothing definite was settled by the Committee as to the relative claims on the reservoir of the Municipalities concerned, but it was recommended that according to varying requirements, it might be left to Resident and Dewan to agree when and to what extent at any time water might be drawn off to Cantonment or Pettah. Since then water has been so delivered to Miller's Tank for the Cantonment and to the Dharmambudhi for the Pettah, when circumstances appeared to call for the replenishment of these and this arrangement has so far acted well.

5. But there is nothing final or permanent in the arrangement, nothing definitely recognized or binding, and the fact that the British Government are now endeavouring to solve once for all the question of their wants, whilst there is at present before the Darbar a project for utilizing the leakage from Sankey's Tank for the partial supply of the Pettah, which project is restricted to narrow limits simply because, a fixed demand on the tank, whether for the whole or for a proportional part cannot be made by the Engineers, necessitates an immediate re-opening of the whole question with a view to an early and exact settlement of claims to whatever water is stored annually in the reservoir.

6. In connection with the question at issue, it may be noticed chiefly (1) that the whole of the water supply scheme was paid for out of the Mysore revenues, (2) that the Civil and Military Station (former Cantonment) have paid nothing nor made any proposal to improve or extend the capabilities of the work, (3) that Mysore revenues are entitled to credit of the moderate charge authorized by the Government of India in their letter, dated 25th June 1869, as leviable from the Cantonment Municipality and the Military Department, in return for the water proposed to be supplied to the inhabitants and the troops respectively, (4) that the scheme failed in so far as the supply of water to Cantonment or the troops is concerned, and the Darbar therefore do not get any return for the money spent on the work, (5) the Darbar moreover are unable, owing to the existing uncertainty, to devise any scheme for supply of water to the City based on the supply in Sankey's Reservoir, though the reservoir is apparently incapable of serving any other useful end. (6) that the Pettah supply has been partially interfered with and the Pettah Municipality are clamorous for an improved supply and are prepared to pay for the same. That the Mysore Government have therefore a prior claim to the whole of the water stored seems to the undersigned but reasonable. If the Darbar are prepared in the interests of the Cantonment, to forgo the claim to the whole, they can insist on a share in the proportion of the Pettah population to the Station population charging the Station Municipality a moderate rate for the water that may be given to them. In the latter case, the best means of effecting the proportionate distribution will have to be carefully studied, and it will have to be borne in mind that the Cantonment can derive no benefit whatever, unless they resort to pumping from the water stored between the high and low level sluices. This amounts to 17·114 millions cubic feet.

C. BOWEN, *Lieut.-Colonel*, R. E.,

PART II.

REVENUE.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF APRIL 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	The Deputy Commissioner, Bangalore District, having solicited sanction to the appointment of a divided shareholder for 10 years as Shanbhog of Bisknr in the Magadi Taluk on the understanding that after that period the office might return to the dismissed Shanbhog Hanumantaiya's branch of the family, sanction was conveyed to the same.	1st April 1888.	9th March 1888, Part II, R,
2	The Deputy Commissioner, Bangalore District, having recommended that the sale of the stone mill in Begur village, Bangalore Taluk, might be allowed to hold good, the Iswar declined to interfere on the ground that there were no valid grounds for the change.—Communicated to the Deputy Commissioner, Bangalore District.	2nd do	
3	As regards the petition from Katte Vasannachar of Ramanathpur complaining that his Bhatamanyam was merged in sarvamanyam Belagola, the Deputy Commissioner, Hassan District, was informed that the question had already been finally decided after due consideration and that the decision should be adhered to.	Do do	
4	With reference to the acquisition of certain lands required for a deviation of the Tarikere-Mangalore road, the Superintending Engineer was informed in reply that a notification would be issued under Section 4 of the Land Acquisition Act with request that the Executive Engineer, Kadur Division, might be instructed to obtain the lands by an amicable purchase if possible.—Communicated to Deputy Commissioner, Kadur District.	3rd do	
5	In regard to the grant of free licenses for working the old salt pans in the Amarayi Inam land of Gorlakatte in the Challakere Taluk, the Deputy Commissioner, Chitaldroog District, was informed that unless the inamdar could prove satisfactorily that he or his ancestor was manufacturing salt within the inam extent, the permission applied for could not be granted.	Do do	
6	The Deputy Commissioner, Kolar District, having recommended the resumption of the Kayamgutta village of Nadavarahalli in the Chikballapur Taluk on the ground that its sale did not fetch the full amount of Government arrears, sanction was conveyed to the same.	4th do	
7	The notification stating that the cost of demarcation of inam jungles will be borne in equal shares by the Government Forest Department and the Inamdar concerned, was published in the Mysore Gazette.—Communicated to the Inspector General of Forests.	5th do	
8	In regard to the resignation of Shanbhog Venkatesaiya of Nelamangala Taluk for certain inam lands, the Deputy Commissioner, Bangalore District, was informed that the Shanbhog was quite at liberty to resign his inam land and that he should be warned that he would not get instead cash remuneration.	Do do	
9	In regard to the complaint of one Guru Siddappa of Belludi village in the Davangere Taluk, it was directed that the Deputy Commissioner's order appointing Siddappa as officiator Patel of	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	the said village was just and proper.—Communicated to the Deputy Commissioner, Chitaldroog District.		
10	The notification sanctioning the transfer of Bethalli from the Kanambadi Magani, Attikuppa Taluk, to the Haravu Hobli of the Seringapatam Taluk, was published in the Mysore Gazette.—Communicated to the Deputy Commissioner, Mysore District, and the Survey Superintendent.	5th April 1888.	
11	Sanction was accorded to the alienation of Survey Nos. 89 and 90 measuring 5 acres and 33 guntas in the Kadur Town in favor of the Kadur Municipality for constructing a bandy stand and to the remission of assessment on Survey No. 90 amounting to Rs. 0—8—0.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	6th do	
12	Sanction was accorded to the alienation of 9 acres and 26 guntas of land out of Survey Nos. 217 and 113 in the village of Devadana, Chikmagalur Taluk in favor of Rangappa and others for building houses and to the remission of assessment thereon.—Communicated to the Deputy Commissioner, Kadur District and the Superintendent, Revenue Survey.	Do do	
13	The alienation of one acre and four guntas of gomal land out of Survey No. 70 in the Kanambadi village of the Attikuppa Taluk in favor of the Kulvadis in lieu of their service inam land taken up for the Kanambadi-Lingaraj Chattar road, was sanctioned.—Communicated to the Deputy Commissioner, Mysore District, and the Survey Superintendent.	Do do	
14	Sanction was accorded to the alienation of 5 acres and 28 guntas of land taken up by the Public Works Department for gravel pits in the Jodi village of Hossur, Gulur Sammat, Tumkur Taluk, and to the remission of the proportionate Jodi thereon, *viz.*, Rs. 1—15—3.—Communicated to the Deputy Commissioner, Tumkur District, and the Survey and Inam Superintendent.	Do do	
15	In reply, petitioner Hanumantegauda of Mutasagara, Magadi Taluk, was informed that the Deputy Commissioner's order directing the payment of a compensation of Rs. 10 to him for loss of the land was just and proper, that the sale which was in every way just and proper could not be cancelled merely because the petitioner was the first darkhastdar and that his petition was accordingly dismissed.—Communicated to the Deputy Commissioner, Bangalore District.	7th do	
16	The appeal of Chikkadevaiya of Nellur, Chamrajanagar Taluk against the Mysore Deputy Commissioner's order, dismissing him from the Fateli of Nellur, was rejected as it was groundless.—Communicated to the Deputy Commissioner, Mysore District, and the appellant.	Do do	
17	Mariviregauda having appealed to this office against Mysore Deputy Commissioner's order depriving him of the office of Patel of Sarvamanya Mayagaudanahalli in the Yedatore Taluk, his appeal was dismissed on the ground that he failed to prove that the defendant took unlawful possession of the office 6 years ago.—Communicated to the Deputy Commissioner, Mysore District.	Do do	
18	The notification sanctioning the absorption of certain villages in the Hoskote and Devanhalli Taluks, was published in the Mysore Gazette.	9th do	
19	In returning the papers connected with the alienation of land to be made in favor of Siddappa of Machgondanhalli, Chikmagalur Taluk, the Deputy Commissioner, Kadur District, was informed that the necessity of allotting such a large extent as 10 acres of gomal land for building a shop was not apparent and was requested to recommend the alienation of so much land as was actually required for the purpose.	11th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
20	The alienation of 8 gundas of waste land out of Survey No. 8 in the Nuggi village of the Koppa Taluk in favor of Mr. Robert Buchanan for opening a road from his estate to the nurseries through the adjoining jungle, was sanctioned.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	11th April 1888.	
21	In reply to his petition dated 27th January 1888, Narasimha Jois of Arakere, Seringapatam Taluk, was informed that the proceedings held in the case disclosed grave irregularities in conducting the sale of land bought by him, that there were no grounds whatever for revising the Sub-Division Officer's order cancelling it, that the appeal was accordingly dismissed and that the Sub-Division officer's proceedings confirmed by the Deputy Commissioner were approved —Communicated to the Deputy Commissioner, Mysore District.	13th do	
22	The Deputy Commissioner, Bangalore District, was requested to report on the details of the Nellur Amarayi lands in the Devanhalli Taluk for plantation purposes at an early date.	Do do	
23	In reply, the Assistant to the Resident in Mysore was furnished certain information in regard to the returns of agricultural statistics of the Mysore State for the year 1886—87.	Do do	
24	Sanction was accorded to the alienationof Survey Nos. 165, 166, 167, 184 and 185 in the Kasaba Hassan Town for building purposes and the remission of assessment thereon —Communicated to the Deputy Commissioner, Hassan District, and the Survey Superintendent.	Do do	
25	The alienation of 40 yards of Government waste land out of Survey No 104 in the Doddadalwatta village of the Maddagiri Taluk for enlarging the temple of Potaldevaru, was sanctioned.—Communicated to the Deputy Commissioner, Tumkur District and the Survey Superintendent	11th do	
26	The alienation of Survey No. 30 measuring 1 acre and 15 gundas of kharab land in favor of the Maddagiri Municipality for the extension of the town, was sanctioned.—Communicated to the Deputy Commissioner, Tumkur District, and the Survey Superintendent	Do do	
27	In regard to the complaint of Jois Ranganna of Rampur, Seringapatam Taluk, regarding the sale of his land, it was directed that the petitioner had no just grounds of complaint, that the sale was held on 27th May 1887, that the Amildar ordered re-sale on 1st June, that the Sub-Division Officer, French Rocks, formally cancelled the sale on 2nd July 1887, that the sale never became complete by confirmation of it and that no appeal was preferable against a refusal to confirm a sale.—Communicated to the Deputy Commissioner, Mysore District, and the petitioner	Do do	
28	With reference to the petition of Iralappa of Navilahalli, Manjarabad Taluk, complaining of the recovery from him of kandayam for lands which were not in his enjoyment it was directed that if part of arrears on account of Khata was paid by any individual, it should be appropriated towards particular lands according to the wishes of the individual, that for any balance of such arrears, the remainder of the lands of that Khata should first be sold, that the arrears with interest at 12 per cent per annum should be levied and that the purchase money with interest at 12 per cent should be refunded to the purchaser.—Communicated to the Deputy Commissioner, Hassan District, and the petitioner.	Do do	
29	The Deputy Commissioner, Kolar District, having submitted a statement of irrecoverable balances amounting to Rs. 1,910—3—5 to be remitted in the Chintamani Taluk for 1876—77 to 1884—85 on account of land revenue, inchatarfa, takavi advances, bandh mark charges, &c., sanction was accorded to a remission of Rs. 1,891—12—11 only and the balance was disallowed with certain observations.—Communicated to the Deputy Commissioner, Kolar District, and the Comptroller.	16th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
30	In regard to the statement of half remission to be granted under the Raghavapur Tank, Gundlupet Taluk, for 1887–88, it was directed that the remission rules prescribed should be adhered to and that no exceptional treatment was needed in this case.—Communicated to the Deputy Commissioner, Mysore District.	16th April 1888.	
31	In forwarding in original with enclosures Kadur Deputy Commissioner's docket No. 492, dated 31st March 1888, the Survey Superintendent was requested to report if there was any objection to the sub-division of Survey No. 198 in the Halekere village of the Mudgere Taluk and to the allotment of 19 acres and 14 guntas of land for building purposes.	Do do	
32	Govindagauda of Rudrapatna in the Krishnaraja Katte Hobli of the Arkalgud Taluk having appealed against an order of the Deputy Commissioner of the Hassan District, depriving him of the Pateli of the said Rudrapatna Nala Hanta and appointing Puttannagauda to the same, it was directed that Puttannagauda was no stranger to the hak, that he and his brother (if any) were entitled to half share of the hak and Govindagauda to the other half, that the Deputy Commissioner's order now complained of was that Puttannagauda should officiate for Hanta and Govindagauda for the remainder, that this order which was quite just should not be disturbed, that both parties should now be registered as hakdars for the village and for the Hanta and that Puttannagauda should be shown as officiator for the Hunta and Govindagauda as officiator for the village.—Communicated to the Deputy Commissioner, Hassan District, and the petitioners.	Do do	
33	A notification each of the sale of the Kayamgutta Timmasandra village in the Maddagiri Taluk, was forwarded to the Compiler, Mysore Gazette, and the Proprietors of the Bangalore Spectator and Daily Post for publication in three successive issues.	18th do	
34	A statement of particulars received in connection with the sale of the Kayamgutta Timmasandra village, Maddagiri Taluk, was returned to the Deputy Commissioner, Tumkur District.	Do do	
35	In reply, the Deputy Commissioner, Hassan District, was requested that a statement showing the revenue records to be destroyed should be submitted at an early date as per instructions laid down therein.	19th do	
36	Sanction was accorded to the alienation of 5 acres and 32 guntas of land taken up for the extension of the Tumkur Town.—Communicated to the Deputy Commissioner, Tumkur District and the Survey Superintendent.	21st do	
37	The Deputy Commissioner, Hassan District, having reported that the right to collect toll in Marnahalli Ghat for the current official year was knocked down for Rs. 1,660, he was in reply informed that the sale was highly unsatisfactory, that owing to the lateness of his report there was nothing to be done now beyond accepting the sale and that he should submit an explanation of the delay in the submission of his report.	Do do	
38	The Deputy Commissioner, Kolar District, having submitted for sanction a statement of irrecoverable balances amounting to Rs. 445 to be remitted in the Malur Taluk, sanction was accorded to the same.—Communicated to the Comptroller.	Do do	
39	Out of Rs. 9,384—2—11 recommended by the Deputy Commissioner, Mysore District, to be remitted in the Taluks of Mysore, Chamrajanagar, Yedatore, Heggaddevankote, Gundlupet, Nanjangud and Hunsur, on account of land revenue, &c., sanction was accorded to the remission of only Rs. 9,079—9—6 and the balance of Rs. 304—9—5 was disallowed with certain observations.—Communicated to the Deputy Commissioner, Mysore District, and the Comptroller.	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
40	In forwarding a notice in duplicate demanding payment of arrears of Revenue due to the Bowringpet Taluk by Arcot Naravanasami Mudaliar, late arrack contractor, residing in the Civil and Military Station, Bangalore, the Assistant to the Resident in Mysore was requested that it might be duly served and returned to this office.	23rd April 1888.	
41	The Deputy Commissioner, Shimoga District, having reported that, in anticipation of sanction, he caused Settiyappa to execute the contract bond, as his son Haralappa, toddy contractor for Honnali, Shikarpur and Sorab Taluks, was reported to be dead, sanction was accorded to the same.—Communicated to the Comptroller.	Do	do
42	A statement of State lands proposed to be alienated in the Mudgere Taluk in favor of Nellakuni Manjaiya of Megur village for building purposes, was sanctioned.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	Do	do
43	The following order was communicated to the Deputy Commissioners of Districts :— "Instances of unauthorized constructions of houses, &c., on Government land have frequently come up before the Government and the Dewan observed with regret the very lenient notice taken of the conduct of the men who violate the standing rules on the subject and the village and taluk officials who evidently connive at it. He trusts that Deputy Commissioners will adopt proper precautions and adequately and promptly notice the irregular conduct of the men and officials concerned."	24th	do
44	Sanction was accorded to a remission of Rs. 2,590—13—1 on account of half assessment on wet lands in the Hoskote, Channapatna and Kankanhalli Taluks during 1882—83 to 1884—85.—Communicated to the Deputy Commissioner, Bangalore District.	Do	do
45	The demand, collection and balance statements for the months of November 1887 to February 1888 were returned to the Deputy Commissioner, Mysore District, for rectification of certain mistakes and re-submission to this office at an early date.	25th	do
46	A statement showing the particulars of certain lands proposed to be acquired at Rangasamudra, Tirumakudlu-Narsipur Taluk, by Mr. Srinivasaiengar, Subordinate Judge, Mysore District, was sanctioned.	Do	do
47	The Deputy Commissioner, Tumkur District, having submitted for sanction a statement of irrecoverable balances of land revenue amounting to Rs. 2,533—5—8 to be remitted in the Tumkur, Gubbi and Pavagada Taluks, sanction was accorded to a remission of Rs. 2,284—13—10 and the balance of Rs. 248—7—10 was disallowed with certain observations.	Do	do
48	The alienation of 20 guntas and 80 yards of Government kharab land out of Survey No. 127 in the Narsipura village of the Koppa Taluk for constructing the Narve Saverkatte maintained by the Sringeri Matt near the junction of Sollebyle, Koppa and Sringeri roads, was sanctioned.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	Do	do
49	Sanction was accorded to the alienation of 2 acres and 27 guntas of land out of Survey No. 51 in the village of Basavanahalli in the Chikmagalur Taluk for burial ground and to the remission of assessment of Rs. 0—4—0 thereon.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	Do	do
50	Three revenue demand notices received from the Amildar of the Sidlaghatta Taluk were forwarded to the Assistant to the Resident in Mysore, with a request that they might be served on Lingappa, Narayana Sing and Subbarayappa, residing in the Civil and Military Station of Bangalore and that the originals might be returned with the mode of service endorsed thereon.	26th	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 30th April 1888.

R. VIJAVINDRA RAO,
Chief Secretary.

PART II.

GENERAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF APRIL 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	A copy of each of the Annual Reports of various Departments in Mysore was forwarded to the Registrar of the Educational Syndicate of British Burmah, Rangoon.	1st April 1888.	
2	As Mr. Nagesa Rao, Treasury Assistant Commissioner of the Shimoga District, was unable to avail himself of the 3 months' privilege leave granted him, the Deputy Commissioner recommended that he might be permitted to avail the same during the cold weather of 1888 and the same was approved.	Do do	20th Feb. 1888, Para II, G.
3	The notification granting privilege leave for 12 days to Gopalkrishnaiengar, Amildar of the Holé-Narsipur Taluk, from such date as he may avail himself of the same and placing Srinivasa Rao, Sheristadar in charge of the Taluk, during the absence of Gopalkrishnaiengar on leave or until further orders and investing him with the powers of a Magistrate of the 3rd Class, was gazetted.—Communicated to the Deputy Commissioner, Hassan District.	Do do	
4	In forwarding a copy of docket No. 750—711, dated 23rd ultimo, from the Deputy Commissioner, Shimoga District, the Senior Surgeon was informed that when Government could conveniently spare Hospital Assistants, one might be sent to Kumsi.—Communicated to the Deputy Commissioner, Shimoga District.	Do do	
5	As regards the delay in making a reference in connection with the decree passed by the Chikballapur Munsiff in a suit brought by one Hanumanna against the Amildar of that Taluk, the Deputy Commissioner, Kolar District, was informed that the explanation was very unsatisfactory and not at all creditable to all the officers concerned.	Do do	
6	The notification granting privilege leave for one month to H. Srinivasa Rao, Amildar of Hassan Taluk, from such date as he may avail himself of the same and placing C. Krishna Rao, Deputy Amildar of Grama, in charge of the Hassan Taluk, in addition to his own duties, during the absence of Srinivasa Rao on leave or until further orders, was gazetted.—Communicated to the Deputy Commissioner, Hassan District. 19	Two licenses under the Arms Act in favor of B. Bharmanna of Davangere and Chigaterappa were duly countersigned and returned to the District Magistrate, Chitaldroog.	Do do	
20	A notification was issued under Section 4 of the Land Acquisition Act X of 1870 for purpose of examining the lands that might be required in the paddy fields of Naglapur in the Koppa Taluk for opening out a deviation near Shigdal on the Tarikere-Mangalore Road. —Communicated to the Superintending Engineer, Mysore.	Do do	
21	As requested, a statement of service of Mr. B. Gopalaiengar including the periods of leave granted to him while he was employed in the late Chief Commissioner's office, was forwarded to him.	Do do	
22	In continuation of this office No. 7074—698 of the 2nd ultimo, regarding carbines required for the Police, copy of a letter dated the 26th idem from the Assistant to the Resident, stating that no final arrangements for procuring the carbines should be made until the sanction of the Government of India is obtained, was forwarded to the Inspector General of Police.	Do do	
23	In reply, copy of letter dated 21st March last from the Superintendent, Government Botanical Gardens, reporting on the culture of date palm in Bangalore, was forwarded to the Assistant to the Resident.	5th do	12th Mar. 1888, Part II, G.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
24	The notification re-appointing the following gentlemen as Municipal Commissioners in the City of Bangalore up to the 7th September next from the date of expiry of their present term of office, was gazetted :— Mr. B. Murry Gungiah. „ A. S. Raghavachar. „ Khazi Abid Shariff Sahib. „ Mandi Mariyanna. „ S. V. Annayappa Chetti. „ P. Chengalraya Mudaliar. „ B. Narayana Chetti. „ Doddi Venkatramana Chetti. „ M. Ramaswami Chetti.	5th April 1888.	
25	In regard to the issue of tickets to pilgrims from Mysore to the Hejaz, the Assistant to the Resident in Mysore was informed that Mr. Abdul Rahiman, Town Magistrate of Mysore, would be empowered to issue the tickets at Mysore and was requested that the tickets together with any rules regulating the issue of the same might be forwarded to the Darbar for transmission to Mr. Abdul Rahiman.	Do	do
26	In forwarding for information copy of letter No. 1268—197, dated 20th March 1888 from the Collector of the Civil and Military station, Bangalore, to the address of the Assistant to the Resident in Mysore, the Deputy Commissioner, Bangalore District, was requested to report the circumstances under which the Anche runners' hut referred to was sold by the Shekdar of the Bangalore Taluk without the knowledge of the authorities of the Civil and Military Station.	Do	do
27	Copy of letter No. 284—1888, dated 17th March 1888, from the District Magistrate of Bellary, to the address of the Resident in Mysore, forwarding the descriptive rolls of the Fakirs who are reported to have kidnapped a girl in Bellary District, was forwarded to the Inspector General of Police for early action.	Do	do
28	Copy of a letter dated 4th ultimo received from the Agent of the Sringeri Matt was forwarded to the Assistant to the Resident in Mysore, with a request that the Madras Government might be moved to direct the authorities of the Districts through which the Guru proposed to pass to render him all necessary aid in his journey.	Do	do
29	In reply, the Principal, Central College, Bangalore, was informed that a notification was issued directing that preference should be given to graduates in making appointments to the public service and that printed copies of the notification would be sent to him for information and communication to all concerned.	Do	do
30	The proclamation issued by the Governor of Jamaica in order to prevent the introduction of the coffee leaf disease into that Island was notified in the Mysore Gazette.	Do	do
31	The pension application of Tiruvengadam Mudaliar, late English Clerk and Record-keeper of the District Treasury, Tumkur District, was returned to the Deputy Commissioner, Tumkur District, for the submission of a report on the cause of his suspension in 1885.	6th	do
32	Copy of a letter from the Counsel General for Turkey at Bombay to the address of His Excellency the Viceroy and Governor General of India on the subject of the circulation among the Nawabs, &c., of India of forged letters of recommendation bearing the seal of the Counsel General, which was received from the Assistant to the Resident, was ordered to be published in the Gazette for general information.	Do	do
33	As requested, 5 printed copies of the catalogue of books registered in Mysore under Act XXV of 1867 during the quarter ending 31st December 1887, were forwarded to the Assistant to the Resident.	Do	do
34	In forwarding a rahadari, the Deputy Commissioner, Bangalore District, was requested that the same might be sent to the Guru of Sivaganga Matt.	Do	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
35	A copy of dockets Nos. 661 and 799, dated the 9th January and 14th March 1888, reporting the circumstances under which the eldest son of the late Mir Sajjad Ali Fiyazi has been registered as Head Pensioner, was forwarded to the Assistant to the Resident.	6th April 1888.

PART I.

REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 4th May 1888.

READ THE FOLLOWING PAPERS:—

From the Superintending Engineer of Mysore, To the Superintendent, Mysore Revenue Survey, No. 1218—9, dated 23rd March 1888.

I have the honor to forward copies of the marginally noted correspondence with the Deputy Commissioner, Shimoga District, regarding the unlawful encroachments of the gardens on the rear slope of the bund of the Kabatur Tank, Registered No. 116, Sorab Taluk, which that officer attributes to the Survey bandhs not having been placed at the regulated distance from the toe of bund It will be seen that he refers to other instances in the District, in which the bandhs have been placed were on the top of the bund.

1. This Office No. 5315—974, dated 22nd November 1887 to Deputy Commissioner.

2. Deputy Commissioner's reply No. 560, dated 16th March 1887 (omit para 3.)

II. It will be necessary to have the Survey bandhs removed, in all cases in which they are within the regulated distance; but as the summary removal of all trees and other cultivation within such limits would doubtless cause undue hardship, I request that you will be so good as to have the necessary rectification made by degrees.

No. 1219, DATED 23RD MARCH 1888.

Copy to Deputy Commissioner, Shimoga District, for information, with reference to his No. 560, dated 16th instant.

II. The Chief Secretary will be addressed on the subject of para 3 of the Deputy Commissioner's letter.

From the Superintendent, Mysore Revenue Survey, To the Superintending Engineer of Mysore, No. 1076, dated Mandya 27th March 1888.

I have the honor to acknowledge the receipt of your letter No. 1218 of the 23rd instant with copy of Deputy Commissioner's letter No. 560 of the 16th idem, regarding encroachment on the bund of the Kabatur Tank in the Sorab Taluk.

2. As the measurement took place long prior to the laying down of the regulation distances to be left on the cultivation side of the bund, alluded to by you in para 2 of your letter under reply, I do not very well see upon what grounds the Deputy Commissioner attributes blame to the Survey Department. In those days the measurement was carried out in accordance with actual enjoyment. I have no doubt that in some few instances, in the case especially of Malnad tanks, the bandhs were placed on, or pretty high up on, the bunds, but it appears strange that during nearly 20 years no instances of the kind were brought to notice by the Revenue authorities.

3. There appears to me very great doubt as to whether it is worth while going to the great expense, not to mention hardship to occupants, of rectifying demarcation in the case of tanks measured prior to the issue of the present regulations. There can be no reason against prohibiting cultivation on the bunds of tanks, let the Survey marks be where they may, as no assessment has been placed upon the actual bunds which have been deducted as unculturable or "kharab". As I have already stated, garden and other cultivation was measured as it was found, prior to the issue of present regulations, and it would be hard to prohibit such cultivation unless actually on the bund.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 4th May 1888.

No, 1398 of 5th April 1888.

Copy to Deputy Commissioner, Shimoga, in continuation of this office No. 1219, dated 23rd ultimo, for his opinion as to what further action he thinks desirable under the circumstances and whether the prohibition suggested by Colonel Grant will meet the case.

From the Deputy Commissioner, Shimoga District, To the Superintending Engineer of Mysore, No. 48, dated 23rd April 1888.

With reference to your Docket No. 1398 of 5th instant forwarding for opinion copy of letter No. 1076, dated 27th ultimo, from the Superintendent of Survey, I have the honor to state with reference to para 2 of the Survey Superintendent's letter that I have noticed bandhs on top of the bund not only in Malnad but in Maidan Taluks also. In fact the very first case noticed by me was in Channagiri Taluk during my jamabandi inspection in December last. This was Chikka Hulikere Tank No. 58 regarding which I append an extract from the Tank Inspection Register together with my remarks. It will be noticed from my "Remarks" against this tank that I have issued orders to the Amildar with reference to removing the hedges nearly in the sense of what the Superintendent of Survey advises to be done in such cases as in para 3 of his letter.

2. But my complaint is that this is not a sufficient remedy and there will be no safety to a tank until encroachments are made difficult, if not impossible, and easy of detection when made by the stones being removed to the regulation distance from the bund.

3. I have already explained in paras 2 and 3 of my letter No. 560, dated 16th ultimo, the difficulties there are in the way of preventing and punishing encroachments when a bandh has been allowed to stand on the bund. I may be allowed to state another difficulty, and that is, the survey papers do not generally show the nature of the "Kharab." It may not be tank bund that is allowed as "Kharab," but some other thing which has been brought under cultivation since.

4. Channagiri Taluk was surveyed subsequent to the issue of the orders of 1870 regarding a 10 ft. wide strip from the base of a bund being left uncultivated. But the question is not whether the Survey Department was acting rightly in putting up their bandhs on the bund of a tank, but whether there is any way of getting this mistake, which is so prejudicial to tanks, rectified.

5. The Superintendent of Survey in para 3 of his letter says that the rectification will be attended with great expense. On this point I do not feel competent to express an opinion. There can, however, be no hardship to the occupants as according to the Superintendent's own showing in the following sentence, the bunds have been deducted from the occupant's holding as "Kharab" and no assessment has been placed on them.

6. My own opinion is, there cannot be many tanks in a Taluk in which bandhs have gone up the bund, or been placed within the regulation distance from the bund. Trained Survey Measurers have been employed as Shekdars or Gumastas in some of the Taluks of this District, and I have recently addressed the Dewan regarding the necessity for 2 or 3 trained men being entertained on the establishment of each Taluk. These men can easily get the bandhs removed and placed at the proper distance from the bund and correct the maps accordingly.

7. I would recommend this being done even when by so doing the Government would have, in addition to taking off the proportionate assessment payable on the land deducted in cases where it has not already been provided for under "Kharab", to pay compensation to the occupants, as I attach the greatest possible importance to tank bunds being left uncultivated and undisturbed. It was only on the morning of the

13th instant, I noticed in my inspection of tanks* being repaired under Revenue agency, that cultivation, guided no doubt by the bandh stones, has gone quite up to the base of the bund, which also has been cut. The first named tank was one to the bund of which the ryots had done considerable earth work, and work of a very satisfactory kind, and it struck me as rather strange that while taking so much pains to strengthen their tank, the ryots should allow the bund to be insidiously eaten into by this cultivation. They pleaded that they had confined themselves to the survey stones and should prevent cultivation if the limits within which cultivation should be confined should be indicated to them by clear marks. This is fairly representative of the spirit of the ryots in these cases, and if only orders could be passed for the rectification of demarcation marks, I do not apprehend much difficulty or expense in getting the ryots to agree to such rectification even at some sacrifice.

* 1. Sugur Sannakere, Registered No. 1186.
2. Byadar Hosahalli Totadakere, Registered No. 1153 both in the Shimoga Taluk

8. As regards gardens (supari, cocoanut, &c.,) however whether in the Malnad or Maidan of which the bandhs have been placed on the side or top of bund of the adjoining tank, I agree that cultivation should be prohibited only when found to have encroached on the bund, and I would not, in the case of gardens, insist on the rule regarding the regulation distance being observed.

9. Since writing the above my attention has been called to the Revenue Manual of 1886, pages 217, &c. The orders of the Chief Commissioner in para 5 of Proceedings No. 4877—Rev. 33, dated 6th October 1874 are explicit regarding the removal of all boundary marks from the top of a bund and a 10 ft. strip being excluded in cases in which such a measure is clearly called for.

10. The Superintendent of Survey in para 2 of his letter No. 899, dated Dharwar, 14th November 1874, to the address of the Survey and Settlement Commissioner of Mysore, at page 219, Revenue Manual, proposes that the Irrigation Department should supply him with a list of tanks to which para 5 of the Chief Commissioner's Proceedings are applicable. The tanks I speak of are not the small "Kattes" referred to in Chief Commissioner's Proceedings No. 6533—Rev. 415, dated 5th December 1874, but tanks with a high thick bund with considerable cultivation under them.

11. With reference to remarks in the last sentence of para 2 of the Survey Superintendent's letter, I would take the liberty to invite your attention to Chief Commissioner's Proceedings at page 220 of the Revenue Manual especially the first sentence of para 2 and the last sentence in para 3.

12. In conclusion I beg to state that the Chief Commissioner's order in the second clause of para 3 of Proceedings of 31st March 1874 at page 217 of the Revenue Manual make it compulsory to remove all bandhs when found on the bund, and under para 5 of the Proceedings of 6th October 1874 the bandhs should be removed also to the regulation distance from the bund in cases in which this measure is considered necessary. To carry out both these orders, trained Measurers will have to be systematically employed as recommended in para 6 of my letter. A list of tanks from the bunds of which bandhs will have to be removed can be obtained from the Taluks without much delay.

Memo from the Secretary, Public Works Department, to the Dewan of Mysore, dated 2nd May 1888.

Question has come up regarding the removal of survey *bandhs* where erected on the tops or slopes of tank bunds, and a definite settlement of this old complaint by Public Works and Revenue Officers appears to be now demanded.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 4th May 1888.

2. The sanction recently accorded to the restoration of the Kabtur Tank, Sorab Taluk, has been the immediate cause of bringing this question to the front again, encroachments on its bund having to be removed. Suffice it to say here that, whilst the Survey Superintendent would apparently stave off the removal of such bandhs, on the score of expense or hardship to the ryots, the Shimoga Deputy Commissioner presses, and in my opinion very rightly, for some more definite and satisfactory course. In fact such bandhs ought to be removed once for all, whatever the expense; and you will see from Mr. Madhava Rao's proposals, careful perusal of which I would invite, that the expense need not be so great after all.

3. In Revenue Proceedings No. 4877, dated 6th October 1874, para 5, it was ordered that "*all* boundary marks that have been erected *on bunds* should be removed to the base of the latter". And the order went on to say that "this should be systematically carried out." This order appears to have led to some controversy, with the result that apparently no effect was given thereto then or since.

4. I think the time has come for some definite action, now that endeavour is being made to establish a rigid system of maintenance for all tanks, and in this view I would recommend that as suggested by Shimoga Deputy Commissioner in his concluding para, lists be procured from all Taluks showing the tanks on the tops or slope of which survey bandhs or marks actually now stand.

These lists to be supplied to the Survey Commissioner, who in concert with the Deputies, and on the lines proposed by Mr. Madhava Rao, would arrange for their early removal once for all and the necessary rectification of the village maps.

5. The presence of the recently appointed Tank Inspectors in the majority of the Maidan Taluks, offers a favorable opportunity for getting these lists quickly prepared and the necessary revision of the boundaries properly effected. These men are now I fear doing little or nothing, and it would be a pity to lose the opportunity of their services being available for work quite in their line.

CAMP No. 323—32, DATED OOTACAMUND, 4TH MAY 1888.

ORDER.—The papers read above show that the question of the removal of the survey boundary marks when they have been erected on tank bunds is now in an unsatisfactory condition, owing to inattention to the orders issued by the late Chief Commissioner as noted in the margin.

Order dated 6th June 1870 in D. P. W.

Progs. No. 7208—Rev. 331, dated 31st March 1874, para 3.

Do No. 4877—Rev. 33, dated 6th October 1874, para 5.

Do No. 6533—Rev. 415, dated 5th December 1874.

2. The attention of the Superintendent of Revenue Survey and of Deputy Commissioners will be requested to the orders above referred to, and the order of 6th June 1870 will be republished, together with the following rules for public information and for the guidance of all Government Officers :—

I. In Taluks settled subsequent to the issue of the orders of 6th June 1870, the prohibition of cultivation within 10 ft. clear from the base of tank bunds, should be strictly enforced. Any individual cases in such Taluks in which survey boundary marks have been placed within the 10 ft. margin above referred to, should at once be ascertained by the Deputy Commissioner and reported to the Superintendent of Revenue Survey in view to the necessary rectification being made.

II. In taluks settled previous to the issue of the orders of 6th June 1870—

(*a*)- All Survey boundary marks erected on the tops or slopes of tank bunds should at once be removed. The only exception to this general rule would be in the case of bunds of totally ruined and disused tanks, not likely to be repaired and made useful for irrigation purposes in future.

(*b*). The boundary marks to be removed from tank bunds under the last preceding clause, should be placed clear of the base of the bund and at such a distance therefrom, not exceeding 10 ft. as may be absolutely necessary.

(*c*). The area of an occupied survey number which is resumed by Government by the above alteration of boundary marks, should, when under actual cultivation, or when the same has been assessed, be acquired by the payment of reasonable compensation. When such area is included Kharab and has not been brought under cultivation, no compensation shall be payable therefor.

3. The Deputy Commissioners will submit to the Survey Superintendent, as early as possible, lists of all tanks from the bunds of which survey boundary marks have to be removed under the foregoing paragraph. In the preparation of such lists, in addition to the ordinary revenue establishment, the nearly appointed Tank Inspectors may be employed wherever desirable. On the receipt of the above lists, the Survey Superintendent will cause the necessary alterations of boundary marks to be effected through the Deputy Commissioners. Trained Surveyors now in the subordinate revenue service will be able, in many cases, to do this work, but where this is not the case, the additional hands required should be lent from the Survey Department.

4. A full report of the effect given to these orders should be submitted by each Deputy Commissioner as early as possible, before the close of the current official year.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Superintendent, Revenue Survey.
Copy Secretary, Public Works Department, in reply to his note, dated 2nd May 1888 and with papers therewith received.

READ THE FOLLOWING PAPERS :—

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Dewan of Mysore, No. 680, dated 24th January 1888.

I have the honor to submit that an application has been received at Chamrajnagar Taluk to utilize fuller's earth (ಜವ್ವಳಾಮಂಣು) for manufacturing glass wares, offering to pay a fee of Rs. 2 for the current year, and to request to be informed whether, under the late Chief Commissioner's Notification No. 1818, dated 13th June 1878, such applications are inadmissible.

I have, however, in anticipation of sanction, granted license for the same.

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Dewan of Mysore, No. 2, dated 1st April 1888.

His docket No. 2429, dated 29th January last, calling for certain information with regard to an application for utilizing fuller's earth in the Chamrajnagar Taluk.

In reply, has the honor to state that the application is by one Gopalsetti of Yelandur to utilize fuller's earth within the limits of the 3 villages, *viz*, Suthur, Irsvadi and Handrakalli. The license prescribes that ten carts of earth should be removed from each village, the license fee being Rs. 2 for a village.

CAMP No. 921-28—CIR. 24, DATED OOTACAMUND, 8TH MAY 1888.

ORDER THEREON.—The late Chief Commissioner's Order No. 1818—Rev. 15 dated 13th June 1878, applies to the abolished Profession tax on manufacturers of glass bangles. There is no objection to levying a fee for removal of fuller's earth from Government unoccupied and unassessed land on the principle on which kuran gam stones on Government land are disposed of.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 8th May 1888.

READ THE FOLLOWING PAPERS :—

The following papers in regard to the claim of Mr. Speechly, Manager, Stewart's Works, Hunsur, to Survey Nos. 3 and 4 of Gurapur village, Hunsur Taluk.

1. Letter dated 16th March 1887 from Mr. Speechly with enclosures.
2. Letter No. 2095, dated 21st March 1887, to the Deputy Commissioner, Mysore District.
3. Letter No. 79, dated 21st June 1887, from Mr. C. Raghavachurlu, submitting a detailed report on the case.
4. Letter No. 226, dated 2nd July 1887, from the Deputy Commissioner, Mysore District.
5. Letter No 836, dated 28th March 1888, from the Deputy Commissioner, Mysore District.
6. The Vernacular records connected with the case.

No. 979-80—41, DATED 8TH MAY 1888.

ORDER THEREON.—Mr. Speechly of the "Stewart's Works," Hunsur, claims Survey No. 3, acres 655 and guntas 30 and No. 4, acres 559 and guntas 27 in Gurapur village, Hunsur Taluk. An examination of the proceedings held in the case shows that the "Stewart's Works" never had any right to, or possession of, land No. 4, land No. 3 however was granted to the said Company on *Hulgaval* tenure under the authority of the Mysore Deputy Commissioner's order No. 43—955, dated 22nd December 1874. That tenure carries with it no permanent occupancy right; it merely gives a right of grazing so long as the land is not cultivated or is not required for cultivation; it moreover ceases to exist on the introduction of the Revenue Settlement. Under such circumstances, the land in question was treated as Government unassessed waste at the introduction of the Revenue Settlement into the Hunsur Taluk in April 1884. Had "Stewart's Works" proved their possession under a *Hulgaval tenure* before the Revenue Survey officers, and expressed a desire to continue in possession, the land would have been fully assessed and confirmed to them. This they failed to do though they had ample notice of the progress of survey operations. Hence the settlement of the land as Government unassessed waste in April 1884. Against this settlement no complaint was made within the two years prescribed by Section 41 of Bombay Act I of 1865, but on the other hand "Stewart's Works" purchased from the Government the grazing of the land in question during the years 1884—85, 1885—86 and 1886—87 and their complaint against the settlement of April 1884 was not made to the Deputy Commissioner till January 1887 and to this office till March 1887.

2. Under such circumstances, the land in question (No. 3) is now at the absolute disposal of the Government. There are several applications for portions of it for cultivation, and the Deputy Commissioner recommends the breaking up of the entire number into convenient blocks, assessing each block separately and selling every block by public auction. Such a course is justifiable, as "Stewart's Works" have, under the circumstances above stated, forfeited all claim to the consideration which Government generally shows to hulgaval tenants by confirming to them their hulgaval lands on full assessment. But having regard to the large and useful work established by the Company at Hunsur, the Government will condone the laches on their part and give them the first option of acquiring the occupancy right of the land in question (No. 3) by agreeing to take it up on the full land Revenue assessment (wet and dry) which may now be fixed upon it by the Survey Department. If the "Stewart's Works" do not wish to take up the land on full assessment, it should be broken up and assessed and sold by public auction in separate and convenient blocks.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District,
with Vernacular papers as per Ferist.
Copy to Mr. Speechly, Manager, "Stewart's Works," Hunsur.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 8th May 1888.

READ THE FOLLOWING PAPERS :—

Letter No. 39 of the 20th April 1888, from the Deputy Commissioner, Tumkur District, submitting a statement of villages proposed to be absorbed into larger neighbouring villages in the Koratagere Sub-Taluk.

Letter No. 53, dated 28th April 1888, from the Superintendent of Revenue Survey, submitting report on the above proposals.

CAMP No. 376-77, DATED OOTACAMUND, 8TH MAY 1888.

ORDER THEREON.—The further report promised by the Superintendent of Revenue Survey is awaited : in the meanwhile the Deputy Commissioner of Tumkur to whom a copy of the Survey Superintendent's letter will be forwarded, will furnish Colonel Grant with the information called for by him.

2. The Dewan decidedly is of the opinion that in all cases of absorption of villages into the adjacent larger villages, the claims of Patels of the smaller villages should not be disregarded as a general rule and such absorptions should be avoided as far as possible unless the measure be absolutely necessary for efficient administration. Saving of work to the village officers is not always an adequate ground for an absorption. On the introduction of a system of rotation of work as elsewhere, it would be possible then to register the Patel of an absorbed village has having a fixed specified share in the amalgamated village, and the work of the amalgamated village could be allowed to go by rotation among all the sharers.

B. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.
The Superintendent of Revenue Survey and Settlement.
The Deputy Commissioners, of other Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 8th May 1888.

READ THE FOLLOWING PAPERS :—

Letter No. 41 of the 21st April 1888, from the Deputy Commissioner, Tumkur District, soliciting sanction to the payment of cash remuneration to Patels and Shanbhogs during 1887—88.

Proceedings Camp No. 950—60, dated 16th September 1885.

No. 984-93—CIR. 27, DATED BANGALORE, 8TH MAY 1888.

ORDER THEREON.—The sanction accorded in para 5 of Proceedings Camp No. 950—60, dated 16th September 1885, to certain permanent cash remunerations of Patels and Shanbhogs as per Lists A and B appended to the Proceedings above quoted, will continue to be in force until further orders.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Superintendent, Revenue Survey and Settlement.
The Comptroller.

READ THE FOLLOWING PAPERS :—

From the Secretary to the Government of Mysore, Public Works Department,
To the Chief Secretary to the Dewan of Mysore, No. 1081—179,
dated Bangalore, 16th March 1888.

I have the honor to report, for the information of His Highness' Government, that in accordance with the instructions conveyed in Dewan's memorandum of the 3rd instant, I proceeded to the Kolar Gold Fields on the 7th and on the five following days, inspected the various mines now working or being opened out.

2. In the accompanying tabular statement I give approximately for each Company the specific information asked for in above memorandum. I say approximately because, as will be easily understood, the agents on the several properties were not necessarily acquainted with the exact financial position of the Companies employing them, and in most instances as regards expenditure to date, they could only give me the outlay in India. Home charges, which include machinery, form probably the bulk of the outlay against any particular mine. As an instance I may state that in the "Indian Consolidated" I have given the expenditure as Rs. 2,18,880, and Captain Davey, the Mining Superintendent on the spot, informed me that he believed the charges in England, with particulars of which he was not acquainted, would be fully equal to that amount, so that the total outlay on this mine would probably amount to 4 lakhs. In some cases, no definite information at all could be given me on this point, even as regards outlay in India; and more particularly information was wanting in regard of the exact amount of capital that has been subscribed.

3. In column 6, I have given for the several mines the number of shafts now being sunk, and in my detailed remarks below I give the depth of each. I may observe here that the depths of the shafts will not really indicate the extent of work done or being done in any mine-if this information is wanted as an estimate of the extent and nature of work now in progress. It is rather the lengths of the "Galleries," "Winzes," "Stopes," projecting so to speak from the shafts at different levels, that should be taken as the gauge of progress of work underground. The lengths of these I have accordingly given in my remarks below on each mine. There are besides on the various blocks a lot of trial shafts, abandoned; these I need not, I think, allude to.

4. I examined, as directed, all the plans of works available. These were all more or less imperfect, and not up to date. They were therefore of little precise value, although they enabled me to check roughly the information given by the agents as to the depths of the several shafts, lengths of galleries driven, levels, &c. I shall now proceed to report on each mine in detail, taking them in the order of my inspections.

5. "*Gold Fields of Mysore Company.*"—The property of this Company covers about 13 square miles of the total area of the gold fields. On the accompanying map, I have shown the irregular boundaries by a pink margin. The main block runs north and south for the whole length of the gold fields, but within this block are 2 independent blocks, those of the old "Kaiser-i-hind Company" and of the "Nine Reef's" Company-also the block known as "Neutral Ground." On the eastern margin of the fields are 3 outlying blocks belonging to the Company, apart from what I have called their main block. These are "East Ocrigam," "East Indian" and "Yerrakonda." The Company's operations at present are tentative. They are sinking shafts to strike a paying load and erecting machinery to work the same. The following are the shafts being sunk; I have marked their approximate relative positions on the map by a red ink.+ The scale is too small and the map not sufficiently accurate to allow of their exact positions being shown.—

Main bridge shaft	..	..	..	101 feet deep.
Middle shaft	..	..	..	152 do
Hill shaft	..	..	..	110 do
North shaft	..	..	..	130 do
Coromandel shaft	..	..	..	115 do
Prospect shaft	..	..	..	83 do
Road shaft	..	..	..	117 do

From "Hill shaft" ore has recently been raised, assaying 2 oz. to the ton From its position and extent this property should prove very valuable, if in the long run the extraction of gold from the various reefs is found to be as remunerative as the public are led to anticipate. The operations here are but of recent date, work having been started only a year ago. There is evidence of earnest and vigorous prosecution. I was informed the working expenses now amount to upwards of £ 800 a month. There are 8 Europeans engaged on the mines (1 Engineer, 1 Mining Captain, and 6 English miners), and about 200 natives daily. There are 4 engines, used for pumping, winding, &c., and 1 more is on the way out for work at "Road shaft." Of the many "Blocks" comprised in this property, work is only going on on those numbered on the map, No. 5, Oriental, No. 11, Golconda, No. 6, West Balaghât, No. 19, Northern Reefs, and No. 12, Coromandel.

6. "*Mysore-West Gold Mining Company.*"—This Company appears to have acquired a property of 150 acres from the old "Kaiser-i-Hind" Company and 50 acres of the same were subsequently sold to the "Mysore Wynaad Consolidated Gold Mining Company." I have marked these properties on the map, on the "Kaiser-i-Hind" block. The Bombay Company after working some time, I believe, collapsed. The present Company, "Mysore-West", took over its pit work, stores, and machinery, and resumed the original operations in June 1886.

There are 3 shafts being worked:—

"Walkers" shaft	...	...	...	... 225 feet deep.
"Ventilation" shaft	...	...	...	... 159 do do
"Tank" shaft	...	...	...	... 50 do do

The last named has only been recently started. The first two which are close together are being connected by 4 galleries at different levels as indicated by the plan shown to me, and these galleries are now being driven forward on to the Main Reef.

Most recent assays, taken of stone from the galleries and from "Tank" shaft, vary from 3 grains to 11 dwts per ton.

The work so far consists merely of opening up ground and erecting machinery. On Walkers' shaft they are now putting up a large new 16″ pump, the old pump being of insufficient power.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 24th May 1888.

There are employed 6 Europeans and about 200 natives (including adjoining Mysore-Wynaad " works), and the average expenses, taken from the books now se to over Rs. 4,000 a month.

Progress here and the general appearance of things does not seem to me to ompare favorably with work in other parts of the field.

7. " *Mysore-Wynaad Company.*"—I could get little or no information about his Company, an offshoot of the " Mysore-West" and of recent formation. They re sinking now 6 shafts, 4 of which are 100 feet deep, one 69, and one 55.

Taken from the books the expenses since starting amount to Rs. 18,233, and ow average Rs. 2,000 a month.

8. " *Mysore-Reefs Gold Mining Company.*"—Mr. Evans, the Agent of this Company, was absent at Madras at time of my visit to these works. What little inancial information I could obtain was given me by the mining captain, Captain Scantlebury: it amounted simply to this that the capital is £ 1,35,000, Rs. 2,50,000 have been spent in India since operations commenced in February 1886, and that the monthly expenses are now Rs 13,000.

There are 4 shafts:—

"Cockburn's"	...	...	...	...	282 feet deep.
"Harvey's"	...	...	...	...	245 do do
"North"	...	...	...	...	252 do do
"Taylor's"	...	...	...	...	122 do do

There are no plans, work so far consisting merely of sinking and testing ground, and erecting machinery. There are 7 engines of sorts now on the ground. The last assay of ore taken from Harvey's shaft was 4 dwts. 12 grains to the ton.

There is evidence here of work being meant. Some 6 months ago I passed through this block when prospecting for a road and there was then very little doing. Since then progress appears to have received a decided impetus, the works are all alive with people and buildings are springing up. There are now on the field 14 Europeans and about 200 native work people. It is anticipated that in 6 months more actual crushing will be started.

9. " *Kolar-Central Gold Mining Company.*"—Four shafts are being worked on this block on which operations commenced in January 1887. They are:—

Low's	...	...	...	...	170 feet deep.
Darlington's	...	...	...	...	168 do do
Underlie	...	...	...	...	170 do do
Prospect	...	...	...	...	40 do do

The last assay taken was 6 dwts to the ton. Work simply consists in driving down the above shafts to tap paying soil. In addition trial shafts are being driven in places.

There are 3 engines on the ground and a compressor is being erected to work rock drills. There are 8 Europeans employed and about 90 native work people. The expenditure up to end of December last was Rs. 88,564 and in last month the working expenses on the ground were Rs. 3,233, in January Rs. 3,495. Work is being pushed on, but Captain Hosking, in charge, complained of insufficiency of labor for rapid development.

10. " *Indian Consolidated Gold Mining Company,*" (*Kolar Section*).—There are 2 shafts now being worked on this block:—

Davy's ...	...	...	...	...	45 feet deep.
No. 5 ...	...	...	...	...	250 do do

Davy's shafts has only just been started, but from No. 5 galleries have been driven aggregating 1,200 feet in length from which ore is now being raised for crushing, the last assay giving 1oz. to the ton.

I may add here that in addition to the above 2 working shafts, there is in a central position a large main shaft, but it is only used for raising water for the engines.

Crushing is now going on with 10 stamps 818 oz. of gold have so far been extracted. There are 18 Europeans and 190 work people now employed and there is every appearance of vigorous progress all round, the monthly working expenses being now about Rs. 13,000.

The difficulty on this mine is want of water. Pumps and a long line of pipes to raise water from the valley to the east and convey it to the machinery and stamps are, I understand, now on the way out; and this difficulty surmounted, I should say the rapid development of this property may be looked for.

11. "*South-East Mysore Gold Mining Company*".—There are 4 shafts now being worked :—

Lavelle's	...	...	..	...	146 feet	deep.
Rogers'	...	...	...	...	155 do	do
Thomas'	...	...	...	...	138 do	do
Beresford's	...	...	...	...	100 do	do

The ground between these shafts is being opened up , the drivages, cross-cuts, and winzes, aggregating 1,360 feet in length. The plans of these are not however up to date. From these workings, the most recent assays give 3, 2, and 1 oz. the ton. No gold has as yet been extracted, but stamps for the purpose are now being erected, and there are signs of great "push" on this property which I should say is very promising. There are 11 Europeans and about 180 natives employed every day, the working expenses being about Rs. 7,000 a month now.

In addition to the above shafts, there are 6 others a little to the west and running nearly parallel, varying in depths from 102 to 75 feet. These are not now being worked on account of water, but Captain Rogers, the Superintendent, informed me that he intended taking them again in hand ere long.

12. "*Nundydroog Gold Mining Company*".—Work on this mine is in full swing. There are 2 shafts, close together :—

Webb's	...	...	...	...	342 feet	deep.
Taylor's	...	...	...	...	300 do	do

These are connected by 5 galleries, and the total lengths of "Drives", "Winzes", and "Stopes" is about 2,300 feet, so that the reef is being very effectively opened out.

Some 300 tons of stuff is being raised monthly, the last assay being 3 oz. to the ton. 10 stamps are now at work crushing the ore, and so far 2,646 oz. of gold have been extracted.

The average working expenses now amount to about Rs. 8,000, there being 10 Europeans and about 250 natives employed.

This mine, having been first started in 1881, appears to have ceased working in 1883, and operations were apparently resumed in February 1885. Things look promising here, work being evidently prosecuted with the determination to succeed.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue).—dated 24th May 1888.

13. "*Oorigam Gold Mining Company*".—There are 4 shafts being worked :—

Probyn's	...	...	...	...	196 feet	deep.
Low's	...	..	...	...	270 do	do
North Battery	...	...	...	...	127 do	do
Main Shaft	...	...	...	...	231 do	do

(There is also a very recently abandoned shaft, Mundy's 212 feet deep. It did not strike good quartz.)

There are between the shafts, galleries of a total length of 1,381 feet *viz.*, 760 feet from main shaft (plans of these not up to date), 259 feet from North Battery shaft, 260 feet from Low's, and 102 feet from Probyn's. The last assays from the several shafts varied from 1 oz. 9 dwts to 4 oz. No gold has yet been extracted, but there are 10 stamps ready for work and crushing may be expected to commence shortly. Work on this mine began in July 1886, and is now being pushed forward with vigor, and as a good lead has been struck prospects may be considered promising. The capital called up having, however, been all expended, it is, I understand, the intention of the Directors to call on the shareholders for additional capital. There are 17 Europeans now employed, and on the last Nominal Roll there were 330 native work people.

14. "*Eastern Mysore Gold Mining Company.*"—There are 4 shafts being worked :—

Renny's	..	..	..	..	112 feet	deep.
Mascoom	..	..	..	..	60 do	do
Nora	..	..	..	..	87 do	do
James'	..	..	..	..	86 do	do

(Close to Renny's a shaft called Emerson's 76 feet deep, has recently been abandoned.) About 200 feet of levels have also been driven, but there is no correct plan showing this.

No regular assay, but a pan washing of stuff taken recently from a winze between Renny's and Mascoom shafts gave about 1 oz. to the ton.

This Company commenced operations only in April last, and the works are as yet in their infancy and progress seems langwid, economy being evidently studied at starting. Doubtless there will be an expansion of work by and bye, but at present there are only 6 Europeans and 100 natives employed and 2 engines have been brought to site, the working expenses being kept down. The agent is very hopeful of good results by and bye and there is no apparent reason why this mine should not do as well as its neighbours when work is undertaken on the same scale. But as yet it is in its infancy and ground is simply being tested.

15. "*Mysore Gold Mining Company.*"—The operations on this mine are on a much more extensive scale than on any other part of the field and are daily developing more and more. The works now cover a large area of ground, the place is alive with people and machinery, and there is evidence of the most vigorous progress. Work is being carried on continuously both night and day, there being as many as 85 Europeans (36 English and 49 Italians) and 1,167 natives employed in the mining.

This Company appears to have started work in September 1880, and to have carried on without cessation to the present time. Works were not stopped, when there was a general collapse on all other parts of the field, and the revival which has evidently but recently taken place on the other blocks, may, I think, be attri-

The total of gold extracted up to date amounts to 39,432 oz. If we assume the ounce to be worth £ 4, this amounts to nearly £ 1,60,000. What the monthly working expenses now average, I cannot say, but they must be of course very heavy.

16. "Balaghat Gold Mining Company".—There are 2 shafts being worked:—

North Engine shaft	..	..	..	365 feet deep.
South do do ..	..	..	..	249 do do

There are 5 other shafts sunk to the 100 feet level, but they have been abandoned.

From North Engine shaft 1,657 feet of drives have been carried out, and 385 feet from South Engine shaft (examined plans of these which are to date.)

Crushing was begun in December with the following results :—

December	..	..	..	..	176 oz.
January	..	..	..	..	298 do
February	..	..	..	..	133 do

The last assays from the 165 feet level, from "stope" in same level, and from the 270 feet level (N. E. shaft) whence ore is now being raised gave 1 oz. 16 dwts. 12 grs., 4 oz. 5 dwts., and 1 oz.

There are 13 Europeans and 300 natives employed and the working expenses are about Rs. 15,000 a month.

Works are apparently progressing vigorously, but the out-break of cholera last month impeded operations I believe.

The date given for commencement of operations, April 1886, is that of resumption of work, which had previously been carried on unsuccessfully. Works now present a totally different aspect from what they did when I visited this block 2 years ago.

17. "*Nine Reefs Gold Mining Company.*"—There are 4 shafts now working :—

Main shaft	..	..	..	254 feet deep.
Baynard's	..	..	..	189 do
Morrison's	..	..	..	142 do
Vyvian's	..	..	..	158 do

The "drives" from the above shafts aggregate 933 feet, but no plans of these were available.

There are 25 Europeans and 213 natives employed, and the working expenses now average Rs. 12,000 a month.

Crushing commenced in October with 10 stamps, and 176 oz. of gold have been extracted, *viz.*, October 38 oz., November 37 oz., December 60¼ oz., January 41 oz., February 25½ oz.

Last assays, taken of stuff from 7 different points, varied from 15 to 5 dwts.

Here, as in the neighbouring "Balaghat" mine, progress was impeded in February by the out-break of cholera.

The work consists of sinking and driving, raising ore (145 tons were raised in January and 93 in February) and crushing. New machinery of the best description is being erected to facilitate work, and there is evidence of satisfactory progress and energetic management all over this block.

18. To sum up I may state that the general impression of the present condition of the fields resulting from my visit is most satisfactory, there being all round ample evidence of earnest work and rapid progress. There is everywhere an

buted to the perseverance with which the works of the "Mysore Company" have been prosecuted without intermission and the evidence so adduced as to the practicability of eventual remunerative mining on these fields.

There are now 10 shafts being worked :—

Shepherd's	..	..	..	..	152 feet deep.
Schaw's	..	..	..	..	220 do do
McTaggart's	..	..	..	..	152 do do
Blair's	..	..	..	..	134 do do
William's	..	..	..	..	173 do do
Plummer's	..	..	..	..	362 do do
Footway	..	..	..	..	135 do do
Taylor's	..	..	..	..	444 do do
Henty's	..	..	..	..	113 do do
Tennant's	..	..	..	..	135 do do

But it is the excavations outside the shaft sections which really represent the progress made, and these, in "Winzes," "Drifts," and "Stopes," aggregate 16,200 feet in length, the stuff taken out being about 700,000 cubic feet (plans and sections underground were imperfect and not to date.)

Crushing the ore raised proceeds night and day under 30 stamps, and 30 more will shortly be at work. Most recent assay's vary from 3 *oz.* 5 dwts. of stuff taken from the so called "Halian stope" to 2 dwts. in stuff taken from Henty's shaft.

apparent determination to succeed which I hope will meet its reward. It is perhaps outside my province and beyond my competency to pronounce on the question which has led to my inspection of the mines, *viz.*, the extension of the various leases, but I may be permitted to observe that as the works in their present stage afford every prospect of final success and must go on attracting capital, any liberal concession that His Highness' Government may be disposed to make to the Companies now working as described above, will, apart from the mere question of the royalty to be derived from the metal extracted, tend to enhance very materially the prosperity of the whole of this District and lead to the eventual establishment of an important industry on a permanent footing. To reject any overtures for extension or improvement of the terms under which the land is held would necessarily discourage the advance now evidently being made, and might prove fatal to the future of an enterprise on which much depends.

19. Before concluding, I would call attention to another point, the necessity for accurately demarcating the boundaries of the several properties. There are at present, so far as I could observe, no proper boundary stones, and I am not aware that there are any very reliable surveys. In course of time there are sure to be disputes, and steps should be taken in time to obviate this. Indeed, in the case of the Nine Reefs mine, I understood from the agent that already some difficulty is cropping up and he claims more land than is shown on our map. This matter first forced itself on my notice when on going over the ground belonging to "Nundydroog" and "Oorigam," I observed the close proximity of Probyn's and Well's shafts and enquired what was the line of demarcation between the two. Be it observed that the galleries, North from the one and South from the other, *may* some day meet underground. An old tree was pointed out and a stone (which might have been a boundary stone). This stone I saw on a subsequent day had been actually knocked down. This and the claim of "Nine Reefs," with the general absence of land-marks, are sufficient I think to show that a proper and permanent delimitation of the several blocks is of some importance.

20. In conclusion, I am bound to acknowledge the courtesy of all the gentlemen representing the various Companies in this field, who one and all most kindly afforded me all the information in their power on all the points enquired into.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 24th May 1888.

Name of Company.	Capital.	Paid up.	Expenditure.	Date of commencing work.	Number of shafts sunk.	Most recent assay.	Nature and Extent of mining now in progress.	Quantity of Gold extracted.	Remarks.
"Mysore Gold Fields Company" ...	£ 2,20,000	£ 1,65,000	£ 12,000 to 30th September 1887, (includes home charges).	March 1887.	7	2 oz. to ton from Hill shaft.	Sinking shafts and erecting machinery.	Nil.	The Company is simply engaged, in sinking shafts to tap paying ore.
"Mysore-West Gold Mining Company" ...	£ 1,25,000	£ 84,939	Rs. 66,153 to 18th February 1888, (not including home charges).	June 1886.	3	11 dwts. from Walker's shaft.	do.	Nil.	As above, but galleries also being driven.
"Mysore Wynaad Consolidated Gold Mining Company" ...	No information.	No information.	No information.	.....	6	.....	Sinking shafts.	Nil.	This is a recently established Company, which has purchased mining rights over 50 acres of the Mysore-West Company and are now starting works.
"Mysore Reefs Gold Mining Company" ...	£ 1,35,000	No information.	Rs. 2,50,000	February 1886.	4	4 dwts. 12 grs. from Harvey's shaft.	Sinking shafts and erecting machinery.	Nil.	This is an old Company reconstructed, sinking operations in progress and machinery being put up.
"Kolar-Central Mining Company" ...	£ 1,50,000	£ 75,000	Rs. 88,564 (not including home charges).	January 1887.	4	6 dwts.	do.	Nil.	Work consists of driving down shafts to tap paying soil, machinery being erected.
"Indian-Consolidated Gold Mining Company" ...	£ 4,75,000	£ 3,56,000	Rs. 2,18,830 (not including home charges) to February 1888.	April 1885.	2	1 oz. from No. 5 shaft.	Driving galleries to stamping.	618 oz. 14 dwts	Stamping now going on.
"South-East Mysore Gold Company" ...	£ 1,50,000	£ 50,000	£ 20,000	January 1887.	4	3 oz. to 1 oz.	Galleries being driven machinery and stamps being erected.	Nil.	Work of opening up ground being vigorously prosecuted.

"Mysore Gold Mining Company" ...	£ 1,50,000	In full.	Not known.	Sept 1880	10	3 oz. 5 dwts to 1 dwt. 12 grs.	Getting up ore and stamping in full swing.	39,132 oz.	Work in vigorous progress on this block. Extensive machinery and buildings erected. Stamping going on continuously.
"Nundydroog Gold Mining Company" ..	£ 1,50,000	In full.	Not known.	May 1885	2	3 oz.	Getting up ore and stamping in full swing.	2,646 oz.	Work of getting up ore and stamping in full swing.
"Oorigam Gold Mining Company" ...	£ 2,45,000	£ 1,55,000	All spent.	July 1886	4	1 oz. 9 dwts. to 4 oz.	Driving galleries, erecting machinery and preparing for stamping.	Nil.	10 stamps are ready for work, and it is proposed to commence crushing shortly.
"Eastern-Mysore Gold Company" ...	£ 1,50,000	£ 37,000	Rs. 70,000	March 1887	4	None.	Sinking shafts, machinery coming in.	Nil.	Sinking shafts tentatively; also driving galleries. Work so far on a small scale.
"Balaghat-Mysore Gold Mining Company" ...	£ 1,50,000	£ 1,10,000	£ 40,000	April 1886	2	4¼ oz. to 1 oz.	Driving galleries, getting up ore and stamping.	607 oz.	Work consists of pushing forward the levels, opening up, getting out ore and crushing with 10 stamps.
"Nine Reefs Gold Mining Company" ...	£ 1,50,000	£ 1,12,500	£ 1,20,000	February 1886	4	15 dwts. to 5 dwts.	Extending levels, getting up ore and crushing.	176 oz.	Driving and sinking going on. Fine new machinery being erected. Works being pushed on vigorously.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),— dated 24th May 1888.

READ ALSO :—

Applications from the undermentioned Gold Mining Companies, made through the Right Honorable Lord Ribblesdale, asking for an extension of their respective leases, namely :—

1. From the Kolar Concessionaires Company and the Gold Fields of Mysore Company, joint application, dated 5th January 1888.
2. From the Mysore Gold Mining Company, dated 13th January 1888.
3. From the South East Mysore Gold Mining Company, dated 13th January 1888.
4. From the Nine Reefs Gold Mining Company, dated 13th January 1888.
5. From the Nundydroog Gold Mining Company, dated 10th January 1888.
6. From the Mysore Reefs Gold Mining Company, dated 20th January 1888.

No. 1429-30—26, DATED 24TH MAY 1888.

ORDER THEREON.—The papers read above have received the most attentive consideration of His Highness the Maharaja's Government, who are glad to be able to view with satisfaction the recent progress of Gold Mining operations in many of the mines in the Kolar Gold Fields. The Government accordingly resolve to announce that they are now prepared to extend at once, for a further period of 20 years, on existing terms, all leases under which mining operations in the Kolar Gold Fields have made substantial progress and are now being vigorously prosecuted, provided that His Highness' Government are satisfied that such a concession will so benefit the working Companies as to afford them substantial help and encouragement.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Secretary to the Government of Mysore, P. W. D.
The Deputy Commissioner of the Kolar District.

READ THE FOLLOWING PAPER :—

From the Deputy Commissioner, Kadur District, To the Chief Secretary to the Dewan of Mysore, No. 490, dated Chikmagalur, 28th March 1888.

I have the honor to state that para (*b*) of clause 9 of the Government Notification No. 242, dated 24th March 1885, provides for the sale of unoccupied lands applied for on the terms of the settlement of coffee lands, sanctioned by Government in No. 3662-70—98, dated 2nd August 1881.

The arrangement contemplated in the clause referred to was brought into effect with the issue of the rules for the grant of unoccupied lands for coffee cultivation prescribed in the Proceedings of the Dewan No. 1860 –71, dated 10th March 1887.

2. In Proceedings No. 762—5, dated 11th July 1885, the grant of small portions of kharab land for coffee drying grounds at Rs. 1—8—0 per acre to certain individuals was sanctioned and the principle of "thus assessing lands required for purposes connected with coffee cultivation" was ordered to be followed.

3. Whether such small portions of kharab land when applied for by the holders of the adjoining estates for the purposes mentioned should be disposed of by public auction at the upset price fixed by the rules has not been specifically decided, and no distinction has been drawn between the method of acquiring land for actual coffee cultivation, and of acquiring land for purposes connected with coffee cultivation, such as :—

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 25th May 1888.

1. Drying grounds.
2. Pulper building and washing cisterns.
3. Store buildings.
4. Cooly lines.
5. Bungalows.

4. In some cases such lands are open grass lands with hardly any trees and quite unfit for coffee cultivation, and the question arises whether it is the intention of Government to levy the upset price on these lands and to subject them to sale by open competition.

5. I would propose that lands to be devoted to any of the purposes enumerated in para 3 should be acquired without sale but at a fair valuation, and that the assessment should be at 1—8—0 or 1 rupee per acre according as the estate is held on a permanent or on 30 years' tenure.

CAMP No. 458—60, DATED 25TH MAY 1888.

ORDER THEREON.—The Dewan concurs in the recommendation of the Deputy Commissioner that lands required by holders of coffee estates, *bonâ-fide* for purposes connected with coffee cultivation, such as drying grounds, store buildings, &c., should be granted to them at a fair valuation and without sale, subject of course to the prescribed assessment. The following notification will accordingly be published in the Gazette:—

NOTIFICATION.

The 25th May 1888.

CAMP No. 461.—With reference to Notification Camp No. 1874, dated 10th March 1887, the following additional rule in regard to the grant of unoccupied Government lands in connection with coffee cultivation under para 9 of Notification No. 242, dated 24th March 1885, is published for general information and guidance.

XII The Deputy Commissioner may, in his discretion, grant to the holder of a coffee estate on a fair valuation and without an auction, any moderate extent of kharab land adjoining his estate, which may be unfit for coffee cultivation, but required *bonâ-fide* for purposes of coffee cultivation, such as (1) drying grounds, (2) pulper buildings and washing cisterns, (3) store buildings, (4) cooly lines and (5) bungalows. In making grants under this rule, due regard shall be had to the provisions of the preceding rules as far so they apply.

Land granted under this rule shall be assessed at rupee 1 or Rs. 1—8—0 per acre according as the estate for the service of which it is granted is settled on the 30 year or permanent settlement respectively.

2. The Deputy Commissioners of Kadur and Hassan will be requested to report what limit of extent should be prescribed for grants under the new rule above sanctioned.

B. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Kadur District.
The Deputy Commissioner, Hassan District.
Copy to the Survey Superintendent for information.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 30th May 1888.

READ THE FOLLOWING PAPER:—

Petition, dated 25th May 1888, from Chik Biligiri Rangaiya (minor), Baravardar Shanbhog of Anandur Firka in the Mysore Taluk, and his mother Bhagamma, praying (1) that the amount of their maintenance at Rs. 100 per annum may be recovered from their Gumasta Dodda Biligiri Rangaiya from the year 1881: (2) that the said Dodda Biligiri Rangaiya may be removed from the office of Gumasta and one or two Gumastas nominated by them may be recognized: (3) that the said Dodda Biligiri Rangaiya be directed to transfer charge of the accounts to them: and (4) that the Potagi amount may be ordered to be paid to them in full.

CAMP NO. 570-77, DATED 30TH MAY 1888.

ORDER THEREON.—In regard to (1) transfer of charge of accounts, (2) nomination of one or two Gumastas and (3) payment of Potagi amount in future, petitioners must apply to the Deputy Commissioner.

2. With respect to the prayer for recovery of arrears of maintenance for 7 years from the late Gumasta Dodda Biligiri Rangaiya, there exists no process of law under which such recovery can be made. In all such cases of non-payment of maintenance by a Gumasta to the registered hakdar, the remedy is to eject at once the Gumasta from the office. In the present case, it is not clear why the defaulting Gumasta was allowed to continue in office for 7 years. It may have been due to laches on the part of the petitioners, or to delay on that of the Revenue authorities, or to both. In either case, there is now no remedy; this however is not so grave a matter when it is remembered that, under the law as it now stands, the entire remuneration belongs to the officiator and the obligation to pay maintenance arises under a special contract entered into by the officiator. The Revenue authorities cannot recover moneys due under such a contract. They may of course deduct the maintenance due from the official remuneration of the officiator and pay it to the proper party. But when no remuneration is due to the officiator the Government can only dismiss the defaulting officiator.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, with the petition above read.
The Deputy Commissioners of other Districts.

PART I.

FINANCIAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 8th May 1888.

READ THE FOLLOWING PAPER:—

Letter No. 53, dated 27th instant, from the Senior Surgeon, recommending that, in consideration of the increased duties which has devolved on Assistant Surgeon Mr. Fernandes, he be granted an increase of Rs. 50 per mensem, as long as he remains as Chief Assistant to the Senior Surgeon

CAMP No. 336—7, DATED OOTACAMUND, 8TH MAY 1888.

ORDER.—Under the circumstances represented in the letter above read, the Government are pleased to sanction a local allowance of Rs. 50 per mensem to the Assistant Surgeon who may, for the time being, be the Chief Assistant to the Senior Surgeon. This allowance will be drawn by Mr. Fernandes from 1st April 1888.

R. VIJAYINDRA RAO.
Chief Secretary.

To—The Senior Surgeon.
The Comptroller.

READ THE FOLLOWING PAPER:—

From the Inspector General of Forests and Plantations, To the Chief Secretary to the Dewan of Mysore, No. 126—13, dated Bangalore, 11th April 1888.

I have the honor to submit for the sanction of Government a proposition statement for a small increase of office establishments in some of the Districts, including my office where the work has considerably risen and the present sanctioned complement cannot with anything like efficiency cope therewith.

2. When my office was formed in April 1886, it was my desire to start it on a very small scale although I was not unaware that owing to the new organizaton of the Forest Department in the Province my office would have had to check accounts from all the Districts instead of from only 3 Forest Divisions as in the days of the late Conservator. The account branch of my office requires very much to be strengthened by an additional Accountant having regard to the quantity of work therein and the responsible nature of the same. There is at present no Munshi in my office whereas there were two in the late Conservator's office. The necessity for one has arisen who will also be expected to help the Record-keeper owing to increase of correspondence. The total increase proposed for my office amounts to Rs. 82 per mensem thus raising the present monthly cost of Rs. 344 to Rs. 426. As compared with late Conservator's establishment the increase is about Rs. 19. I beg the Dewan may be pleased to sanction the same.

3. The District of Kolar is rising to importance as regards its Forest administration. Large jungles such as Narasimhadevarbetta, Ravilpad and Kamasandra have been brought under reservation and the question of a Forest Officer being required for this District may have to be considered at no very distant date. The Deputy Commissioner has been urging from a long time the necessity for a Forest Clerk to attend to forest work in the District office. I therefore beg to recommend that for the present a Clerk on Rs. 25 may be sanctioned for doing both English and Canarese work.

4. Out of the 3 Probationers that came out of the Forest School, Dehra Dun, one has been posted to the District forest charge with regular office establishment and the other two posted to separate charges forming Sub-Divisions as it were in the Shimoga and Mysore Districts. The transfer of one of the hands in the Mysore District Forest office to the Probationer has caused great inconvenience and has led to the entertainment of additional Clerks as reported in my letter No. 2896—209, dated 29th March last. A provision for a permanent hand on Rs. 25 for this District as also for Shimoga to be attached to Probationers has been made in the budget for the current year. The additional hands referred to in paras 2 and 3 have been likewise budgetted for subject to sanction.

5. The Deputy Commissioner, Bangalore, has more than once recommended an increase to the pay of the Forest Head Clerk. At present the Head Clerks of Chikmagalur and Hassan draw Rs. 30 and the Head Clerks of Bangalore and Plantation Department may be allowed the same pay as work has increased in both Departments and as their predecessors before the revision were drawing the same and in fact more pay.

6. The total increase proposed as above amounts to Rs. 167 per mensem which I request may be sanctioned at an early date.

Statement showing the additional Forest Office Establishment required in the Forest Inspector General's and in the several Districts and for which provision has been made in the Forest Budget, 1888—89.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 9th May 1888.

No. 1007-8—21, DATED OOTACAMUND, 9TH MAY 1888.

ORDER THEREON,—The work in the Account Department of the Inspector General's office is of a very responsible kind and is rapidly increasing owing to extension of the operations of the Department in all parts of the Province. Increase of office establishment for the several offices named in the Inspector General's letter is also called for. Under such circumstances, the increase recommended amounting to Rs. 167 per mensem as per statement submitted with the above letter, is sanctioned with effect as regards increase to existing hands from the 1st instant.

2. The sanction now given for the extra Clerk in the Forest Superintendent's office, Mysore District, will cancel the temporary sanction for one of the additional hands entertained as reported in Inspector General's letter No. 2896—209, dated 29th March last.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Forests.
The Comptroller.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial).—dated 8th May 1888.

READ THE FOLLOWING PAPER

Preliminary Budget Estimates of Receipts and Disbursements for the Province for the year 1888—89

No. 994—66, DATED 8TH MAY 1888.

RECEIPTS.

ORDER.—The Preliminary Budget Estimate of Receipts for 1888—89 amounts to Rs. 1,25,65,471. The Estimate for 1887—88 was only Rs. 1,16,42,000. The increase is under the following items chiefly :—

Rs. 2,25,000.

Under Railway Revenue.—In last year's Budget no provision under this head had been made owing to the transfer of the Railway to the Southern Mahratta Company. In the first 3 months of 1886—87, net Railway receipts amounted to Rs. 44,000, and during the remaining 9 months, to Rs. 1,72,000. Total Revenue Receipts for 1886—87 Rs. 2,16,000. The figures for the whole of the last year are not yet available, but an increase of revenue under Receipts appears probable.

Rs. 2,50,000.

Under Land Revenue.—The increased estimate is due to extension of cultivation according to the latest returns to hand. The actual realizations of last year, including previous years' arrears, amounted to over 85 lakhs.

Rs. 1,36,000.

Under Forests.—The increase is due to proposed extension of operations and to a good market for sandalwood.

Rs. 1,86,000.

Under Excise.—This is chiefly under arrack. It is justified by the actual revenue of the past year, which doubtless was due to the introduction of an improved administration of this important branch of revenue in the beginning of that year.

Mohatarfa Rs. 21,000
Sayer Rs. 37,000

Increases under these heads are estimated for owing to general prosperity.

2. The other items do not call for any special remark.

DISBURSEMENTS.

3. The Preliminary Budget Estimate of Disbursements under all heads for 1888—89 amounts to Rs. 1,22,69,000 against the Final Budget of Rs. 1,14,89,452 for 1887—88. The principal items which contribute to the increase of Rs. 7,80,000 are the following :—

1887—88 Rs. 5,00,000
1888—89 Rs. 9,00,000
Increase Rs. 4,00,000

I. Interest on Debt.—The balance of Famine Loan due to the British Government was reduced by the payment of Rs. 68,60,508, being the capital cost of the State Railway up to 1st July 1886, the date of its transfer to the Southern Mahratta Company. This amount was paid out of money borrowed from the Southern Mahratta Company and, in addition to it, 4 lakhs were paid by Mysore to the British Government in December 1886, and 4 lakhs again in December 1887. These payments will reduce the balance of the Famine Loan to Rs. 1,91,735 principal and Rs. 7,669 interest. Total Rs. 1,99,404, payable in December 1888, in final liquidation of that loan.

But on the other hand, interest to the Southern Mahratta Company is payable at 4 per cent as follows :—

On Rs. 68,60,508, from 1st July 1886.
On „ 6,68,000, additional probable Capital Expenditure up to 31st March 1887.
On „ 37,38,000, probable Capital Expenditure during 1887—88.

Payments on the Interest account up to 31st March 1888 amount to Rs. 4,03,124 and a balance of about Rs. 6,00,596 is estimated as payable in 1888—89.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 8th May 1888.

There is no alteration in liability on account of interest on the 5 per cent Mysore Railway Loan.

V. *Forests.*—The Inspector General's estimate of Rs. 5,29,000 has been reduced to Rs. 4,55,000 by Order No. 319—20, dated 4th May 1888. This reduced estimate is about half a lakh more than the final estimate for 1887—88. This increase has been provided under "Conservancy and Working" owing to proposed extension of plantations and to increased felling operations required to meet the greater demand for timber of all kinds

1887—88 Rs. 4,04,824
1888—89 Rs. 4,55,000
Increase Rs. 50,176

XIX. *Medical.*—The increase under this head is necessary owing chiefly to the large number of new Dispensaries now being opened in every part of the Province. It is proposed that no Taluk Head quarters should be without a Dispensary.

1887—88 Rs. 1,78,000
1888—89 Rs. 2,05,000
Increase. Rs. 27,000

XXVI. *Public Works.*—The circumstances under which this increase is considered necessary are fully explained in the Orders on the Public Works Department Budget. But it may here be noticed that several large Irrigation Works and two important bridges are about to be undertaken.

1887—88 Rs. 16,50,000
1888—89 Rs. 20,00,000
Increase. Rs. 3,50,000

4. The increases specified in the foregoing paragraphs aggregate to Rs. 8,27,176.

5. The proposed transfer of the local Anche to the British Government, when carried out, will result in a net saving to the State of Rs. *75,000.

* Estimated Receipts Rs. 70,000
Estimated Disbursements Rs. 1,45,000
Saving Rs. 75,000

6. With the foregoing observations, provisional sanction is hereby given to the Preliminary Budget Estimates for 1888—89.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Comptroller.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd May 1888.

From the Director of Statistics and Agriculture, To the Chief Secretary to the Dewan of Mysore. No. 201, dated Camp Tumkur, 30th November 1887.

I have the honor to forward Mr. Sub-Assistant Conservator Bapu Rao's Memo (with list of prizes) containing proposals for the holding of Exhibitions annually in some parts of the Province for the encouragement and improvement of agricultural and other industries and cattle breeding.

2 The educational value of such Exhibitions can hardly be exaggerated, in bringing together people from different parts of the Province, in promoting their knowledge of the several methods of agriculture and manufacture and in tending to secure emulation in the several industries.

3. The most favorable season for holding Agricultural Exhibitions of this kind would be just after the harvest about the middle of February. Though the Dasara festivities at which a large number of people collect at Mysore might be a good opportunity for an Exhibition, yet it would not I fear attract a large number of exhibits, as the annual crop is not gathered till long after and the cattle and men would still be engaged in agricultural operations. The annual great fairs at Nandi and other places are regulated by this reason and are held after the close of the agricultural activity of the season and when the cattle have had rest.

4. The prizes proposed have been fixed with due regard to the necessity for making them attractive. It is a question whether the whole allotment would be expended as prizes would only be awarded for fair merit; a liberal grant would, however, allow of prizes being given for meritorious exhibits not included in the list of prizes.

5. The building for the Exhibition will have to be a large and inexpensive temporary structure, the cost of which would be covered by the sale of the materials after the Exhibition and by a small fee for admission to be collected at the door or by ticket during the Exhibition. The imposition of a small fee would be necessary to prevent overcrowding, though some hours or days might be set aprat for free admission of all visitors.

6. If the Government is pleased to sanction the general project and the necessary funds, the names of a committee of gentlemen to work out the details, to revise the prize list where advisable and to fix the date of the Exhibition will be submitted for approval.

Memo by Mr. S. A. Bapu Rao, Sub-Assistant Conservator.

In submitting as verbally directed a prize list for approval, and for obtaining the sanction of Government to hold an Agricultural Exhibition early in the next year, I beg permission to make a few remarks and suggestions, which although well known to you, will not be quite out of place, as proposal is herein submitted for an Exhibition of a different nature from, and a higher scale than any till now held.

2. Exhibitions are educational and commercial in their object. They bring together the best specimens of live stock, of field produce, and of arts and industries affording an opportunity of introducing them to the public notice. The ryots and the artists are cured of their self sufficiency, engendered in the absence of competition, learn the points of peculiar excellence in the productions of their fellow competitors, and aim at higher models than those they knew before. Exhibitions are the media through which people engaged in the arts and manufactures are kept informed of the inventions and improvements in their respective trades. Here all the deserving articles find a ready sale, and stimulate further production of similar and better ones. Improved live stock, good seeds, improved mechanical appliances, field produce and other articles of peculiar kind and special excellence are bought

and sold and the means of obtaining them is readily ascertained. More than the desire to win prizes, the desire to attract public attention to one's own skill, stimulates a healthy competition calling forth the dormant resources of the mind. Here also the ryot finds, in different stages of growth and preparation, the different new products, of which it is desirable that he should become a producer.

3. Exhibitions are also useful to the merchant as the produce brought together should indicate very fairly the capabilities of the District or Districts from which it is exhibited. To the people generally, especially to the more observant, they yield a far greater fund of information in a given time than any other institution. And to the Government annual Exhibitions are of special value. They afford a sure test of the character of the season experienced and of the progress made from year to year towards a more rational system of agriculture and more systematic methods of arts and industries.

4. To attain these ends, it is essential that, as far as possible, the actual producers and workers be made to compete and that with a view to permanent effect annual Exhibitions be held for a number of years in different parts of the Province under organized systems and arrangements. It is equally important that the Districts be made to compete with each other producing thereby a healthy stimulus to the interest felt by District officers in the agriculture, fine arts and industries of their Districts. In this connection I beg to suggest also that prizes be awarded at the cattle markets and other periodical fairs held in the different parts of the Province, for typical specimens of live stock and field produce.

5. In addition to the prize list of exhibits which purely concern agriculture, I have also submitted another list concerning specimens of the fine arts and industries of the Province. I have not made this latter very comprehensive, lest the proposal will be considered to be beyond economical limits. I believe a purely Agricultural Exhibition will not afford sufficient interest essential to perfect success; besides, industries are in no way less important than agriculture for the furtherance of the material prosperity of the country.

6. General rules and regulations for the conduct of the Exhibition will be submitted for approval as soon as directed; and necessary foot notes regarding the number or quantities of the exhibits and the manner of their forwardal will, after approval, be inserted in the prize list, before it is sent to the Press.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd May 1888.

GENERAL PRIZE LIST.

OF THE

Agricultural and Industrial Exhibition to be held at Mysore in October 1888.

	Exhibits.	1st Prize.	2nd Prize.	3rd Prize.	Total.
	SECTION A.				
	LIVE STOCK.				
	Class I.—Ponies bred in the Mysore Province.				
1	Pony-Stallion, over four years, and not exceeding thirteen hands ...	50	25	10	85
2	Pony-Mare, over four years old, not exceeding thirteen hands, fit for breeding purposes	50	25	10	85
3	Pony-Mare or Gelding, not exceeding thirteen hands, for draught or the saddle	20	15	10	45
	Total Class I.....	...	...	...	215
	Class II.—Cattle.				
1	Bull, imported, any breed, over three years old, suitable for getting Dairy stock.	50	30	...	80
2	Bull, Mysore breed, over three years old, suitable for getting Dairy stock.	50	30	15	95
3	Bull, any breed, over three years old, suitable for getting Draught cattle	50	30	15	95
4	Bull, any breed, under three years old...	30	20	...	50
5	Cow, imported, any breed, over three years old, suitable for breeding Dairy stock	50	30	...	80
6	Cow, Mysore breed, in milk, over three years old, suitable for ... breeding Dairy stock	50	30	20	100
7	Cow, any breed, in milk, over three years old, suitable for breeding Draught cattle	50	30	20	100
8	Heifer, any breed, under three years old	30	20	10	60
9	Bull-Buffalo, any breed, over three years old	30	20	10	60
10	Cow-Buffalo, any breed, over three years old	30	20	10	60
11	Bull-Buffalo under three years old	20	10	...	30
12	Cow-Buffalo do do	20	10	...	30
13	Pair of Trotting Bullocks for carriage use	50	30	15	95
14	Pair of Draught Bullocks, over 48 inches at shoulder ...	50	30	15	95
15	Do do under do do ...	30	20	10	60
	Total Class II	...	...	...	1,090
	Class III.—Sheep and Goats.				
1	Ram, imported, any breed, aged 2 years or older, fit for breeding wool-producing sheep	30	20	...	50
2	Ram, Mysore breed, aged 2 years or older, fit for breeding wool-producing sheep	20	10	...	30
3	Pair of Ewes or Gimmers, imported, any breed, over 2 years old, fit for breeding purposes	30	20	10	60
4	Pair of Ewes or Gimmers, Mysore breed, aged 2 years or older, fit for breeding purposes	30	20	10	60
5	He-Goat, any breed, suitable for improving the breed of Dairy Goats.	10	7	5	22
6	She-Goat, any breed, in milk	10	7	5	22
	Total Class III...	...	...	...	244
	Grand Total for Section A.	...	...	...	1,549

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd May 1888.

GENERAL PRIZE LIST.—*Continued.*

	Exhibits.	1st Prize.	2nd Prize.	3rd Prize.	Total.
	SECTION B.				
	VEGETABLE PRODUCTIONS.				
	Class I.—Field Produce.				
	(a)—Cereals or Grains.				
1	Hot season paddy (Vaisakhi Bhatta)	8	5	3	16
2	Cold season paddy (Kartika Bhatta)	8	5	3	16
3	Collection of different varieties of paddy	8	5	3	16
4	Ragi	8	5	3	16
5	Collection of different varieties of ragi	8	5	3	16
6	Great Millet (Bili Jola)	7	4	2	13
7	Do (Kempu Jola)	7	4	2	13
8	Collection of different varieties of jola	7	4	2	13
9	Wheat (Hotte Godhi)	8	5	3	16
10	Do (Jave Godhi)	8	5	3	16
11	Italian Millet (Navane)	7	4	2	13
12	Little Millet (Sáve)	7	4	2	13
13	Indian corn or maize (Muskinjola)	7	4	2	13
14	Spiked Millet (Sajje)	7	4	2	13
15	Panicum Miliaceum (Baragu)	7	4	2	13
16	Panicum Semiverticillatum (Haraka)	7	4	2	13
17	Other varieties of food grains	8	5	...	13
	Total (*a*).....	...	...	...	242
	(b)—Pulses.				
1	Dál (Togari)	8	4	3	15
2	Horse-gram (Hurali)	8	4	3	15
3	Bengal-gram (Kadle)	8	4	3	15
4	Black-gram (Uddu)	8	4	3	15
5	Green-gram (Hesaru)	8	4	3	15
6	Peas (Batani)	8	4	3	15
7	Beans (Avare)	8	4	3	15
8	Lentil (Karamani)	8	4	3	15
9	Other edible pulses	8	4	3	15
	Total (*b*).....	...	...	...	135
	(c)—Oil Seeds.				
1	Gingelly-oil seed (Atchellu)	7	4	2	13
2	Ramtil (Hutchellu)	7	4	2	13
3	Castor-oil seed (Haralu)...	7	4	2	13
4	Pongamia seed (Honge)	7	4	2	13
5	Bassia seed (Ippe)	7	4	2	13
6	Groundnut (Kadlekayi)	7	4	2	13
7	Safflower seed (Kusumba)	7	4	2	13
8	Decorticated cocoanut (Kobri)	7	4	2	13
9	Cotton seed (Hattibija)	7	4	2	13
10	Collection of other seeds	10	8	6	24
	Total (*c*).....	...	...	...	141
	Total Class I.....	...	...	...	518

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd May 1888.

GENERAL PRIZE LIST.—*Continued.*

	Exhibits.	1st Prize.	2nd Prize.	3rd Prize.	Total.
	Class II.—Garden, Plantation and Jungle Produce.				
1	Tamarind	5	3	2	10
2	Gall-nut	5	3	2	10
3	Soapnut	5	3	2	10
4	Cocoanut	7	4	3	14
5	Arecanut	7	4	3	14
6	Sugarcane	8	6	4	18
7	Betel-leaves	5	3	2	10
8	Green Ginger	5	3	2	10

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd May 1888.

CAMP NO. 805-814—CIR. 21½, DATED OOTACAMUND, 3RD MAY 1888.

ORDER THEREON.—The Government of His Highness the Maharaja sanction an Agricultural and Industrial Show to be held at Mysore about the middle of October next, immediately after the close of the approaching Dasara. The Prize list received from the Director of Statistics and Agriculture, revised in certain minor details, and amounting to Rs. 7,215, is sanctioned provisionally, subject to future revision.

2. The work of elaborating the details and carrying out the proposed Exhibition will be entrusted to a Committee of official and non-official gentlemen with Mr. Ricketts as its President. The Deputy Commissioners will be requested to become members of the Committee, and they will also be asked to submit proposals for any alterations in the Prize list they may be able to suggest, as well as the names of any official and non-official gentlemen in their respective Districts, whose appointment on the Committee may be desirable.

3. A sum of Rs. 10,000 will be sanctioned towards the entire *net* expenses of the Show, Rs. 7,215 for prizes and the remainder for building and contingencies.

4. The Director of Statistics and Agriculture will be requested to cause the immediate publication of the Prize list as now sanctioned, subject to revision hereafter. He will also place himself in communication with the Deputy Commissioners of Districts, and submit in due course a list of the names of members for the Executive Committee.

5. The construction of the temporary building required and the collection of Exhibits under the various sections from all parts of the Province and from elsewhere, and generally all arrangements required to make the proposed Show a complete success, will be left in the hands of the Executive Committee and to Mr. Ricketts as its President.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Director of Statistics and Agriculture in Mysore.
The Deputy Commissioners of Districts.

OFFICE OF THE DEWAN OF MYSORE
Bangalore, 10th May 1888.

Form

To

The Chief Secretary to the Dewan of Mysore.

Heads of Departments.

The Deputy Commissioners of Dsitricts.

CIRCULAR.

The Heads of Departments and Deputy Commissioners are requested to submit periodically, for registry in this Office, a list of candidates whom they consider eligible for promotion to the grade of Amildars and Deputy Amildars, having qualified themselves by departmental tests, experience, character and intelligence. Such list should invariably reach this Office before the end of September every year, soon after the results of the Local Service Examinations are out, which will be about the beginning of that month.

To—The Deputy Commissioner, Tumkur,
with reference to his No. 2, dated 3rd April 1888.

By Order,
R. VIJAYINDRA RAO,

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General).—dated 12th May 1888.

READ THE FOLLOWING PAPER :—

Letter No. 72, dated 7th April 1888, from the Comptroller, submitting, for the decision of Government, correspondence with the Deputy Commissioner of Shimoga disputing the validity of the medical certificate given by the Civil Surgeon of Shimoga in the case of one Srinivasa Rao, late a Revenue Gumasta of the Shikarpur Taluk.

No. 1144-6—78, DATED CAMP OOTACAMUND, 12TH MAY 1888.

ORDER THEREON.—Doubts have arisen regarding the medical certificate granted by Dr. Choksi to one Srinivasa Rao, an applicant for invalid pension. The certificate is not in the form prescribed by Section 108 of the Civil Pension Code which lays down that "if the incapacity does not appear to be complete or permanent, the certificate should be modified accordingly"; but, without making such modification, the certificate proceeds to say that the applicant is " fit for further service of a less laborious kind than that which he has been doing". This addition, without the prescribed modification which has been omitted, is not intelligent.

2. Under these circumstances, and, as the applicant is already 53 years old, as he is admittedly unfit for the duties of his post of Revenue Gumasta by reason of old age, and as it is not easy to conceive what less laborious post than that of a Revenue Gumasta could be found for Srinivasa Rao, the Government, under Section 108, Clause 1 of the Civil Pension Code, directs that the certificate in question be accepted as invalidating the applicant for further Government service.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Comptroller.
The Deputy Commissioner, Shimoga District.
Copy to the Senior Surgeon for information.

READ THE FOLLOWING PAPERS :—

Proceedings No. 739-48—48, dated 10th May 1880, directing the collection of Municipal mohatarfa tax on Government buildings in the occupation of private individuals paying rent to Government.

Read letter from the Military Secretary, dated 17th May 1888 No. 283, recommending that the Military huts in the occupation of Barr Sepoys may be exempted from the tax on the ground that the charge of maintaining these huts fall on the Sepoys exclusively, and the Municipalities have no control over them.

CAMP NO. 468—76, DATED MYSORE, 26TH MAY 1888.

ORDER THEREON.—The Dewan observes that the collection of the tax will not prejudice the Sepoys as the liability to pay the tax will fall on Government which recovers the rent.

2. The huts when they are within Municipal limits must necessarily be under the control of the Municipality in all Sanitary measures.

3. The Military Secretary's attention is requested to the orders contained in the late Chief Commissioner's Proceedings No. 3400—35, dated 6th July 1876, and No. 739—48, dated 10th May 1880. The principle of these orders is thoroughly sound and must be enforced in all cases.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Military Secretary returning the correspondence received from him.
The Deputy Commissioners of Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 22nd May 1888.

READ THE FOLLOWING PAPER :—

Letter No. 66, dated 1st May 1888, from the Deputy Commissioner, Tumkur District, soliciting sanction to the cost of certain sanitary improvements at Pavagada, amounting to Rs. 500, being met from a special grant from Local Funds General.

CAMP NO. 442-43, DATED 22ND MAY 1888

ORDER THEREON.—The Dewan regrets very much that expenditure should have been incurred without adequate sanction. The works were by no means so urgent as the Deputy Commissioner represents, and he is requested to note for his future guidance that no expenditure incurred without previous Government sanction will be passed.

2. The present application is granted as a special case and Rs. 500 will be paid from the Local Funds General. The grant however should form no precedent for similar grants from that Fund.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.
The Comptroller.

PART I.

MILITARY.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Military).—dated 22nd May 1888.

READ THE FOLLOWING PAPERS—

Letter No. 287, dated 17th May 1888, from the Military Secretary, submitting proposals for opening two Workshops at Mysore and Shimoga for the repair of arms, &c, in connection with the Barr and Silahdar Force at those Stations.

No. 448-49, DATED MYSORE, 22ND MAY 1888.

ORDER THEREON.—The proposals made in the above letter for opening two Workshops in connection with the Silahdar Regiments and Barr Battalions at Mysore and Shimoga are sanctioned. For the supervision of the Workshops and for the inspection of arms, accoutrements, &c., two officers to be selected from the Force will be employed as Quarter Masters, and two Jhandawalas will be utilized as Chucklers. The entertainment of two Smiths on Rs. 11 each per mensem is also sanctioned, the cost being met, as proposed, from the Budget provision under the head "Repairs of Arms, &c."

2. It is hoped that the above arrangement would be found sufficient, as it is desirable to avoid increase of cost on account of buildings or establishment. After a fair trial of the above scheme, it should be reported whether any and what reduction of the cost of the Bangalore Workshop is feasible.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Military Secretary.
The Comptroller.

PART I.

PUBLIC WORKS

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works Department),—dated 8th May 1888.

YALADAHALLI TANK, MALVALLI TALUK.—

Nos. 1996-363—2013-80, DATED BANGALORE, 8TH MAY 1888.

ORDER.—With his memorandum of 23rd April, the Superintending Engineer submitted correspondence connected with the above tank. From this, it would appear that the tank was restored and brought up to standard by the Public Works Department in 1878, grade stones having been fixed to indicate the level up to which the bund should be maintained. Under the rules of 1873, the maintenance of the tank thence forward devolved on the ryots.

2. The tank breached during the heavy rains of October 1887, when the bund was overtopped by the flood in 3 places. The Officers of the Public Works Department attributed the damage partly to the neglect of maintenance of the bund, and partly to the diversion of the weir channel by the ryots. On the other hand, the Revenue Sub-Division Officer attributed the breach to natural causes rather than to any neglect of the bund He endeavoured to persuade the ryots to make good the damage, but this they expressed their inability to do, the work required being very considerable. After some correspondence on the subject, the Deputy Commissioner suggested that, if there was any doubt as to the cause of the damage, a prosecution might be instituted against the ryots, so that the question might be decided by evidence and judicial enquiry.

3. As pointed out by the Superintending Engineer, the fact that the level of the bund had been allowed to wear away in parts to from 2 feet to 3 feet only above the level of the kodi, *i. e.*, from 2½ feet to 3 feet below the maintenance levels indicated by the grade stones, and that the bund was overtopped by the flood, is sufficient evidence that the breach was directly due to defective maintenance. The diversion of the kodi nullah may also have contributed, but in a minor degree. The Revenue Officers, who inspected the tank, do not state whether or not any attempt was ever made by the ryots to maintain the earth-work. They confine themselves to discussion of possible causes of the breach as alleged by the villagers.

4. Under the circumstances, it is clear that the rules of 1873 were distinctly evaded, and to this evasion Government must directly ascribe the destruction of the tank. The proposal of the Deputy Commissioner to institute a prosecution must have been made without a proper study of the bearings of the whole question or of the existing rules which apply to it. A prosecution in this case would be no more reasonable than a civil suit for the recovery of Government revenue. The case is one for which a special procedure is provided in the Rules published in Chief Commissioner's Notification of 2nd October 1873, which have the force of law, and it is the duty of the Revenue authorities to enforce now such procedure, as it was their duty to cause the ryots to maintain the tank from year to year, or in case of failure to have done whatever work was necessary and recovered the cost thereof from those in default.

5. Though the breach was evidently due to gross neglect to maintain on the part of the ryots, yet the Government will, as a matter of concession, fill in the breach, but the ryots must be made to do the needful earthwork required to bring the bund up to the standard fixed for it in 1878. If this work is too great a burden for the ryots, then part of it should be done out of a fine to be imposed upon the Patel and other Revenue officials who neglected their duty. The Deputy Commissioner will report how he proposes to execute this order; he will also report for the information of Government, the names of the Amildars who have been in charge of the Malvalli Taluk since 1878; how often the tank was inspected by the Amildars or

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works Department),—dated 8th May 1888.

by the Assistant Commissioner or Deputy Commissioner, and whether any or what steps were taken to require the ryots to maintain the bund at the standard fixed for it when restored.

6. This is the second instance brought to the notice of Government within a very short time, of the gross neglect of the rules of 1873 in the Mysore District. The Deputy Commissioner must immediately issue a circular to all Amildars in his District, calling their attention to the rules of 1873 and enjoining them to inspect at once all tanks brought up to standard since 1870 and to satisfy themselves that the bunds are all maintained at the standard fixed for them. The Deputy Commissioner must also obtain periodical information regarding tanks inspected or dealt with by Amildars under the above circular.

By order,

C. BOWEN *Lieut.-Col, R. E.,*
Secretary to the Government of Mysore,
P. W. D.

To—The Chief Secretary to the Dewan.
The Deputy Commissioners of Districts.
The Executive Engineer, Mysore Division, for information, with reference to correspondence ending with his No. 162 of 14th ultimo, the enclosures of which are returned.
All other Executive Engineers (except Sanitary Engineer and Palace Division.)

READ THE FOLLOWING PAPERS :—

Note dated 11th April 1888 *by Public Works Secretary on Preliminary Issue of the Public Works Budget Estimates for the year* 1888—89.

The Budget Estimates for the year are based on aggregate grants amounting to Rs. 28,74,000, being Rs. 4,15,000 more than the final grant of the year 1887—88. These grants are to be met from the following sources :—

Rs.	
21,00,000	from Provincial Funds.
5,22,000	do District Funds, &c.
2,00,000	do Provincial Irrigation Fund.
52,000	do Palace Funds.
28,74,000	

PROVINCIAL BUDGET.

1. The grant from this Budget has been fixed at 21 lakhs against 16 lakhs for 1887—88. This includes a grant-in-aid of Rs. 10,72,000 to Provincial Irrigation Fund and to District Funds, the incomes under which are not sufficient to meet the increasing demands, as will be explained further on. In Abstract No. I will be found the distribution of this grant over the various Budget heads.

2. *Original.*—Under "Military," a grant of Rs. 33,000 has been assigned for six new buildings. Two of these are already in hand, extensions of the Silahdar Lines at Bangalore and at Mysore. The others, as detailed in Part I, are considered urgently necessary by the Military Secretary.

3. It may be noted here that the grant set apart for Military works is quite inadequate to provide for requirements all over the Province. The Military Secretary has recently brought to notice that the forces under his command in the various stations suffer great hardships from the insufficient, inconvenient and generally dilapidated condition of their huts, and it would seem desirable that a special assignment of funds, spread over a few years, should be made to house both Silahdars and Barr Sepoys in a befitting manner. There is no reason why the Mysore

troops should not be on a par in this respect with the Native troops in British Territory. At present there is no doubt many of the men have not commonly decent habitations to live in, a state of affairs that must materially injure the "Morale" of any soldiery. But with existing demands for Irrigation, Civil Buildings, Roads and Sanitary Improvements, but a very small proportion of the P. W. grant can be alloted for this purpose, and it is therefore necessary that special consideration be invited to the matter.

4. Under "Civil Buildings," provision has been made for 12 new works and 18 incomplete works of previous year. The grant under this head is Rs. 1,75,000 or Rs. 32,000 more than that of 1887—88. Of this amount, as much as Rs. 32,000 has been allotted for Dispensaries and Medical accommodation, yet this does not meet the demands made by the Senior Surgeon to Government and the Deputy Commissioners of Districts. Dispensaries are, there can be no doubt, an invaluable boon to the people, and it must be admitted that the establishment of such at *all* Taluk kasabas and chief towns, is to be desired. However as the P. W. grant now stands, it is impossible, with due regard to the requirements of other Departments, to provide more than the 14 new buildings entered in the Budget.

5. Of the Rs 53,300 reserved for minor works and incomplete works of last year not specially provided for, Rs. 35,000 will be given for new Police Stations, Lines, and Quarters, in pursuance of the policy alluded to in the Budget of last year under this head. The Inspector General of Police has asked for as much as Rs. 50,000 for this purpose, but so large an assignment it is impossible to make, without prejudice to Educational, Revenue, Judicial and other buildings.

6. It is unnecessary to allude specially to other items shown in Part I. The allotments to each have been made in view to proper progress and efficient work. Had funds admitted, provision would have also been made for adding to and improving the range of Treasury buildings at Mysore and for two or three new Taluk Cutcherries to supersede existing ones which must sooner or later be abandoned.

7. This would however have interfered with progress on the more important buildings which must find a place in the Budget, and so their postponement for a time is considered best.

8. The details under "Irrigation" have been entered in the "Provincial Irrigation Fund Budget." The total charges amount to Rs. 9,72,000 which will be treated as a grant-in-aid to that Budget, *viz.*, Rs. 8,00,000 for Works and Rs. 1,72,000 for Establishment. Further remarks on Irrigation Works will be found under the paragraphs dealing with the "Irrigation Fund."

9. Under "Communications," Rs. 2,52,000 have been provided. Of the original roads and railway feeders provided for all have been in handfor some time and sufficient funds are allotted to ensure as far as possible speedy completion. But the most important items under this head are the two new bridges, across the Tunga and the Bhadra, items 56 and 57, now brought forward for specific sanction and allotment of money for the first time. These two bridges will be the most important works of the sort undertaken in the Province since the construction of the Harihar bridge across the Tunga and Bhadra united in 1871. They had been under contemplation for many years, prior to the Rendition, but financial considerations and priority of other requirements necessitated their postponement indefinitely, and it is matter for congratulation that the Province is now in a position to undertake their construction. They are admittedly works of undoubted public importance, and once commenced, it would be most desirable to press them on to completion. Considering however the state of the labor market, the difficulties of the locality, and the fact

that work cannot be started till after the monsoon, it will probably be impossible to spend more than Rs. 25,000 on each bridge in the first year.

10. Special note must be made of the large provision under this head this year for Travellers' Bungalows and Inspection Lodges. The Superintending Engineer has hitherto been opposed to the extension of new buildings of this class, but the question of improved accommodation for travellers and for the officers of Government when on tour, has been so persistently and strongly urged by the Deputy Commissioners and other officers concerned that he has relaxed his opposition to the expenditure of money in this direction, and after full discussion of requirements with several of the Deputies and others, more especially as regards the Shimoga Division, for which provision has chiefly been made, he has deemed it advisable in the broad interests of Government to bring forward the projects under items 34, 35, 38, 46, 49, 50, 51, 52, 53, 55 and 59, in addition to which Lodges on a small scale and Kitchens for High caste Hindus can be built as Minor works from the Reserves set apart in each Division for such works. Five new Musafarkhanas are also brought forward, at Chelur, Seringapatam, Huldal, Saulanga and Aldur. Of the utility of these there can be no doubt, and indeed, if funds had admitted, there are many other places where it would be desirable to provide such accommodation, as traffic along all the roads is very perceptibly on the increase.

11. Under "Miscellaneous Public Improvements" provision has been made for 5 new works, besides 8 incomplete works of previous year. An allotment of Rs. 40,000 has been specially made for improving the water supply of the Pettah under authority of Dewan's Proceedings No. 2997—98 of 27th March 1888, in which orders were passed on the estimate of Rs. 84,000 for this useful work. This allotment is made in the belief that it will be found feasible to secure a water tight dam and that the distribution of water therefrom by pipes will be eventually decided on.

12. Ample provision is made for the completion of the feeder of the Kukarhalli reservoir and for the system of distribution therefrom, and as far as the grant would permit, funds have been given for other important sanitary improvements to the Capital of the Province.

13. It would have been desirable perhaps to set apart funds for improvements also to the town of Bangalore, which have been urged on Government, but no definite orders on this question have as yet been passed, and if the schemes are approved of in the course of the year, an additional special grant for the same will have to be provided.

14. ***Repairs.***—The provision under this head, Rs. 2,57,000 is nearly the same as that for 1887—88. Under "Communications," of the 2 lakhs provided for, a sum of Rs. 1,74,500 is required for the up-keep of 1,082 miles of main roads, at an average rate of Rs. 161 per mile. It may be mentioned that an enhancement of this average mileage rate was considered very desirable, for a marked development of traffic along both Provincial and District roads is apparent, but the grant did not admit of such an increase. It is believed that in the near future, increased grants will be necessary to prevent deterioration—for the present, the most must be made of the allotments available.

15. ***Establishment.***—The increase under this head is explained under "General Remarks."

16. ***District Funds Budget.***—The grant from the District Fund proper has been fixed at Rs. 4,43,000, on the estimated annual receipts, less the amount audited by the Comptroller.

17. The mileage allotments for the annual repairs of some of the District roads having hitherto been insufficient for effective maintenance, special separate repair estimates had frequently to be sanctioned—a clumsy arrangement which added unnecessarily to account-keeping and correspondence. It is obvious that, as a rule, the estimate for the maintenance of a road, should be an accurate forecast of full requirements of the year. To obviate this, the annual grants for the more important lines have been somewhat enhanced, though it may be admitted at once, not to the extent really required. The charges under "Repairs, Communications." now aggregate Rs. 2,67,000 (inclusive of the amounts reserved for unforeseen minor and incomplete works of the previous year) or more than one half of the total grant. The balance available, after providing for the quota of establishment charges, being quite inadequate to meet the requirements under "Original Communications," it is proposed to make a grant-in-aid of one lakh from Provincial to District Funds. This amount is distributed according to the requirements of the several Divisions as noted below :—

	Works.	Establishment.	Total.
Bangalore Division	8,000	1,700	9,700
Kolar	7,000	1,500	8,500
Tumkur	8,000	1,700	9,700
Chitaldroog	8,000	1,700	9,700
Mysore	24,000	5,300	29,300
Shimoga	13,000	2,850	15,850
Kadur	10,000	2,250	12,250
Hassan	4,000	1,000	5,000
Total.....	82,000	18,000	1,00,000

18. In addition to the above grant-in-aid, a sum of Rs. 79,000 has also been allotted, Rs. 12,150 from District Fund assets of the Shimoga District and Rs. 66,850 from the local funds general, for works already sanctioned to be met from these sources. These works are :—

District Fund Assets.

	Works.	Establishment.	Total.
Bridging the Kumadavati river at Gubbur on Shimoga, Sorab-Sirsi road.	10,000	2,150	12,150

Local Funds General.

Improving Bangalore-Hindupur road	8,000	1,700	9,700
Opening out Bababudan Hill road	3,000	650	3,650
Bridge across the Yagachi river at Belur	44,000	9,500	53,500
Total	65,000	14,000	79,000

19. The District Fund Budget grant will now stand as Rs. 6,22,000 or Rs. 43,000 more than for 1887—88. The distribution of this grant is given in Abstract IV. The original works, entered in the detailed budget accompanying, have all received the approval of the Local Fund Boards of the respective Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 9th May 1888.

PROVINCIAL IRRIGATION FUND BUDGET.

20. The grant under the Irrigation Fund including the grant-in-aid of Rs. 9,72,000 from Provincial Funds, referred to in para 1, amounts to Rs. 11,72,000 against Rs. 9,97,800 for 1887—88, as modified by re-appropriation. Of this amount Rs. 8,15,000 has been allotted for "Original Works", Rs. 1,50,000 for "Repairs" and the balance Rs. 2,07,000 for "Establishment."

21. The demand for irrigation works is rapidly increasing, save in Shimoga District where there are only a limited number of large tanks and much cannot therefore be done in this direction. Two hundred and sixty Major works, with a total allotment of Rs. 7,09,200 have been provided for under "Original" *vide* Detailed Budget, Part I. Large amounts have been assigned for some of the more important projects now in progress, such as the Rekalgere project in Challakere Taluk, (Rs. 30,000), improving Maddur ane channels (Rs. 1,8000), improving the Ramasamudram channels (Rs. 25,000), the Rampur channel works (one lakh), restoring the Sogal Anikat and channels in Honnali Taluk (Rs 15,000) and restoring the Madapur Anikat and channels in Hassan Taluk (Rs. 20,000).

22. It may also be noted that it is proposed during the year to start work on two new tanks on a very large scale, items 97 and 114, the projects for which are now before Government for orders. Passing allusion may also be made to the restorations provided for under items 118, 120 and 202, each of which will virtually amount to entirely new works involving an average outlay on each of upwards of half a lakh of rupees.

23. For minor irrigation works Rs. 45,800 have been provided in the Budget. This will give only Rs. 5,000 for each Division. The provision of Rs. 1,50,000 under "Repairs" includes a sum of Rs. 33,450 for the annual repairs of river channels in the Mysore and Hassan Districts.

24. *General Remarks.*—Besides the Budgets enumerated above, a sum of Rs. 52,000 has been sanctioned from the personal estate of His Highness the Maharaja of Mysore, for the completion of the extension of the Palace in Bangalore and for other minor works in connection therewith.

25. *Establishment.*—The total charges under this head aggregate Rs. 5,00,000 against Rs. 4,21,000 for 1887—88. The difference is principally due to increased provision having been made under "Construction" for the additional establishments required under all heads to cope with the increased budget grant proposed for the year *vide* revised scale of establishment submitted with this Office Memo of 3rd March 1888. Provision has also been made for the establishment required for the Special Bridge Division to be formed in Kadur District, for the purpose of supervising the construction of bridges at Haribarpur and Belehonnur, these works demanding a specially qualified officer to be solely employed thereon.

26. The total establishment charges are 17·4 per cent on the total grant of Rs 28,74,000. This compares favorably with the percentages hitherto obtained in the Department. The charges are rateably distributed to all Budgets, as shown below, the Palace Budget excepted. It has not been usual to debit Palace works with supervision charges.

	Rs.
Provincial Fund at 18 per cent ...	1,82,000
Provincial Irrigation Fund at 18 per cent	2,07,000
District Funds at 18 per cent ...	1,11,000
Total.....	5,00,000

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works).—dated, 9th May 1888.

No. 2049- 387, DATED OOTACAMUND, 9TH MAY 1888.

ORDER THEREON.—The Preliminary Public Works Department Budget for 1888—89 is based upon a grant of—

Rs.	
21,00,000	from Provincal Revenue.
5,22,000	from District Funds and Local Funds General.
2,00,000	from the Irrigation Fund.
52,000	from Palace Fund.
Total... 28,74,000	

PROVINCIAL FUND BUDGET.

2. The grant from Provincial Revenue is reduced to 20 lakhs under circumstances which will be explained hereafter under the District Fund Budget. Out of this reduced grant, Rs. 9,72,000 will, as proposed, be devoted to Irrigation Works.

3. In regard to Military buildings, the grant of Rs. 33,000 is approved, and the Superintending Engineer will be requested to draw up, in communication with the Military Secretary, a moderate forecast of expenditure required for Silahdar and Barr huts. The expenditure must of course be spread over a series of years owing to other more pressing demands upon the funds annually available for Public Works generally.

4. Under Civil Buildings, the large sum of Rs. 1,75,000 is set down for expenditure during the current year. The items for which details are given amount to Rs. 1,21,700, and they are distributed as follows :—

	Rs.
Education	3,500
Medical	32,200
Police	7,000
Public Offices and Jubilee Institute at Mysore	45,000
Other public buildings	34,000
Total.....	1,21,700

5. The lump sum grant under "Reserve, Minor Works" amounts to Rs. 53,300. Out of this provision must be made for Police works as far as possible, as well as for the proposed addition to His Highness the Maharani's Girls' School at Mysore which must be treated as a Public Educational building.

The Munsiff's Court at Honnali and the alteration of the old jail at Kolar are items which must be reserved for further consideration.

Under "Original, Communications," the proposed expenditure of Rs. 1,70,000 including grants for the two important bridges at Balehonnur and Hariharpur, is approved. Provision has been made for 7 Travellers Bungalows, 6 Musafarkhanas, and 4 Inspection Lodges. The need for these buildings is admitted on all hands, but the funds available should be distributed among the various Districts which are most in want of such accommodation. It is also necessary to adopt for the Inspection Lodges a simple but substantial standard. The Deputy Commissioner, Mysore, has brought to my notice that such Lodges are much required at Yedatore, Tirumakudlu-Narsipur, Hunsur and Nanjangud. Some provision under this head for the Mysore District is necessary in the current year, and may be found by re-appropriation of grants for "Reserve, Minor works," or from grants for Civil Buildings which may not have to be utilized, or by postponing one of the Travellers' Bungalows least urgently required. The conversion of Narasimhaswami's temple corridors into a Musafarkhana at Seringapatam, may also stand over for the present.

6. Under "Miscellaneous Public Improvements" provision is made for the water supply and drainage of Mysore as well as for other necessary sanitary improvements in that City.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 9th May 1888.

IRRIGATION BUDGET.

7. The grant from the Irrigation Fund for 1888—89 is fixed at Rs. 2,00,000 and in order to avoid confusion in the future, it will be best to devote the whole of this amount (1st) towards the cost of the establishment of Tank Inspectors recently sanctioned, (2ndly) towards the repair of masonry works of such tanks as have been brought up to standard and (3rdly) towards repairs of all tanks and other Irrigation works.

8. Under this arrangement, the whole of the Provincial grant for Irrigation works, *viz.*, Rs. 9,72,000, will be devoted exclusively to Original Works and the cost of establishment chargeable thereto. If, however, the above alterations cannot be made in the Preliminary Budget without leading to delay, giving effect to them may be deferred for the present.

9. The Budget for Irrigation Original Works, amounting as per details given, to Rs. 8,15,000 is approved, as also the grant of Rs. 1,50,000 towards repairs of irrigation works.

DISTRICT FUND BUDGET.

10. The aggregate balance of the District Funds of the Province on 1st April 1888 is estimated to amount to Rs. 3,80,555. The receipts for 1888—89 are estimated at Rs. 4,85,500, thus giving a total of available assets of Rs. 8,66,055.

11. The expenditure under all heads other than Public Works is estimated at Rs. 42,279, and the balance of the probable revenue of the year, *viz.*, Rs. 4,43,000 alone, is, under existing orders, available for expenditure on Public Works The Superintending Engineer explains, in paras 11 *Et seq* of his note, that this amount is utterly insufficient for legitimate requirements, and he accordingly proposes a grant-in-aid of one lakh from Provincial Funds, in addition to a grant of Rs. 66,850 from Local Funds General and a special grant of Rs. 12,150 from the District Funds of Shimoga. On careful examination of the details of the Budget, the Government are satisfied that the proposed expenditure, both on Original Works and on Repairs, is not, with due regard to public interests, capable of reduction. Under "Original Communications", a considerable increase is found necessary, an expenditure of Rs. 2,30,600 against Rs. 1,67,800 for 1887—88 having had to be provided for works approved by the District Fund Committees concerned.

12. Moreover, the mileage allotment for annual repairs to District Fund Roads hitherto allowed, is found insufficient for effective maintenance, and therefore it is proposed to increase this amount to Rs. 2,67,000 from Rs. 2,43,850 sanctioned for 1887—88. This increase is, in the opinion of the Government, no more than is absolutely required to prevent deterioration of the District Fund roads.

13. Under other heads, the increases provided for are unimportant.

14. The estimates for 1888—89 and 1887—88 are compared below:—

	1888—89.	1887—88.	More or less.
Original, Communications	2,30,600	1,67,800	+ 62,800
Do Miscellaneous Public Improvements ...	9,200	9,000	+ 200
Repairs, Communications	2,67,000	2,43,850	+ 23,150
Do Miscellaneous Public Improvements ...	2,900	1,300	+ 1,600
Tools and Plant	1,300	1,450	— 150
Establishment charges	1,11,000	1,05,850	+ 5,150
Total.....	6,22,000	5,29,250	+ 92,750

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works)—dated 9th May 1888.

15. While sanctioning the above estimates for 1888—89, the Government are of opinion that the whole of it, as far as possible, should fall upon the respective District Funds to which the various works appertain, the only exception to this principle being in the case of particular District Funds which might be left without a fair working balance if this were done. The assets and expenditure of the various District Funds are as follows:—

Districts.	Probable assets for 1888—89	Public Works Department grants for 1888—89.	Other grants for 1888—89.	Total grants for 1888—89	Probable balance on 31st March 1889 or—
	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore	78,162	63,200	3,825	67,025	+ 11,137
Kolar	1,11,943	72,200	3,599	75,799	+ 36,144
Tumkur	1,15,925	63,700	7,206	70,906	+ 45,019
Chitaldroog	27,036	37,700	3,702	41,402	— 14,366
Mysore	1,66,470	1,05,300	6,477	1,11,777	+ 54,693
Shimoga	1,95,827	1,05,500	5,922	1,11,422	+ 84,405
Kadur	57,939	53,100	7,644	61,044	— 3,105
Hassan	1,12,753	1,21,000	3,904	1,24,904	— 12,151
Total.....	8,66,055	6,22,000	42,279	6,64,279	+ 2,01,776

16. From the foregoing statement, the Government are of opinion that the Districts which really require grants-in-aid are those of Chitaldroog, Kadur and Hassan. In the Chitaldroog District, towards the Sulekere halla bridge, estimated to cost about Rs. 35,000, only a grant of Rs. 4,000 has been sanctioned from Local Funds General, and the remainder of the cost is borne by the Chitaldroog District Funds. In consideration of the fact that this work is fairly entitled to a much larger grant from Local Funds General, the Government will now give a grant-in-aid from Local Funds General of Rs. 25,000 for works in the Chitaldroog District during the current year.

17. Similarly, the District Funds of Kadur will be given a grant-in-aid of Rs. 14,000 from the same source inclusive of the current year's grant for the Baba-budan Hill road.

18. A grant-in-aid of Rs. 53,500 will be given from Local Funds General to the Hassan District on account of the bridge across the Yegachi river at Belur.

19. The Kolar District does not stand in need of any grant-in-aid on account of the Bangalore-Hindupur road, and the provision for such a grant, will accordingly be struck out.

20. Under the above circumstances, the grants-in-aid from the Local Funds General to District Funds during 1888—89 will be as follows:—

	Rs.
To Chitaldroog District	25,000
„ Kadur District	14,000
„ Hassan District	53,500
Total.. ...	92,500

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 9th May 1888.

21. The balance of each District Fund will thus be as follows on 31st March 1889 :—

		Rs.
Bangalore District	... ...	+ 11,137
Kolar do	... ...	+ 76,141
Tumkur do	... ...	+ 45,019
Chitaldroog do	... ...	+ 10,654
Mysore do	... ...	+ 54,693
Shimoga do	... ...	+ 84,405
Kadur do	... ...	+ 10,895
Hassan do	... ...	+ 41,549
	Total.....	2,94,276

22. If, in the next year, any particular District Fund is found to be incapable of meeting the local requirements of that District, the necessary relief must be afforded by relieving it of the maintenance of the more important roads to the extent necessary for keeping its annual expenditures within its annual income. The Deputy Commissioners will be requested to report whether the balances shown in para 20 above are not sufficient for their respective ordinary requirements and pending orders upon such reports, the arrangement above recorded will be provisionally sanctioned for the purpose of the Public Works Department Budget, the grant from District Funds during 1888—89 being Rs. 5,29,500 against Rs. 5,29,250 in 1887—88, and the total of grants-in-aid from Local Funds General being fixed at Rs. 92,500 against Rs. 56,250 in 1887—88.

28. *Establishment.*—The Budget provides a sum of Rs. 5,00,000 under Establishment as follows :—

Salaries of establishment, permanent and temporary ...	3,08,862
Lump sum grants for minor permanent and temporary establishments	94,720
Office contingencies and allowances (travelling, Sub-Division, Superintending and Officiating)	96,418
Total.....	5,00,000

The foregoing estimate of establishment requires slight alterations in accordance with the orders passed this day on the revision of Public Works Department Establishment. These alterations must be effected in due course.

24. Subject to the foregoing observations, the Preliminary Public Works Department Budget for 1888—89 is sanctioned. The total amount of the Budget is Rs. 28,74,000 from the following sources :—

Provincial Revenue	20,00,000
Irrigation Cess Fund	2,00,000
District Funds	5,29,500
Local Funds General	92,500
Palace Funds	52,000
Total.....	28,74,000

By Order,

C. BOWEN, *Lieut.-Col., R. E.,*
Secy. to the Govt. of Mysore, P. W. D.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 30th May 1888.

READ THE FOLLOWING PAPER :—

Note by the Secretary, Public Works Department, dated 3rd March 1888, submitting proposals for a Revision of Establishment.

I have had under consideration for some time the advisability of improving the position and prospects of the Engineer, Subordinate, and Office Establishments of the local Public Works Department, and at same time strengthening it on some fixed lines, in order to keep pace with the gradually enhanced annual allotments and the fast increasing duties and responsibilities devolving on all members of the Establishment. The circumstances of the Department are not what they were a few years back, when after the famine rigid economy was the order of the day; the annual expenditure on Public Works has been steadily rising, and there is every reason to hope that this advance will not fall off again for many years to come. The establishments which have to cope with the largely increased outlay have therefore to be placed on a footing which will enable them to deal satisfactorily therewith.

With these remarks, I shall proceed first to deal with the Engineer Branch.

Executive Engineers.

At present there is no fixed scale. There are 11 Divisions, 3 of which may be called "Special" (Palace Division, Ashtagram Channel Division and Mysore Improvement Division) and there are on our rolls 8 Executive Engineers and 1 Sanitary Engineer. Two Assistant Engineers are in independent charge of Divisions.

In order to arrive at a recognized scale we may assume I think that there will always be 8 permanent Divisions to correspond with the Civil Districts; and we may also assume that the number of Executive Engineers should be 2 in excess of the permanent Divisions, so as to provide for absentees as well as for a qualified Assistant to the Secretary, Public Works Department. Our *normal* number of Executive Engineers should therefore be 10. When occasion arises for Divisions in excess of above, such as the present Sanitary Division in Mysore or the Bridge Division to be formed next year, special arrangements for the same will have to be made. We are now considering merely normal requirements, and any additions thereto found necessary in course of time will be provided for by temporary hands.

Accepting then 10 as the normal number of Executive Engineers required in the Province, we have to fix their distribution by grades. At present, of the 7 local Engineers, 1 is 1st grade, 4 are 2nd grade, and 2 are 3rd grade. There are but 3 grades. To improve the prospects of these gentlemen, I would establish 4 grades, to correspond with the Engineer Establishments in other parts of India. I see no reason for restricting the Mysore Public Works Department to 3 grades only narrowing the sphere of promotions and rewards for good service. I would then propose as above for our normal scale 10 Executive Engineers, distributed as follows :—

1st Grade	..	1	Rs. 750
2nd „	..	2	„ 600
3rd „	..	3	„ 500
4th „	..	4	„ 400

This, the recognized scale, will not necessarily be worked up to as to numbers in each grade, though 10 Executive Engineers should be always on the roll. Any deficiency in one grade, consequent on there not being an officer qualified or considered of sufficiently long service to warrant advancement to the grade in which there happens to be a vacancy, to be compensated for by an addition to the grades below. And as the Assistant to Secretary may for a long time be an officer on the Imperial List, although he will count against the sanctioned number, his grade will be that held by him under the Government or Presidency to which he belongs.

Assistant Engineers.

At present we have no recognized scale for number and distribution of Assistant Engineers. We have been working pretty well at haphazard, appointing men

as we required them and gradually increasing the number to meet the demands for men of this class. In the same way we have been posting them here, there and everywhere on no regular system.

There are at present on our rolls 11 Assistant Engineers, of whom 4 are 1st grade (Rs. 300), 3, 2nd grade (Rs. 250) and 4 are 3rd grade (Rs. 200). In view of actual present requirements and of probable requirements during next 5 years, I think we should have 1 Assistant Engineer to each permanent Division, with 4 additional for temporary Divisions on special works, 12 in all. Their grading to be as follows :—

3	1st Grade	.. ..	Rs. 300
4	2nd „	.. ..	„ 250
5	3rd „	.. ..	„ 200

For Apprentices, I would fix no scale. Their number at any time would depend on the general condition of the Engineer Branch for which this class forms the recruiting ground, on future probabilities and on the number of nominations to Assistant Engineer class, that it may be considered desirable to reserve for qualified and deserving Upper Subordinates.

Should these proposals for the local Engineers meet with your concurrence, I shall submit separate proposals for distributing the present Executives and Assistants to the several grades mentioned above.

I shall now proceed to deal with the Subordinate Branch of the Department.

Upper Subordinate Establishment.

The existing scale of Upper Subordinates is 32, distributed as follows :—

Supervisor,	1st Grade	.. ..	Rs. 250	3
Do	2nd „	.. ..	„ 200	3
Do	3rd „	.. ..	„ 150	4
Overseers,	1st „	.. .	„ 100	6
Do	2nd „	.. ..	„ 80	12
Do	3rd „	.. ..	„ 60	4
				32

Taking count of present requirements, and of the next 5 years say, I find that we cannot do without 40 Sub-Divisions, each managed by an Upper Subordinate. Besides this, we require 2 men in room of absentees and 4 Surveyors (ranking as Upper Subordinates), in all **48**. But of above Sub-Divisions, 6 may be taken as appertaining to temporary Divisions which will be closed on cessation of the works for which they have been or are to be formed. The *permanent* scale need not therefore provide for more than 36 Sub-Divisions (including allowance of 2 for absentees), the Surveyorships and Sub-Divisions belonging to temporary Divisions being filled by *temporary* hands, and in some cases perhaps by Assistant Engineers.

We must therefore alter our permanent Upper Subordinate scale from 32 to 36, and in doing so, I would improve the relative numbers in each grade.

I would then propose the following :—

Supervisors,	1st Grade	.. ..	Rs. 250	4
„	2nd „	.. ..	„ 200	4
„	3rd „	.. ..	„ 150	6
Overseers,	1st „	.. ..	„ 100	8
„	2nd „	.. ..	„ 80	10
„	3rd „	.. ..	„ 60	4
				36

We have at present on our rolls 43 Upper Subordinates altogether, including temporary men and Surveyors. Five short of requirements as noted above, but on the

other hand, this is compensated for by an excess under Assistant Engineers, so we need not bring in at present any fresh hands. The work devolving on Sub-Divisional Officers is becoming daily more arduous, their responsibilities more onerous. Taking things all round, I consider that the average subordinate in charge of a Sub-Division has much more work to do now a-days than he had 10 years ago. I propose therefore to remove the restriction which limits the grant of Sub-Divisional allowance to those subordinates who drew it before the Rendition. In other words, I would put all Sub-Division Officers on the same footing in regard of allowances. This concession to be of course contingent on satisfactory management and proper progress. One advantage of the concession will be that it will be an incentive to better work than sometimes obtains at present, as bad work or poor progress in a Sub-Division will at once entail the withdrawal of the allowance from the subordinate in charge.

These steps will at once improve the status and salaries of our Upper Subordinates and will, I have no doubt, lead to real economy in the end, as better work all round and quicker progress will I believe follow.

No change is called for in the Lower Subordinate Class or in the Accounts Branch for the present.

Office Establishments.

Head Office (Direction).—With the rapidly increasing allotments for works, the work falling on my office is becoming daily more onerous, and in fact all hands are at present overworked. It is difficult, if not impossible, to keep abreast with the correspondence, &c., and it is absolutely necessary to strengthen my office hands. I may mention here that at present a vast number of estimates pass through my office without clerical check or scrutiny of details. The number is so great that this is unavoidable, and I have been for some time throwing on the Executive Engineers who prepare the projects, the responsibility for their absolute accuracy, confining my check to an often hasty examination of the engineering details, rates, &c. Otherwise we could not get on. I do not wish for any hypercritical scrutiny of the projects that come up, but it is very necessary that all should be overhauled more or less and at present this is an impossibility. At the same time that an increase to the strength of the Office is essential, it is very desirable to improve the salaries of some of the hands, as a reward for past good work and as compensation for the really arduous nature of their duties, duties which require constant care and close attention. I put up a statement (1) showing what I propose. This shows a monthly increase of Rs. 369 over present cost of Office Establishment, Direction, Rs. 1,161. The proposal cannot be considered extravagant when it is remembered that my office is now doing work fully equivalent to what was formerly done by 3 offices, when the Chief Engineer, and each of the 2 Superintending Engineers (Irrigation and Roads and Buildings) had each a separate and distinct Office establishment. The work done now is not less than was then done—in fact it is more, and there is no chance, so far as I can see, of its decreasing. I hope therefore this proposition will be accepted (see Statement 1).

Divisional Offices.

The remarks made above as regards my office apply to Division Offices, but in a lesser degree. The establishments are simply overworked and it is necessary to strengthen them at once. I also propose to improve somewhat the prospects of the men, by sub-dividing the Divisions into 2 classes, the members of the 1st class Divisions (Bangalore, Mysore, Shimoga) being a little better paid than those of the 2nd class Divisions. This will give room for promotion of deserving men and for advancement of men who have been languishing for years on very small salaries and no prospects (see Statement 2).

Assistant Engineers' Offices.

These will remain as at present, except that the salary attached to Cashier's post will be Rs. 5 less than, it is now. The Cashier of an Assistant Engineer's Office will not have the same work and responsibilities as the Cashier of a 2nd class Division and his pay should be less (see Statement 3).

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 30th May 1888.

Sub-Divisional Offices.

To each Sub-Division there are attached a Clerk and a Mutsaddi, whose pay Rs. 20 and 15 respectively, is too low, considering the work they have to get through. The duties of a Sub-Divisional Clerk are hard and continuous and a great deal depends on their efficiency. An increase of Rs. 5 to the salary of each is but fair (see Statement 4). Such are my proposals and I would ask for favor of early sanction thereto. It may be asked what total increase in annual cost of establishment will they involve? I regret I have not had time to work this out, but I can safely say that considering the work that now falls on the Department and the outlay it is responsible for the percentage of establishment as against works will not be unreasonable and will, I believe, compare most favorably with the ratios obtaining in all other parts of India. It will certainly be very much less than what it was in the palmy days preceding the famine.

No. 2430-2440—159-469, dated Bangalore, 30th May 1888.

Order.—The proposals made in the above note for the improvement of the Local Department of Public Works Service, have received the most careful consideration of the Government.

2. Very considerable allotments are now annually made towards Public Works of all kinds, the aggregate allotment for the current year is over 28 lakhs of rupees, large bridges and important irrigation and other works are being carried out, and altogether, the operations of the Department would bear very favorable comparison with those of other Provinces, in point both of aggregate extent and of the magnitude of individual works.

3. Under such circumstances, the Government are of opinion that the Local Department of Public Works Service should be placed, as regards emoluments, on a footing similar to that in force in British Provinces, and the following general principles on which the proposed revision is to be effected are accordingly approved:—

I. There shall be 8 permanent Divisions one for each District, each in charge of an Executive Engineer.

II. There shall be 34 permanent Sub-Divisions, each in charge of an Assistant Engineer or Upper Subordinate.

III. In addition to the permanent Divisions and Sub-Divisions as above, all others from time to time required for special works, shall be styled "*temporary*," and shall be closed on completion of their respective special works. For the present there will be three such temporary Divisions, namely 1st Mysore Special Improvements Division, 2ndly The Ashtagram Channels Division, and 3rdly The Bridge Division in lieu of the Palace Division.

IV. For charge of the permanent Divisions and for the Assistant Secretaryship, there shall be 9 Executive Engineers to be graded as follows:—

		Rs.
1	on 1st grade ..	750
2	on 2nd grade at Rs. 600	1,200
3	on 3rd grade at Rs. 500	1,500
3	on 4th grade at Rs. 400	1,200

No provision is made for absentees among Executive Engineers, as their place would ordinarily be filled by acting appointments from among Assistant Engineers.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),— dated 30th May 1888.

V. For each permanent Division, there shall ordinarily be attached an Assistant Engineer, and allowing 4 others for absentees and for special works or Sub-Division charges, and for acting appointments in the Executive Engineer Grade, the total sanctioned permanent scale shall be 12 graded as follows :—

	Rs		Rs
3 on 1st grade at	300	..	900
4 on 2nd grade at	250	..	1,000
5 on 3rd grade at	200	..	1,000

VI. The number of Upper Subordinates required for the permanent Sub-Divisions is 34, and making an allowance of two for absentees, 36 Upper Subordinates are required. We may safely assume that with the permanent scale of 12 Assistant Engineers we shall always be able to place two Assistant Engineers in charge of Sub Divisions and therefore the 34 Upper Subordinates required should be graded as follows :—

3	Supervisors,	1st grade	on	Rs. 250
4	Do	2nd „	on	„ 200
5	Do	3rd „	on	„ 150
8	Overseers.	1st grade	on	„ 100
10	Do	2nd „	on	„ 80
4	Do	3rd „	on	„ 60

VII. Sub-Division allowances are recommended to all Upper Subordinates in charge of Sub-Divisions. The question should be reserved for further consideration, with reference to its effect upon the status and emoluments of the Assistant Engineer Service.

VIII. In regard to Apprentice Engineers, whether that grade should be continued does not now press for decision. The distinction between the Engineer Service and Upper Subordinate Service is not of much consequence when, as in the case in Mysore, young men with the same Educational qualification and social status are available to any required extent either for the one or the other service. There is no reason whatever, why the Upper Subordinate Service should not be regarded as the recruiting ground for the Engineer service, subject always to two conditions, namely :—

1st. That such recruits do not absorb more than a fixed number of appointments in the Upper Subordinate Service.

and 2ndly. That no promotion be made to the Assistant Engineer grade, except of those qualified by prescribed examinations.

4. The establishments required for temporary Divisions and Sub-Divisions should be entertained from time to time as may be necessary on scales of pay in force for the permanent establishment and upon a separate sanction in each case. As temporary Divisions and Sub-Divisions are often more important than permanent ones, it would often be desirable to post *permanent* hands to such temporary works, employing the temporary hands newly entertained, on the ordinary works of the permanent Divisions and Sub-Divisions.

5. The Superintending Engineer and Secretary, Public Works Department, will be requested to submit proposals for giving effect to the scale of Construction Establishment sanctioned above.

Office Establishment.

6. There has been considerable increase of work and responsibility in the Head, Division and Sub-Division Offices, and the increase recommended for the

establishments of these offices is accordingly sanctioned(as per details given in appended Statements marked A, B and C) as follows :—

	Present.		Proposed and sanctioned.	
	No	Monthly Cost	No.	Monthly Cost.
		Rs.		Rs.
Superintending Engineer and Secretary's Office ..	28	1,169	34	1,538
Executive Engineers' Offices	99	2,294	100	2,661
Assistant Engineers Offices	18	384	56	1,032
Sub-Division Offices	144	1,656	160	2,280
Mutsaddis for Districts	8	120	8	160
Total.....	297	5,623	358	7,671

Increase Rs. 2,048 per mensem.

The above sanction is not only for the permanent 8 Divisions and 34 Sub-Divisions but also for the three temporary Divisions and six temporary Sub-Dvisions.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MAY 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	The following notification was gazetted :—		
	Under Section 435 of the Criminal Procedure Code, Mr. Dalavayi Devaraj Ars, Assistant Commissioner in charge of the French Rocks Sub-Division, is invested with the power to call for records.—Communicated to the Chief Judge in Mysore.	1st May 1888.	
2	The Assistant to the Resident in Mysore was requested that the application made for a warrant under the Extradition Act for the surrender of one Abbsset might be cancelled, as the District Magistrate of Kadur reported that the accused had since been arrested on his tour to the Koppa Taluk; and that the original papers connected with the case might be returned.	2nd do	30th April 1888, Part II, J.
3	Copy of letter No. 1412—2228, dated 26th April 1888, from the Assistant to the Resident, informing that warrant under the Extradition Act has been issued to the District Magistrate of Salem for the arrest and surrender of Nanjundappa and his concubine Munisangamma, was forwarded to the District Magistrate of Bangalore.	3rd do	19th April 1888, Part II, J.
4	Four licenses granted under the Indian Arms Act in favor of Venkatakrishnasetti of Arkalgud, Mohadin Sab of Alur, Mudli of Malenahalli and Narsinga of Malenadevihalli, were duly countersigned and returned to the District Magistrate of Hassan.	Do do	
5	The letter No. 159, dated 27th ultimo, from the Inspector General of Prisons, forwarding a copy of his order directing the transfer of four prisoners, *viz.*, Bhima, Timma, Kappaiya and Gnanam *alias* John from the Shimoga Jail to the Jail at Mysore, was recorded.—Communicated to the Inspector General of Prisons in Mysore.	Do do	
6	A copy of letter No. 42, dated 25th April 1888, from the Deputy Commissioner, Hassan District, explaining the circumstances under which one Kunjakaya was detained and tried by the 1st Class Magistrate of Hassan without an Extradition warrant, was forwarded to the Assistant to the Resident in Mysore together with the records connected with the case.	Do do	14th April 1888, Part II, J.
7	A bill submitted by the District Magistrate, Bangalore, for Rs. 20, being the amount paid on account of process fees from the contingent grant allowed to the Court of the 3rd Class Magistrate of Kankanhalli, was sanctioned and forwarded to the Comptroller for audit.	4th do	
8	A bill submitted by the District Magistrate of Bangalore for Rs. 0—8—0, being the amount paid on account of process fees from the contingent grant allowed to the court of the 3rd Class Magistrate of Magadi, was sanctioned and forwarded to the Comptroller for audit.	5th do	
9	Under Section 401 of the Code of Criminal Procedure, the remission of two months and 25 days of the sentence passed upon convict Mudli, No. 6143 of the Central Jail, Bangalore, and his release on the 27th May 1888, were sanctioned.—Communicated to the Inspector General of Prisons.	7th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
10	A bill submitted by the Deputy Commissioner, Bangalore District, for Rs. 111—9—3, being the amount to be paid to Mr. Subba Rao, Advocate, for defending a suit filed by Srinivas Rangachari in the Nelamangala Munsiff's Court against the Deputy Commissioner and the Amildar of Magadi, was sanctioned and forwarded to the Comptroller for audit.	7th May 1888.	29th Nov. 1887, Part II, J.
11	In reply to his petitions dated 6th and 9th February 1888, requesting permission to prosecute Mr. Periyatambi Pille, Municipal Commissioner, for removing a cocoanut tree in front of the house of Balasundra Mudaliar of Itigegud, Mysore, Mr. V. Narasimhachar, Advocate, on behalf of the said Balasundram Mudaliar, was informed that after perusal of the explanation given by Mr. Periyatambi Pille and of the reports submitted by the President of the Mysore Municipality, the Government declined to grant sanction for the criminal prosecution of Mr. Periyatambi Pille.—Communicated to the Deputy Commissioner and President, Municipal Board, Mysore.	8th do	
12	The District Magistrate of Chitaldroog having requested sanction for the purchase of a rubber seal for the use of the Munsiff Magistrate's Court at Chitaldroog, sanction was conveyed to the same.—Communicated to theComptroller.	9th do	
13	Three licenses granted under the Indian Arms Act in favor of Mr. L. Evans, Agent, Mysore Reefs Gold Mining Company, Messrs. Arbuthnot and Co, Agents, Balaghat Mysore Gold Mining Company, and Mr. Robert Collins, were duly countersigned and forwarded to the District Magistrate of Kolar.	Do do	
14	A license granted under the Indian Arms Act in favor of Messrs. N. V. Ramanujam and Co., Madras, was duly countersigned and forwarded to the District Magistrate of Bangalore.	Do do	
15	A license granted under the Indian Arms Act in favor of Messrs. Best and Co., Agents, Nobels Explosives Company, Madras, was duly countersigned and forwarded to the District Magistrate of Hassan.	Do do	
16	In reply, the Registrar, Chief Court in Mysore, was informed that though the Notification No. 3, dated 12th April 1888, did not apply to the Judicial Department, yet the Government would be of opinion that the existing rules regulating new appointments and promotions in the Judicial Department might, with advantage, be revised so as to prescribe suitable educational tests, that there would be a distinct advantage in securing for the higher ministerial appointments in the Judicial Department the services of persons qualified for the post of Munsiff and that some degree of desirable uniformity would be secured if any revised rules proposed by the Chief Court would follow the principle of the Government Notification of 12th April 1888.	Do do	
17	A license granted under the Indian Arms Act in favor of B. Siddalingappa Setti of Chikmagalur, was duly countersigned and returned to the District Magistrate of Kadur.	Do do	
18	A bill submitted by the Deputy Commissioner, Kolar District, for Rs. 27—2—4 on account of transcription fees payable to the copyists in the Court of the General Assistant Commissioner and 1st Class Magistrate of the District for copying the records in criminal case No. 46 of 1887 for the use of the Public Prosecutor, was sanctioned and forwarded to the Comptroller for audit.	11th do	
19	A license granted under the Indian Arms Act in favor of Venkatachalaiya, Head Clerk, was duly countersigned and returned to the District Magistrate of Hassan.	Do do	
20	The Deputy Commissioner, Bangalore District, having solicited sanction to defend at Government cost the suit filed against the Amildar of the Bagepalli Taluk, by one Lakshmaiya, for the recovery of Rs. 90—0—0, being the value of his tamarind which was sold by the Amildar as amarayi produce in 1886—87, sanction was conveyed to the same.—Communicated to the Comptroller.	12th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
21	In forwarding copies of letters from the Deputy Commissioner, Hassan District, and the Inspector General of Police, the Chief Judge in Mysore was enquired whether the Chief Court were prepared to direct periodical Sessions being held at Hassan and Chitaldroog and was informed that such a system of circuit Sessions would enable Judges to inspect Subordinate Courts more frequently than they would do at present and that it would be of great public advantage in other ways.	12th May 1888.	10th June, 1886, Part II. J.
22	In forwarding certain papers in connection with a case of criminal breach of trust, the Assistant to the Resident in Mysore was requested that a warrant might be issued for the arrest and surrender of the accused Anikar Abdul Karim, a resident of Voniyembadi of the Salem District.	Do	do
23	Copies of 2 rolls of the released Mysore life convicts Nos. 13138 and 26250 named Madar Saib and Kodi, received from the Assistant to the Resident in Mysore, were forwarded to the Inspector General of Police in Mysore.	14th	do
24	In forwarding an extract of para 8 from letter No. 241—226, dated 23rd July 1887, from the Deputy Commissioner of the Shimoga District, in regard to an application from the ryots of Belandur, Barur, Agrahar and Davandur Maganis, now attached to the Shikarpur Taluk, for the transfer of the civil jurisdiction of their villages from the Munsiff's Court at Honnali to that of the Munsiff of Sagar, the Chief Judge in Mysore was requested to favor his opinion in the matter.	15th	do
25	Copy of letter No. 1536—628, dated 7th instant, from the Assistant to the Resident in Mysore, forwarding for countersignature 2 licenses under the Indian Arms Act issued by the District Magistrate of Anantapur, was forwarded to the Inspector General of Police in Mysore for report as to whether there would be any objection to the countersignature of the licenses.	16th	do
26	Two copies of the descriptive rolls of the 3 convicts, *viz.*, Naga Pho, Naga Shwe In and Kallu, who escaped from Port Blair on the 12th and 14th February 1888, were forwarded to the Inspector General of Police in Mysore.	Do	do
27	An export license for the export by Messrs. Orr and Sons, Madras, into Mysore of the 10 Revolvers required for the use of the Police Inspectors, was forwarded to the Inspector General of Police in Mysore.	17th	do
28	A license granted under the Indian Arms Act in favor of one Bete Rangaiya, resident of Lakvalli, was duly countersigned and returned to the District Magistrate of Kadur.	18th	do
29	A bill submitted by the Deputy Commissioner, Kolar District, for Rs. 294—0—5, being the costs incurred by Government in the original and appellate courts in defending the suit filed by Jalam Nanjundaiya of Machanahalli, Goribidnur Taluk, against the Deputy Commissioner, was sanctioned and forwarded to the Comptroller for audit.	19th	do
30	Under Section 401 of the Criminal Procedure Code, the remission of 5 months and 24 days of the sentence passed on convict Amadsah, No. 5680 of the Central Jail and his release on the 9th June 1888, were sanctioned.—Communicated to the Inspector General of Prisons.	21st	do
31	The following Notification was gazetted :— During the absence on leave of Nanjunda Mudaliar, Amildar of the Magadi Taluk, or until further orders, Sheristadar Venkoba Rao in charge of the Taluk is invested with the powers of a 3rd Class Magistrate.—Communicated to the Deputy Commissioner, Bangalore District, and the Registrar of the Chief Court.	Do	do
32	The return of sick prisoners in the Jails of the Province of Mysore for April 1888, was forwarded to the Assistant to the Resident in	26th	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	Mysore for transmission to the Sanitary Commissioner with the Government of India.		
33	In making certain observations regarding the conduct of Venkat Rao, Amildar of the Sagar Taluk, in a criminal case which was reported by the Inspector General of Police as one of concealment of the birth of a child and which subsequently disclosed to be a case of murder, it was directed that the Government were led to entertain serious doubts as to whether Venkat Rao would even make an efficient Amildar, that he should for the present be severely censured for his conduct in the case, that he should also be warned that the question of his continuance in his present post would be reserved for decision after the receipt of a report from the Deputy Commissioner, Shimoga District, as to whether he could show any improvement in his work during the next four months.—Communicated to the Inspector General of Police and the Deputy Commissioner, Shimoga District.	22nd May 1888.	
34	In forwarding a copy of letter No. 69—60 of the 12th instant from the District Magistrate of Shimoga, with its enclosure, the Assistant to the Resident in Mysore was requested to obtain the orders of the Resident to demand the surrender of the accused Vobya, now a prisoner undergoing a sentence of 2 months' imprisonment in the Shimoga Jail and who also stands charged by the Harbar Police, with having stolen certain jewels from the house of one Tukkavva of Ranebennur in the Dharwar District of the Bombay Presidency.	23rd do	
35	The following notification was gazetted:— Mr. E. Sidney Smith, Advocate, is appointed to act as Government Advocate during the absence of Mr. Minakshaiya or until further orders.—Communicated to the Registrar of the Chief Court and and to Mr. E. Sidney Smith.	24th do	
36	Two licenses granted under the Indian Arms Act from the District Magistrate of Anantapur were forwarded to the District Magistrate of Tumkur with a request that he might report early if they might be countersigned for use in this Province.	25th do	
37	The following notification was gazetted:— E. C. Sivagnanam Pille, Munsiff of Shimoga, is granted one month's privilege leave on half pay from such date as he may avail himself of the same.	26th do	
	M. Rama Rao, Public Prosecutor at Shimoga, is appointed to act as Munsiff of Shimoga, during the absence of E. C. Sivagnanam Pille on leave or until further orders.—Communicated to the Chief Judge and also to the District Magistrate of Shimoga with the request that he would make temporary arrangements for the duties of Public Prosecutor being discharged by a competent Advocate during the absence of Mr. Rama Rao.	Do do	
38	Three licenses granted under the Indian Arms Act in favor of Messrs. Arbuthnot & Co., Madras, were forwarded to the District Magistrate of Kolar duly countersigned.	28th do	
39	A copy of letter No. 1731—2628, dated 17th instant, from the Assistant to the Resident in Mysore, intimating that the issue of the usual warrant against Anikar Abdul Karim, was forwarded to the District Magistrate of Shimoga.	Do do	28th May 1888, Part II, J.
40	The Assistant to the Resident in Mysore was informed that no offences under the Opium Act were tried in the Courts of the Province of Mysore during the quarter ended 31st March 1888.	Do do	
41	The papers connected with a case of cattle theft under Section 380 of the Indian Penal Code, were forwarded to the Assistant to the Resident in Mysore with a request that a warrant might be issued for the arrest and surrender of Setti of Javaregaudanahosahalli in the Yedatore Taluk.	29th do	
42	A license granted to one Phanibhushanaswami under the Indian Arms Act with certain alterations, was approved and returned to the District Magistrate of Kadur.	Do do	

No.	Subject and Orders.	Date of Order.	Date of previous Orders.
43	The Notification granting privilege leave to Mr. H. H. Sparkes, Superintendent, Central Jail at Bangalore, for 6 weeks from the 15th June 1888 or such other subsequent date as he may avail himself of the same, was gazetted.—Communicated to the Inspector General of Prisons.	29th May 1888.	
44	A license granted under the Indian Arms Act in favor of Messrs. Arbuthnot & Co., Madras, was forwarded to the District Magistrate of Kolar duly countersigned.	30th do	
45	A license granted under the Indian Arms Act in favor of Messrs. N. V. Ramanujam & Co., Madras, was duly countersigned and forwarded to the District Magistrate of Hassan.	Do do	
46	Under Section 401 of Criminal Procedure Code, the remission of 4 months and 13 days of the sentence passed upon the convict Venkata No. 9030 and 5 months and 18 days on convict Krishna No. 605, of the Mysore Jail, and their release on the 20th June and 3rd July 1888, respectively, were sanctioned.—Communicated to the Inspector General of Prisons.	Do do	

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 31*st May* 1888.

R. VIJAYINDRA RAO,
Chief Secretary.

PART II.

REVENUE.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MAY 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	The alienation of 6 guntas of land out of Survey No. 48 in the Hosakere village of the Maddagiri Taluk in favor of Babanayaka of Basavanahalli for constructing a musafirkhana for the use of travellers on the Maddagiri-Pavagada road and the remission of the proportionate assessment of annas 2 thereon, were sanctioned. It was also directed that the usual grant prepared on stamp paper should be submitted for the Dewan's signature.—Communicated to the Deputy Commissioner, Tumkur District, and the Survey Superintendent.	1st May 1888.	
2	The alienation of 1 acre 9 guntas and 71 yards of Soppinabetta land out of Survey No. 3 in the Harandur village of the Koppa Taluk for building site, was sanctioned.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	2nd do	
3	Sanction was accorded to the remission of Rs. 91—8—0 due by one Chitaldroog Venkata Rao on account of land revenue for 1880—81 to 1882—83 as the Deputy Commissioner, Tumkur District, reported that the amount was irrecoverable owing to the death of the individual.—Communicated to the Deputy Commissioner, Tumkur District.	Do do	5th Feb., 1885, Part II, R.
4	The alienation of 10 guntas of land out of Survey No. 92 in the Machagondanahalli of the Chikmagalur Taluk in favor of one Siddappa for building a shop by the side of Chikmagalur-Mudgere road, was sanctioned.—Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	Do do	
5	In regard to the complaint of Gare Channaiya of Gaudahalli in the Nelamangala Taluk, it was directed that the petitioner's conduct in cultivating a certain land against the repeated warnings of three successive Jamabandi officers was very unsatisfactory, that the fine inflicted on the petitioner was very light, that the gradual disappearance of date trees was due probably to the petitioner's felling them against orders and that his appeal was rejected. —Communicated to the Deputy Commissioner, Bangalore District.	Do do	
6	Sanction was accorded to the remission of Rs. 758—14—4, being the amount of irrecoverable balances of land revenue in the Shimoga District for the year 1886—87.—Communicated to the Deputy Commissioner, Shimoga District.	Do do	
7	The alienation of 9 acres and 7 guntas of land out of Survey Nos. 17 and 39 in the Kasaba Arsikere and the remission of the proportionate assessment thereon were sanctioned for extending the Arsikere town and for the construction of an Hospital.—Communicated to the Deputy Commissioner, Hassan District, and the Survey Superintendent.	3rd do	
8	The Deputy Commissioner, Shimoga District, having recommended that the right of fishery in tanks whose revenue is below Rs. 300 might be given to such villages as have readily come forward to repair and maintain their tanks, approval was conveyed to the same, and with regard to the tanks with atchkat above Rs. 300, the Deputy Commissioner was directed to submit his recommendation in each case with grounds for such recommendation.	Do do	Part I, R., dated 26th Oct. 1881 and 1st May 1882.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
9	In reply to his petition without date, Basavalinga Devaru, Guru of the Lingayet Matt at Rajapur in the Anekal Taluk, was informed that the Government declined to pass any orders in the matter of recognizing as his successor one Muddu Basavalingaraja-mari Devaru, in supersession of a successor formerly nominated named Channabasava Mari Devaru, that his request that the Kayam-gutta villages belonging to the Matt might be resumed and a money grant given in lieu thereof, could not be complied with and that the Government also declined to have any concern with the question of the appointment of Vira Mari Devaru as Parpattegar of the Matt. —Communicated to the Deputy Commissioner, Bangalore District.	4th May 1888.	
10	Ramaiengar of Mayasandra, Tiptur Taluk, having prayed for an advance of Rs. 2,000 to enable him to re-construct the Bommena-halli Tank, and for remission of a portion of the arrears of kan-dayam due on his lands in the Bommenahalli village, sanction was accorded to the same with certain observations.—Communicated to the Deputy Commissioner, Tumkur District, and the Comptroller.	7th do	
11	The Deputy Commissioner, Mysore District, was requested to report whether mutchalikas have been obtained from the ryots in respect of additional lands connected with the further extention of the Rampur channel recently sanctioned and his attention was drawn to the extension of other river-channels in his District now in course of execution. He was also requested to arrange for the collection of recoverable contributions from holders of lands which would be converted from dry into wet by means of the extensions above referred to.—Communicated to the Secretary, Public Works Department.	Do do	
12	Sanction was accorded to the writing off of Rs. 26—9—0, being kandayam due for Vyaya (1886—87) on land bearing Survey No. 234 under the Gubbi amani tank as the land was submerged owing to the raising of the waste weirs of the Kudala Tank.—Communicated to the Deputy Commissioner, Tumkur District, and the Comptroller.	Do do	
13	Permission was accorded to Mr. B. G. Krishnaiengar, Assistant Commissioner, to acquire an indirect interest in a coffee jungle at Bagancheddal in the Chikmagalur Taluk, purchased by his son-in-law.—Communicated to the Deputy Commissioner, Kadur District.	Do do	
14	A statement of half remissions submitted by the Deputy Commissioner, Kolar District, for Rs. 31—1—2 on account of wet lands lying waste during 1885—86 under the Dodkere tank of Singahalli, Kolar Taluk, was sanctioned, as the tank was breached by the Public Works Department in May 1885.—Communicated to the Deputy Commissioner, Kolar District.	8th do	
15	The Notification intimating the transfer of the following villages was gazetted :—	Do do	

Name of village.	From—	To—
1. Waralkondhalli	Chikballapur.	Bagepalli Taluk.
2. Upkunthalli	Chikballapur.	Bagepalli Taluk.
3. Komalmari	Bagepalli Taluk.	Chikballapur Taluk.

—Communicated to the Deputy Commissioner, Kolar District, and the Survey Superintendent.

16	The petitions from Mr. B. A. Brito praying for the exchange of Survey No. 56 or 57 of Nandigavi village, Tarikere Taluk, for Survey No. 49, were forwarded to the Deputy Commissioner, Kadur District, with request that he might give effect to such an exchange subject to certain conditions.—Communicated to the Survey Superintendent and Mr. B. A. Brito.	Do	do
17	The Municipal Board's Resolution dated 29th April 1888 for enhancing the rates of Slaughter house fees in the City of Bangalore with effect from 1st April 1888 was approved.—Communicated to the President, City Municipal Commission, Bangalore.	Do	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
18	In forwarding for perusal and return petition No. 1602, dated 6th August 1886, from Krishnappa of Mysore (son of Shannu Rao), praying for remission of assessment on his lands, the Deputy Commissioner, Mysore District, was informed that the Dewan sanctioned the remission of Rs. 1,099—8—0 in favor of the said Krishnappa and that the balance of Rs. 923—12—8 due by him was ordered to be recovered from him in 2 instalments, *viz.* Rs. 473—12—8 in December 1888 and Rs. 450—0—0 in December 1889 and was requested to submit for formal sanction a remission statement in the prescribed form.	9th May 1888.	
19	Sanction was accorded to the alienation of 9 guntas and 15 yards of land out of Survey No. 256 in the Gubbi Kasaba and to the remission of the proportionate assessment thereon, *viz.* annas 3 and pies 10, for the waste weir of the Herur tank attached to the Gubbi village.—Communicated to the Deputy Commissioner, Tumkur District, and the Survey Superintendent.	Do	do
20	In regard to the complaint of Channegauda, Patel Gumasta of Kurugalin village, Kolar Taluk, the Deputy Commissioner, Kolar District, was requested to submit his opinion on certain points in connection with the same.	Do	do
21	In forwarding the original Pateli "Vetanam" Register of the Hoskote Taluk, the Deputy Commissioner, Bangalore District, was requested to state whether the allotment of "Vetanam" land referred therein was generally given effect throughout the taluk and whether the same had to be modified in many instances.	Do	do
22	In regard to the complaint of one Sankarnaranaiya regarding the cancellation of the sale of Gollur Ramaiya's Khata land No. 78 in Mulaypetlu village, Yedatore Taluk, it was with certain observations directed that the Deputy Commissioner's subsequent order cancelling the sale of No. 78 was affirmed that fraud had been played by the Shanbhog and other village officials in the matter and that the Deputy Commissioner should institute a fresh enquiry into the matter and award due punishments to them.—Communicated to the Deputy Commissioner, Mysore District.	Do	do
23	The Deputy Commissioner, Tumkur District, having submitted for sanction certain statements furnished by Mr. Annaji Rao, Assistant Commissioner, showing the amount of compensation, *viz.*, Rs. 585 fixed by him for the lands taken up for the Gubbi Railway line, sanction was accorded to the same.—Communicated to the Deputy Commissioner, Tumkur District, the Comptroller and the Secretary, Public Works Department.	10th	do
24	The Deputy Commissioner, Kolar District, having solicited instructions as to whether a license fee should be levied from potters and washermen who utilize free for the use of their profession the date leaves cut by the contractors for the purposes of drawing toddy and left by them on the ground, it was directed that as the item was too small on which a revenue could be collected, the potters and washermen might be exempted from the payment of a license fee thereon.—Communicated to the Deputy Commissioner, Kolar District.	Do	do
25	The sale of a garden measuring 5 acres and 10 guntas, assessed at Rs. 39—5—0 in the village of Settikere and standing in the name of Venkatramanaswami temple at Kasaba Chiknayakanhalli, and the investment of the sale proceeds for the benefit of the temple, were approved. It was also directed that the money should be invested in Government of India securities, that until such investment could be arranged, it might be deposited in the Government Savings Bank, that the interest might be used for services in the temple and that the sale should be held by public auction subject to an upset price of Rs. 700.—Communicated to the Deputy Commissioner, Tumkur District.	Do	do
26	In regard to the appeal of one Girigauda of Thote village, Channarayapatna Taluk, against the French Rocks Sub-Division	Do	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	Officer's order, dated 8th February 1885, fining him a sum of Rs. 36 for cutting down certain trees on the bund of the village tank without the permission of the taluk authorities, it was directed that no law was quoted under which the Sub-Division Officer imposed the fine without recourse to a regular magisterial trial, that the order imposing the fine was accordingly cancelled and that it would be refunded, if levied.—Communicated to the Deputy Commissioner, Mysore District, the Comptroller and the appellant.		
27	The Deputy Commissioner, Kadur District, having submitted for sanction a statement for Rs. 609—1—3 to be remitted for 1887—88 on account of ½ assessment on wet lands below the breached Sanehalli, Kattehole and Kubli tank in the Kadur Taluk, sanction was conveyed to the same.	11th May 1888.	
28	The alienation of 4 kolagas and 11½ padis of land out of Survey No. 91—1 in the Vijiyapur village of the Gundlupet Taluk, and the remission of assessment thereon were sanctioned for the extension of the village site.—Communicated to the Deputy Commissioner, Mysore District, and the Survey Superintendent.	Do	do
29	The alienation of 20 guntas of land out of Survey No' 16 in the village of Kanur of the Yedahalli Sub Taluk in favor of one Ramachandraiya for building purposes and the remission of the proportionate assessment of annas 3 thereon, were sanctioned —Communicated to the Deputy Commissioner, Kadur District, and the Survey Superintendent.	Do	do
30	The Deputy Commissioner, Kolar District, having recommended the resumption of the unenfranchised jodi village of Ramagatapatti in the Chikballapur Taluk for arrears of revenue due thereon, sanction was accorded to the same with certain observations and the arrears of revenue were ordered to be remitted. The Superintendent, Mysore Revenue Survey, was requested to introduce a fieldwar survey and settlement into the village and amalgamate it with some neighbouring Government village.—Communicated to the Deputy Commissioner, Kolar District, and the Superintendent, Revenue Survey.	12th	do
31	The statements and notification of sale of the Jodi Begur Agrahar, Muchadi and Muthahalli villages in the Shikarpur Taluk, were returned to the Deputy Commissioner, Shimoga District, for certain correction and re-submission with explanation.	Do	do
32	The Deputy Commissioner, Bangalore District, having recommended that, in addition to Survey No. 31 in the Belandur village, Bangalore Taluk, now in the holding of the Eurasian Association, the Nos. 20 and 21 in the Hagadur village of the said taluk might also be granted free to the Colonies of Sansmond and Whitefield for *bonâ fide* grazing purposes, it was directed that no circumstances transpired which would incline the Government to grant the present application, that the number of cattle in the two settlements was only 610, that a reasonable extent of 196 acres was assigned for grazing purposes by the Survey Department and that it would meet adequately the requirements of the Colonists.—Communicated to the Deputy Commissioner, Bangalore District.	Do	do
33	One Annegauda of Manjur village, Manjarabad Taluk, having complained to this office that one Sundahalli Lingegauda had encroached on his Survey No. 32 in the said village, it was directed that the case was purely a civil suit, that the claim could not be disposed of summarily and that the petitioner should be referred to proper courts.—Communicated to the Deputy Commissioner, Hassan District, and the petitioner.	13th	do
34	In forwarding a plan received from Mr. H. F. Strickland of Kopna of ¼ a square mile of land in the Channarayapatna Taluk, applied for on behalf of the Sullibail Gold Mining Syndicate, the Superintnent, Revenue Survey, was requested that the land in question might be caused to be surveyed that a correct map of the same together with the usual statement of fieldwar particulars might	14th	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	be sent to this office as early as possible and the date on which the Measurer of the Survey Department would be present on the spot should be intimated to Mr. H. F. Strickland so that he might make arrangements to send his agent to point out the block applied for. —Communicated to Mr. H. F. Strickland.		
35	A statement received from the Sub-Division Officer, French Rocks, showing the charges on account of boundary marks erected on the block of land in Nagamangala Taluk, was forwarded to Messrs. Barclay and Morgan, High Court House, Madras, with a request that the amount, *viz.*, Rs. 104—4—9 may be remitted to the Sub-Division Officer, French Rocks.—Communicated to the Deputy Commissioner, Mysore District, for communication to the Sub-Division Officer, French Rocks.	14th May 1888.

FORESTS.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MAY 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	The free grant of 44 cart-loads of unreserved wood and 37½ cart-loads of bamboos valued at Rs. 335—12—0 to 33 inhabitants of Sivapura in the Tarikere Taluk to enable them to re-build their houses destroyed by fire, was sanctioned.—Communicated to the Inspector General of Forests.	1st May 1888.	
2	Sanction was accorded to the free grant of wood and bamboos valued at Rs 45½ to the ryots of Ettiga village, Tarikere Taluk, for re-building their houses destroyed by fire.—Communicated to the Inspector General of Forests.	Do do	
3	A bill submitted by the Inspector General of Forests in Mysore for Rs. 11—0—0, being mileage claimed by Ranger Krishna Rao of the Tumkur District for having travelled a total distance of 44 miles within 24 hours, was returned to him with observations that it was not clear how the bill could be sanctioned without leading to similar claims under similar circumstances, that the Government could not be expected to deal with individual claims of the kind and that the existing rules were explicit and sufficiently liberal, *vide* Rule 3 under Section 24 of the British Travelling Allowance Code.	Do do	
4	In forwarding a copy of para 5 of letter No. 206, dated 21st ultimo from the Superintendent of Government Botanical Gardens regarding the culture of date palm in Bangalore, the Inspector General of Forests was requested to report whether the proposal of Mr. Cameron might not be considered in preference to the scheme of supplying the Districts with a few plants.	3rd do	
5	The Forest Budget for 1888—89 was forwarded to the Comptroller without sanction of Government for the increased expenditure proposed. The Comptroller was directed to enter in his Budget the cost of the sanctioned scale of establishment of the Forest Department and a sum of Rs. 3,50,000 towards conservancy and working. It was also directed that detailed estimates should be submitted for sanction for this amount and that if any additional expenditure was necessary, sanction for the same should be obtained by submitting special report giving full explanation of every item of increase. The Inspector General was also requested to submit in future for the sanction of Government a memo showing the proposed increase or decrease under conservancy and working at least 3 months before the close of the official year and to prepare his Budget after obtaining sanction of Government.—Communicated to the Inspector General of Forests and the Comptroller.	4th do	
6	Sanction was accorded to the free grant of wood and bamboos valued at Rs. 18—8—0 to 3 ryots of the Tugulapur village, Tarikere Taluk, to enable them to re-build their houses destroyed by fire.—Communicated to the Inspector General of Forests.	8th do	
7	The Inspector General of Forests in Mysore having proposed that the horse allowance of Rs. 10 sanctioned to the Fuel Inspector of the Bangalore Town might be increased to Rs. 15, he was, in reply, informed that the analogy of Forest Rangers and Agricultural Inspectors was scarcely applicable to the case of the Fuel Inspector at Bangalore, that the horse allowance of the last named official was fixed at Rs. 10 on the 31st March 1887 upon the express recom-	9th do	Proceedings Camp No. 2341—2, dated 31st March 1887.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	mendation of the Inspector General and that the Government would be of opinion that since such sanction no circumstances transpired which could be regarded as calling for a revision of the sanctioned scale.		
8	A compensation statement submitted by the Inspector General of Forests for Rs. 190—13—0 on account of lands measuring 12 acres, 28 guntas and 100 yards included in the demarcation line of the Mannuguddi State Forest in the Closepet Taluk belonging to the Vandarguppe village, was sanctioned.—Communicated to the Inspector General of Forests and the Comptroller.	9th May 1888.	
9	The following rule approved by the Government of His Highness the Maharaja was published in the Mysore Gazette for general information:— "In the Malnad where wild animals taking shelter in any Government jungle quite close to gardens and paddy fields cause damage to crops, the Deputy Commissioner may, on the complaint of the ryot or ryots concerned and after due enquiry into the complaint and as regards the description and number of valuable trees standing, grant a license or licenses in the form annexed empowering such ryot or ryots to clear jungle within 100 yards or such distance as the Deputy Commissioner may in his discretion consider necessary according to circumstances from his or their gardens or paddy fields to prevent the damage complained of. Provided that in so clearing trees of reserved classes shall not be cut except their lower branches calculated to afford shelter to wild animals. All trees capable of yielding timber felled on the authority of the license shall be delivered to the Forest officer demanding the same."—Communicated to the Inspector General of Forests.	19th do	
10	The following Notification was gazetted:— Messrs. Sitaramaiya, Ramakrishnaiya and Venkatanarayanappa, Forest Probationers, are appointed Sub-Assistant Conservators, with effect from the 1st April 1888.—Communicated to the Inspector General of Forests and the Comptroller.	24th do	
11	In reply, the Inspector General of Forests in Mysore was informed that the allowance to be paid to Mr. B. Ramaswami Iyer for acting as Superintendent of Forests, Mysore District, during the absence of Mr. C. F. M. Russell on examination leave, was ordered to be calculated on the minimum pay of that appointment, *viz.*, Rs. 250 and that the bill for Rs. 90 forwarded by him for April 1888 was accordingly corrected to Rs. 45 and forwarded to the Comptroller for audit.—Communicated to the Comptroller.	28th do	Part II, Financial, 10th May 1888.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 31*st May* 1888.

R. VIJAYINDRA RAO,
Chief Secretary.

PART II.

FINANCIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MAY 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	The payment of a superior superannuation pension of Rs 13—13—1 per mensem to Oteri Tiruvengada Mudahar, late English Clerk and Record-keeper, Tumkur District Treasury, with effect from the 7th September 1887, was sanctioned.—Communicated to the Deputy Commissioner, Tumkur District and the Comptroller.	1st May 1888.	
2	Copy of letter No. 34, dated 18th April 1888, from the Deputy Commissioner, Tumkur District, was forwarded to the Comptroller with a request that the pay for three days drawn by Venkata Rao, Amildar of the Gubbi Taluk, viz., from 24th to 26th October 1877, during which he was detained by the Deputy Commissioner at Tumkur, might be passed.—Communicated to the Deputy Commissioner, Tumkur District.	Do do	13th Oct. 1887, Part II, G.
3	A sum of Rs. 8 on account of hot pressing work executed for the Residency during the month of March 1888, was forwarded to the Superintendent, Mysore Government Press.	Do do	
4	The following order was communicated to the Comptroller, the Deputy Commissioner, Mysore District, the Senior Surgeon, the Education and Public Works Department Secretaries:—	2nd do	3rd March 1888, Part II, F.
	1. The Municipality at Sargur in the Heggaddevankote Taluk, will hereafter be termed Sargur Municipality instead of Heggaddevankote as hitherto.		
	2. The Municipality at Sargur which bears the one-third share of the cost of the Dispensary located at Heggaddevankote will cease to pay for this charge, as a Municipality has been recently organized at Heggaddevankote. As however it is represented that the Municipal resources of Heggaddevankote cannot possibly bear the one-third cost of the Dispensary there, the whole of the charge on this account will be met from the District Funds of the District until the Municipal Funds of the town are in a position to meet their quota.		
5	A refund bill submitted by the Deputy Commissioner, Bangalore District, for Rs. 23,548—1—5, being the amount of duty of arrack issued to the Civil and Military Station of Bangalore during February last, was sanctioned and forwarded to the Comptroller for audit.	Do do	
6	A bill submitted by the Deputy Commissioner, Bangalore District, for Rs. 18 on account of cost of a double tin box purchased for the use of the District Treasury to preserve currency notes, was sanctioned and forwarded to the Comptroller for audit.	Do do	
7	The gratuity application of Sidda Nayik, Lance Dafadar of the Jagalur Taluk, submitted by the Inspector General of Police, was returned to him for insertion of certain particulars.	Do do	
8	The President, City Municipal Commission, Bangalore, having requested sanction to give effect to the Board's resolution, dated 28th February 1888, for discontinuing the monthly contribution of Rs. 33—5—4 now paid by it towards the maintenance of the Girdlestone ward for pauper incurables in the Civil and Military	Do do

	Station, it was directed that the Government would not object to the proposal.—Communicated to the President, City Municipal Commission, Bangalore.		
9	The Vice-President, City Municipal Commission, Bangalore, was requested to furnish further details in connection with the budget estimates of the City Municipality for 1888—89.	2nd May 1888.	
10	A copy each of letter No. 216, dated 23rd April 1888, from the Comptroller in Mysore, suggesting that the cash balances of Taluk Treasuries may be verified by the Jamabandi Officers oftener, was forwarded to the Deputy Commissioners of Districts for guidance.	3rd do	
11	The Deputy Commissioner, Kolar District, was requested to explain certain discrepancies in his statement of takavi advances during the years 1877—78 and 1878—79.	Do do	
12	Sanction was accorded to the supply of 5,000 copies of a form of statement accompanying the records of revenue sales to the Deputy Commissioner, Kolar District, for distribution to the Amildars and Deputy Amildars of his District and the cost was, as proposed by the Deputy Commissioner, ordered to be met from the Taluk and Sub-Taluk contingent allowances.—Communicated to the Deputy Commissioner, Kolar District, the Comptroller and the Superintendent, Mysore Government Press, with the form for compliance.	Do do	
13	A supplemental estimate submitted by the Superintendent, Government Gardens, Bangalore, for Rs. 462 for the up-keep of the compound and gardens attached to the Dewan's official residence near the Palace of Bangalore, was sanctioned and returned to the said Superintendent.—Communicated to the Comptroller.	Do do	
14	The recommendation made by the Inspector General of Police in Mysore to extend the period allowed for the Dafadars and Constables attending the Head quarters Police School from 3 to 4 months and to allow the Police Officers attending the school to draw house rent for the additional month, was sanctioned.—Communicated to the Inspector General of Police and the Comptroller.	Do do	Chief Commissioner's Circular No. 1152—39, dated 8th March 1880.
15	The Deputy Commissioner, Chitaldroog District, having solicited sanction for the grant of a sum of Rs. 60 to be paid to certain Vaddars as compensation for removing the shrine in the Holalkere Taluk, (which was required by the Chief Engineer and Agent of the Southern Mahratta Railway Company, Dharwar), sanction was accorded to the same from the General Muzrayi Surplus Fund.—Communicated to the Deputy Commissioner, Chitaldroog District and the Comptroller.	Do do	
16	Petition No. 199, dated 27th April 1888, from Narasappa, late Mutsaddi, Shimoga Distillery, praying that his pension pay may be granted in advance from the date of his retirement in anticipation of sanction to his pension application, was forwarded for disposal to the Comptroller in Mysore, with a request that the pension papers of the petitioner which were received in his office might be submitted to this office duly verified together with a report at an early date.	4th do	
17	The Deputy Commissioner, Hassan District, having submitted for sanction two bills, one for Rs. 10—3—0 and the other for Rs. 6—1—4 on account of the arrears of pay due to certain muzrayi servants of the Arsikere and Channarayapatna Taluks, respectively, the bill for Rs. 10—3—0 was sanctioned and forwarded to the Comptroller for audit and the other bill for Rs. 6—1—4 was returned unsanctioned to the Deputy Commissioner with certain observations.	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
18	A copy each of docket No. 1123, dated 19th March 1888, from the Superintending Engineer to the Executive Engineer, Hassan Division, interdicting again the construction of Musafar-khanas from District Funds and stating that provision will be made in the Provincial Budget for 1888-89 for as many Musafar-khanas required as the grant will admit, was forwarded to the Deputy Commissioners of Districts.	5th May 1888.	2nd March 1888, Part II, F.
19	The Deputy Commissioner, Bangalore District, having submitted for sanction a statement for Rs. 1,902—6—0, being the amount of compensation to be paid to certain ryots holding lands under the Kempambudhi tank in the Agara Hobli of the Bangalore Taluk on account of loss of crops for the years 1885—86 and 1886—87 owing to the reservation of tank water for the Distillery, sanction was conveyed to the same.—Communicated to the Comptroller.	Do	do
20	In forwarding a copy of letter No. 161, dated 13th April 1888 from the Comptroller in Mysore, the Assistant to the Resident was informed that the Comptroller reported that the sum of Rs. 387—5—0 being the cost incurred by the Commissioner of Police, Calcutta, on account of certain Mysore convicts released from Port Blair, was remitted to the Resident's Treasury on the 24th March last.	Do	do

MILITARY.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MAY 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	In regard to the introduction of the proposed scheme for the re-organization of the establishments attached to the Silahdar Riding Schools at Bangalore and Mysore, the Military Secretary was requested to state whether he would propose any revised arrangements in lieu of those already recommended by him owing to the appointment of Mr. Deseraj Ars to the Local Military Service.	1st May 1888.	
2	The Assistant to the Resident in Mysore was informed that a copy each of the two returns showing the strength of the Mysore Horse and Infantry for the month of April 1888, was posted to the Quarter Master General and Adjutant General of the Madras Army respectively and that a duplicate copy of the same was forwarded for his information.	2nd do	
3	The proposals made by the Military Secretary for the maintenance of harness horses in the Mysore Force, were approved with certain observations. His proposal to debit the savings of the Military Budget for 1887—88 with the extra expenditure in the purchase and keep of harness horses during the past year, was also approved. —Communicated to the Military Secretary and the Comptroller.	9th do	
4	The loan of Rs. 761—8—0 from the Chanda Fund for the officers of the 2nd Regiment at Bangalore to enable them to purchase lands adjoining the ground recently acquired by the Public Works Department for the construction of Silahdar lines for building dwelling houses at their own expense, was sanctioned. It was also directed that the amount should be repaid by 10 monthly instalments of Rs. 76—2—0 from the pay of the officers to whom the loan was advanced and that the houses should be built within a reasonable time according to a suitable design approved by the Military Secretary.—Communicated to the Military Secretary and the Comptroller.	10th do	
5	A copy of letter No. 1509—1668 of the 3rd instant, from the Assistant to the Resident in Mysore, intimating the sanction of the Madras Government for the supply of 20,000 percussion caps and 200 lbs of gunpowder required for the Mysore Barr Force, was forwarded to the Military Secretary for information.	11th do	Part II, General, 17th March 1888.
6	The original letter No. 1741—2208, dated 19th instant, from the Assistant to the Resident in Mysore, intimating the sanction of the Madras Government to the supply to the Mysore Darbar on payment certain articles required for the proposed Gymnasia at Bangalore and Mysore in connection with the Mysore Local Force, was transferred to the Secretary, Military Department, for information.	21st do	
7	The Military Secretary having reported that the Barr Recruits had no place at Mysore to practise ball firing except at the butts belonging to the Bangalore Rifle Volunteers below the range of the Chamundi Hills and that the Commandant permitted the use of the butts on condition of an annual payment of Rs. 60 for meeting a portion of the cost for the maintenance of the range, and having solicited sanction thereto, the Government accorded sanction to the same until further orders. The Military Secretary was also requested to provide the Recruits at Mysore with a range of their own in due course. —Communicated to the Comptroller.	21th do	
8	In forwarding copy of letter dated 28th instant from Mr. W. J. Evans, Sub-Agent of the Madras Bank, Mysore Branch, the Military Secretary was enquired whether the monthly Military escort could be spared conveniently, and if so, at what cost.	30th do	
9	The Military Secretary having solicited sanction to a supply of four dozens of clipping machines for the Silahdar Force, sanction was conveyed to the same.—Communicated to the Comptroller.	Do do

PART I.

GENERAL.

Proceeding of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 21st June 1888.

READ THE FOLLOWING PAPER,—

Letter No. 716, dated 12th June 1888, from the Senior Surgeon and Sanitary Commissioner with the Government.

No. 1962-71—CIR. 48, DATED BANGALORE, 21st JUNE 1888.

ORDER THEREON.—The Senior Surgeon and Sanitary Commissioner with the Government brings to notice the occasional conflict of opinion between him and the Deputy Commissioners in the matter of priority as regards construction of Dispensaries in the several stations, now unprovided for. The question is one for the decision of the Deputy Commissioner and the Senior Surgeon and Sanitary Commissioner after careful enquiry into the claims of each station. The best plan would be for the Senior Surgeon to consult all Deputy Commissioners and draw up a list of Dispensaries required and the order in which they should be undertaken. Such a list when approved by the Government will be recorded in the Public Works Department, and copies communicated to each District.

2. As regards Dodballapur and Channapatna, in point of health, the latter would deserve prior consideration, but as the Senior Surgeon reports there is a building in this station, the construction of a Dispensary at Dodballapur may be first undertaken.

3. The recommendation on behalf of Gubbi and Pavagada is approved; one being undertaken this year and another if possible next year.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon, with original correspondence received from him.
The Secretary, Public Works Department.
The Deputy Commissioners of Districts.

PART I.

PUBLIC WORKS.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 7th June 1888.

READ THE FOLLOWING PAPER :—

Order No. 2802—33, dated Bangalore 23rd July 1884, and Note thereon by Public Work Secretary, dated 19th May 1888.

No. 2605-35—510-40, DATED BANGALORE, 7TH JUNE 1888.

ORDER.—The minimum limit for rents recoverable from Government officials as per Clause (1) para 2 of the above quoted order, having been found to press unduly on those in receipt of small salaries, whilst the maximum limit is unduly liberal to higher officers, the following modification of the Clause is now ordered :—

In lieu of the concluding sentence, which runs "This amount is subject to the maximum and minimum limits of Rs. 20 and Rs. 2 per mensem respectively" *read*—

This amount will be as follows, every fraction of a rupee less than half a rupee being taken as half a rupee in the results arrived at in calculating the percentages.

On salary of Rs. 15	3 per cent Rent	$\frac{1}{2}$ rupee.
20	"	1 "
30	"	1 "
40	"	$1\frac{1}{2}$ "
50	"	$1\frac{1}{2}$ "
120	"	4 "
620	"	19 "
750	"	$22\frac{1}{2}$ "
1,000	"	30 "

Salaries intermediate between the above to be calculated on the same principle. No rent to be charged to those in receipt of salaries under Rs. 15.

Effect to any increase of rent due under the above rule, shall be given from 1st October 1888.

C. BOWEN, LIEUT.-COL., *R. E.*,
Secretary to the Government of Mysore,
Public Works Department.

To —The Chief Judge of Mysore.
The Military Secretary.
The Chief Secretary.
The Education Secretary.
The Survey Superintendent.
The Superintendent of Forests, Government Farm, Mysore.
The Inspector General of Police.
The District Judge, Nagar.
The Do Mysore.
The Deputy Commissioners of Districts.
The Comptroller.
The Examiner, Public Works Accounts.
The Anche Bakshi.
The Executive Engineers of Divisions.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF JUNE 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	Approval was conveyed to report of the Chief Judge in Mysore to the effect that, as the leave for Munsiff E. C. Sivagnanam Pille of Shimoga was urgently wanted, he, in anticipation of sanction, permitted the Munsiff to leave the station making over charge of the court to Mr. Rama Rao, Public Prosecutor.	1st June 1888.	26th May 1888, Part II, J.
2	A bill submitted by the Deputy Commissioner, Kolar District, for Rs. 148—6—7, being the amount of decree together with court costs payable by Government in the suit brought by one Honnamma against the Amildar of the Chikballapur Taluk, in connection with the sale of Jodi Andarlahalli village in the same Taluk, was sanctioned and forwarded to the Comptroller for audit, and the Deputy Commissioner, Kolar District, was requested to report regarding the amount due by the mortgagors.—Communicated to the Comptroller.	Do do	26th July 1887, Part II, R.
3	In forwarding a copy of letter No. 58—55, dated 22nd May 1888 from the District Magistrate of Chitaldroog, the Officiating Chief Judge in Mysore was requested to favor his opinion as to the expedency of investing Mr. Tirunaramachar, Munsiff and Treasury officer at Chitaldroog, with the powers of a Magistrate of the 1st Class.	2nd do	
4	A license granted under the Indian Arms Act in favor of Messrs. Oaks and Co., Madras, was duly countersigned and forwarded to the District Magistrate, Mysore.	7th do	
5	In forwarding certain papers in connection with a case of grievous hurt under Section 325 of the Indian Penal Code, the Assistant to the Resident in Mysore was requested that a warrant might be issued for the arrest and surrender of the accused Ramangauda, residing at Gadaiga, Dharwar District.	Do do	
6	Two licenses granted under the Indian Arms Act in favor of Venkataramanashetti of Basavapatna and Pattu Sahib of Halkur, were duly countersigned and returned to the District Magistrate, Hassan.	Do do	
7	In forwarding for information the correspondence between the District Magistrate of Shimoga and this office regarding the temporary arrangements to be made for the duties of Public Prosecutor during the employment of Rama Rao as Acting Munsiff, the Chief Judge in Mysore was informed that the appointment of a Public Prosecutor by the District Judge would seem, under the Code of Criminal Procedure, to convey to the person appointed, no legal power to represent the Government, that in cases of exceptional emergency such as the present the duty of making arrangements for prosecution of criminal cases would ordinarily devolve on the Magistrate of the District and that, however, under the circumstances of the present appointment, Mr. Sundram Iyer would be formally appointed to act as Public Prosecutor with effect from the date on which he assumed charge of his duties.—Communicated to the District Magistrate of Shimoga.	9th do	26th May 1888, Part II, J.
8	A license granted under the Indian Arms Act in favor of Kempachari was duly countersigned and returned to the Deputy Commissioner, Tumkur District.	11th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders
9	Two licenses granted under the Indian Arms Act in favor of Govinda Chetti and Abdulla Sahib, were returned to the Deputy Commissioner, Mysore District, duly countersigned.	11th June 1888.	
10	A bill submitted by the Inspector General of Police for Rs 19—0—1, being the cost incurred in getting depositions copied for the use of the Police Assistant Commissioner in the case of Government vs. Goralreddi, on the file of the 1st Class Magistrate, Kolar, was sanctioned and forwarded to the Comptroller.	12th	do
11	A license granted under the Indian Arms Act in favor of Messrs. Arbuthnot and Co., Agents, South-East Mysore Gold Company, Madras, was forwarded to the District Magistrate of Kolar duly countersigned.	Do	do
12	A bill submitted by the Deputy Commissioner, Mysore District, for Rs. 6—8—0, being the cost of execution incurred by Government for recovering the court costs from defendant Nanna Miya in the pauper suit filed by Muradi Bi, was sanctioned and forwarded to the Comptroller for audit.	Do	do
13	The following notification was gazetted :— With reference to Notification No. 497 of the 26th May 1888, Sundram Iyer, Advocate, is appointed to act as Public Prosecutor, Shimoga, during the employment of Rama Rao on other duty or until further orders —Communicated to the District Magistrate of Shimoga.	Do	do
14	A copy of letter No. 1863—2838 of the 4th instant from the Assistant to the Resident in Mysore, stating that an extradition warrant cannot at present be issued against the accused Shetti, was forwarded to the District Magistrate, Hassan.	Do	do
15	Three licenses granted under the Indian Arms Act in favor of Abdul Karim, Basappa and Durga, were duly countersigned and returned to the District Magistrate, Shimoga.	Do	do
16	Under Section 401 of the Criminal Procedure Code, the remission of 2 months and 5 days of the sentence passed upon convict Shek Imam No. 3421, and of 2 months and 15 days of the sentence passed upon convict Parvataiya No. 6144, of the Central Jail, and their release on the 27th and 20th June 1888, respectively, were sanctioned.—Communicated to the Inspector General of Prisons, Mysore,	13th	do
17	The following order was communicated to the Inspector General of Prisons in Mysore and the Superintendent of the Mysore Jail :— "In honor of the birth of a Prince on the 15th instant, His Highness the Maharaja is pleased to direct that as an act of clemency, the prisoners named in the accompanying list undergoing imprisonment in the Mysore Jail be set at liberty on the morning of Saturday the 16th June 1888."	14th	do
18	In returning the summons together with postage stamps of the value of Rs 1—0—6, the Assistant to the Resident in Mysore was informed that owing to the absence of the party, *viz.* Hayagrivachar at Dharwar, the summons could not be served on him in time and that on subsequent enquiry it was ascertained that he is now living at Holehonnur in the Shimoga Taluk of the Province and was requested that the date in the summons might be caused to be altered and retransmitted to this office for service.	Do	do
19	A copy of letter No. 621—137. dated 11th instant and of its enclosure, from the Inspector General of Police in Mysore, together with the original certificate, regarding a case containing 2 sample carbines for the use of the Mysore Police Force, was forwarded to the Assistant to the Resident with a request that the certificate may be countersigned and returned to this office.	Do	do

	Subject and Order.	Date of Order.	Date of previous Orders.
0	Copy of letter No. 1825—848, dated 30th ultimo, from the Assistant to the Resident in Mysore, intimating that the time allowed in license No. 1639—848, dated 9th May 1888, has been extended up to 9th July 1888, was forwarded to the District Magistrate of Mysore.	14th June 1888.	
21	A license granted under the Indian Arms Act in favor of Gulam Mohadin Saibdalli of Hassan, was duly countersigned and returned to the District Magistrate of Hassan.	Do do	
22	The following order was communicated to the Inspector General of Prisons in Mysore:— "In honor of the birth of a Prince, His Highness the Maharaja is pleased to direct that as an act of clemency, the prisoners named in the accompanying list undergoing imprisonment in the Central Jail at Bangalore be set at liberty on the morning of Saturday the 16th June 1888."	15th do	
23	A bill submitted by the District Magistrate of Bangalore for Rs. 3—12—3 paid from the contingencies allowed to the Town Magistrate's Court on account of cart hire and batta for 2 prisoners arrested in the British Territory and brought before the said court in Criminal case No. 239 of 1888, was sanctioned and forwarded to the Comptroller.	18th do	
24	In forwarding a copy of letter No. 97 of the 9th instant together with its enclosures from the District Magistrate of Kadur, the Assistant to the Resident in Mysore was requested that the necessary enquiries might be caused to be made in South Canara regarding the relatives of the two deceased persons, *viz.*, Bhovera Annappa and Mahrati Govinda.	Do do	
25	The returns of sick prisoners in the Jails of the Province of Mysore for the month of May 1888, were forwarded to the Assistant to the Resident in Mysore for transmission to the Sanitary Commissioner with the Government of India.	19th do	
26	In reply, the Deputy Commissioner, Chitaldroog District, was informed that a warrant was issued for the arrest and surrender of the accused Ramanganda, who stands charged with the offence of grievous hurt.	21st do	
27	In *modification* of the orders conveyed in Dewan's Proceedings No. 536-8—24, dated 25th April 1888, the monthly advance of Rs. 2,000 sanctioned for the purchase of raw materials for the Mysore Jail was reduced to Rs. 1,000 in consideration of the contemplated reduction in the number of convicts to be kept in the said Jail.—Communicated to the Inspector General of Prisons and the Comptroller.	Do do	
28	A refund bill submitted by the District Magistrate of Tumkur for Rs. 5 on account of fee for the execution of a warrant issued by the Head Assistant Magistrate of Nilgiris, was sanctioned and returned to him.—Communicated to the Comptroller.	22nd do

Chief Secretary.

PART II.

REVENUE.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF JUNE 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	The Deputy Commissioner, Mysore District, was requested that the statements of coffee and cinchona cultivation for the past year might be forwarded by the return of post.	1st June 1888.	
2	The Deputy Commissioner, Hassan District, was requested that the statement of cinchona cultivation for the past year might be submitted by the return of post.	Do do	
3	Ramanna and others of Devalapur in the Tumkur Taluk having appealed to this office against the order of the Deputy Commissioner, regarding the Patelship of that village, it was, with certain observations, directed that in reversal of the Tumkur District Assistant Commissioner's orders, the plaintiffs' suit was dismissed and that Virappa's sons were declared to be the hakdars for the Patel.—Communicated to the Deputy Commissioner, Tumkur District.	Do do	
4	The Deputy Commissioner, Bangalore District, having reported that as the village of Gangamuttanahalli in the Devanhalli Taluk had been built on a new site about a furlong from the old village, the villagers constructed a new temple in it where they desired to remove the Anjanaya idol from the mantap in the old site, and solicited sanction for the same, sanction was accorded to it.	Do do	
5	Sanction was accorded to the grant of 1 acre and 30 guntas of land out of Survey No. 33 in the Gundalgurki village of the Chikballapur Taluk to one Sankaranarain Rao, in exchange of his personal inam land taken up for Railway purpose in the village of Bairesettihalli of the Nelamangala Taluk, on the understanding that the jodi and quit-rent hitherto paid by the inamdar on the inam land in the Nelamangala Taluk would be continued to be levied from him on the land now assigned to him in the Chikballapur Taluk.—Communicated to the Deputy Commissioners of Kolar and Bangalore Districts and the Survey Superintendent.	Do do	
6	Sanction was accorded to the restoration of the Talvar inam land bearing Survey No. 24 measuring 4 acres and 6 guntas and assessed at Rs. 2—4—0 to Talvar Girya of Chigerhalli, Koratagere Sub-Taluk, who had deserted the village during the famine and subsequently rejoined it.—Communicated to the Deputy Commissioner, Tumkur District, and the Superintendent of Inam and Survey Settlements.	Do do	
7	The papers submitted by the Deputy Commissioner, Kolar District, in connection with the alienation of certain lands required for extending the town of Bowringpet, were returned to him for further report and re-submission with the plan of the lands and certain other particulars.	Do do	
8	A copy of letter No. 110, dated 21st May 1888, from the Deputy Commissioner, Tumkur District, reporting on the petition of Baber Ali Beg, Private No. 884 of the 1st Madras Pioneers, claiming certain lands in the Sira Taluk, was forwarded to the Assistant to the Resident for the information of the Resident.	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Order.
9	The Deputy Commissioner, Tumkur District, having recommended that the wet inam land bearing Survey No. 62 measuring 4 acres and 7 guntas and assessed at Rs. 32 under the Maidal Amani Tank, Tumkur Taluk, owned by one T. PUBLIC WORKS.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF JUNE 1888.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	Miscellaneous.		
1	With reference to the project for constructing a bridge on the 27th mile of the Chitaldroog-Benkipur road, the Deputy Commissioner, Chitaldroog, was informed that the portion of the road which is to the west of Holalkere is never likely to become an important railway feeder; that the traffic from Shimoga would all reach the railway at Ajjampur and not at Holalkere; that the Channagiri-Holalkere section of the road will be a most unimportant railway feeder serving Channagiri; and that on the other hand, the Holalkere- Chitaldroog section would be much more important, also that the Government considers it highly desirable that the latter section should at once be put into a condition of thorough efficiency. That if the Local Fund Board, after due consideration of these facts, still desire the bridge, the Government will not oppose it, as the work will be of some local use.—No. 2594—506.	7th June 1888.	
	Irrigation.		
1	The Deputy Commissioner, Kolar District, was informed that the Government has sanctioned the Hebbatta Tank, Serial No. 324 of Ramsagara Series, being restored as a "Vaddu" with weir level at 48·00, the ryots being allowed to have temporary turfing for another foot, or to R. L. 49·00 at the end of the season; and that the Executive Engineer will be instructed to have the work carried out as soon as possible.—Communicated to Executive Engineer, Kolar.—No. 2591-92—504-5.	7th June 1888.	
2	A rough estimate for constructing a new reservoir across the Papagni near Devaganhalli in Sidlaghatta Taluk, was forwarded to the Executive Engineer, Kolar Division, provisionally sanctioned by Government for Rs. 60,985, with a request that a proper detailed project may be prepared and submitted as soon as possible.—No. 2668—551.	11th do	
	Establishment.		
1	With reference to the Notification by the Government of Madras, Public Works Department, No. 316, granting Lieutenant-Colonel C. Bowen, R. E., promotion to Superintending Engineer, 2nd Class, the Assistant Resident was informed that, under the terms of Government of India Resolution No. 441, dated 20th March 1885, the Mysore Darbar has consented to Lieutenant-Colonel C. Bowen, being given a local step to 1st Class, with effect from the 8th June 1888, and he was requested to obtain the sanction of the Government of India to the same.—No. 3000—601.	27th June 1888.	

BANGALORE,
30th June 1888.

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Govt. of Mysore,
D. P. W
